A man by the name of Sol Ramey was killed, last week, in Oconee County by a man by the hame of Higgins. Higgins was also wounded by Ramey. It appears that Higgins acted in self defence. Two of Rameys brothers and another man who were with him when he was killed, are in jail at Walhalla. Higgins has also been committed to jail.

Col. J. E. Hagood has collected samples of fifty-five varieties of the native wood from the forest of this County, which he proposes to turn over to Col. Butler for exhibition at Atlanta, next month. The samples were all procured on Nine Times and Little Eastatoe creeks. These samples of our forest resources will be the best advertisement that could possibly be given the County, and Col. Hagood deserves great credit for the enterprise he has exhibited in the matter.

#### A Self Made Man.

About ten years ago there was ploughing upon the hillsides in Hunterdon County, New Jersey, a poor barefooted boy. He was one of a large family and stood but a small show for a share of this worlds joys. He was forced to leave the paternal roof and seek his own support. He had the true American plack and strove manfully to make his mark in the world. How well he has succeeded will be understood when we state that he has become to-day one of the largest and most inflaential manufacturers in this country. Alone he mapped out a career which already shines conspicuously among the many examples of the self male men of our times. His name is the Hon. Daniel F. Bealty, Mayor of Washington N. J., and it has become a household word throughout the length and breadth of this land. His unnided enterprise has been prodigious-his sucs cess phenomenal. He manufactures and sells direct to the people from his mammoth factory at Washington, N. J., upwards of one thousand cabinet organs every month. His establishment exceeds in size any similar factory upon the globe, and he is rapidly becoming one of the greatest benefactors of the race, for he has abolished middlemen's and all extortionate profits and by reason of a vast tende he produces instruments very economis cally and sells them at a small margin above actual cost. The organ and piano shown in an advertisement in this issue is of his newest styles and is meeting with a wonderful sale. It should be ordered at once if desired for a holiday present as Mayor Beatty has an immense trade, and has "to crowd his factory to its utmost to fill orders Roaders should remember that Mr. Bentty is thoroughly responsible and guarantees everything as represented. He has been three times elected Mayor of his own city which is a proof positive that he is honored and respected at his home.

BREVARD, N. C. Sept. 20, 1881. MR. EDITOR-The citizens of Transylvana County, in meeting assembled, in Court House in Brevard, Col. W. W. Jones was called to the chair and J. A. Forsyth requested to act as scoretary.

Col. W. W. Jones addressed the meeting in stirring language, in regard to many advantages to be enjoyed by a Railroad running through this lovely Valley. Drawing a beautiful picture of the future in store for the citizens, the enhancement of all prosperity in store for Western North Carolina, the development of all of our abundant resources, the opening up of all the mining wealth. He was loudly and long appladed.

T. F. Davidson followed and was greeted with great applause. His remarks were forcible and pointed, showing that he was thoroughly informed on all points connected aforesaid, the plaintiff in this action will ap-with our concemplated Railroad, and that his ply to the Court for the relief demanded in with our contemplated Railroad, and that his heart was fully in the glorious work. Much enthusiasm was manifested from time time. The people are all aroused to the importance of the work.

Col. J. H. Duckworth, next addressed the meeting, and for a considerable time held the undivided attention of all in the house. On motion, the Secretary was ordered to

notify the parties appointed to open books, of to report to the Secretary by next meeting. There being no further business, the meet-

ingadjourned. W. W. JONES, Chairman.

Is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never medicine as yellowly a symptom of the public of the pu produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grabs, Fustules, Blotches, Bolis, Tumors, Tetter, liumors, Satt Etheum, Scald-head, Ring-worm, Utcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Kemale Weak-nesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emeciation, and General Debility. impure blood. It cures Scrofula and

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derangement and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair who will give AYER's SARSAPARILLA a fair trial.

It is folly to experiment with the numerous low-priced mixtures, of cheap materials, and without medicinal virtues, offered as blood-purifiers, while disease becomes more firmly seated. Aver's Sarsaparilla is a medicine of such concentrated curative power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and pre-scribe it. It has been widely used for forty years, and has won the unqualified confidence of millions whom it has benefited.
