LOCAL ITEMS.

Dr. Riley returned home last week after a pleasant visit to friends in North Carolina.

The Township Boards of Equalization were in session at the Auditor's office last week.

Little Eddie, son of Judge Durant has been quite low with fever, but we are gratified to learn that he is improving.

The meeting at the Methodist church at this place was protracted last week, but there were no additions to the church.

We were pleased to meet Mr. T. F. Riley of the Saluda Argus in Pickens last week.

The exercise of the Piedmont Institute will commence on the first Wednesday in September, next.

Good rains have fallen in some sections of the County since our last issue, but other sections are still dry and suffering very much for the want of rain.

W. G. Humphreys is in town with a first class picture gallery—he is doing good work. Call and see him.

We direct attention to the advertisements of Thomas Welborn and T. W. Taylor in this issue, offering valuable lands for sale in this County.

Maj. A. H. Moon also offers a very valuable and desirable tract near Liberty Station.

Miss John L. Thornley and her sister, Miss Lizzie, have gone to Virginia on a visit to the family of the Rev. J. McL. Seabrook. Miss Lizzie will remain in Virginia with her sister, Mrs. Seabrook, indefinitely, which her many friends in Pickens regrets very much. We wish them a safe trip and pleasant visit.

A piece of new road this side of Twelve Mile creek, near Mr R. A. Bowen's, will receive the early attention of the road workers. The road has been located upon much better ground than it was before the change was made, but until the stumps are taken out it will be more difficult to travel. Let the stumps be taken out and the traveling public will thank you for it.

Rev. J. B. Strong of Walhalla, preached some very interesting sermons in the Methodist church at this place on last Sunday. He preached a very impressive sermon in the morning after which the duties of the officers of the church were performed, at the conclusion of which the following additional deacons of the church, to wit: Messrs. J. P. Cary, J. McD. Hagood and W. B. F. Taylor, were elected and duly installed in office.

The County Board of Equalization meets the first Tuesday in August instead of Monday, as heretofore. J. B. CLYDE, Auditor.

If the existence of worms in the intestines darkens the complexion, is it not reasonable to suppose that their presence will ruin health? Shriner's Indian Vermifuge will destroy and expell them from the body.

CORN FERTILIZER.—Ashes, plaster, cotton seed, and woods mold composted in the following manner, will make an excellent fertilizer for corn:

4 bushels of ashes.
1 bushel of land plaster.
20 bushels of cotton seed.
10 bushels of wood mold.

A pint of the above mixture to a hill of corn would have a wonderful effect, and we are told that those who have tried it, have made 30 bushels of corn to the acre off of the poorest land. *Try it next year and report.*

Postmaster General Gresham says he thinks all Southern Republicans [illegible] much talking in the neighborhood.' Such a rule universally applied would thin out our churches very much.

The opponents of Samuel J. Randall, by their continued abuse, are going to elect him Speaker of the next House of Representatives. Mark this.

During a storm in New York on Monday twelve of the inmates of Bellevue Hospital, who were seated in the balcony enjoying the breeze, were prostrated by lightning. One of them was burned on the arm, and about half of the number were picked up unconscious. All were affected by the shock, although none were seriously injured.

Songs Never Sung.

"How does that verse run? Something like this, isn't it?

"There are who touch the magic string,
And noisy fame is proud to win them:
Alas! for those who never sing,
But die with all their music in them.'"

"Yes, that's beautiful, pathetic and true," said your representative. "The poet alludes to people who are somehow suppressed, and never get their full allowance of joy and air. Which reminds me of a letter shown me the other day by Hiscox & Co., of New York, signed by Mr. E. C. Williams, of Chapman, Snyder Co., Pa., a prominent business man of that place. He writes:

"I have suffered with asthma for over forty years, and had a terrible attack in December and January, 1882. I hardly know what prompted me to take PARKER'S TONIC. I did so, and the first day I took four doses. The effect astonished me. That night I slept as if nothing was the matter with me, and have ever since. I have had colds since, but no asthma. My breathing is now as perfect as if I had never known that disease. If you know of any one who has asthma tell him in my name that PARKER'S TONIC will cure it—even after forty years.' There was a man who escaped the fate of those whom the poet laments.

This preparation, which has heretofore been known as PARKER'S GINGER TONIC, will hereafter be advertised and sold under the name of PARKER'S TONIC. Inasmuch as ginger is really an unimportant ingredient, and unprincipled dealers are constantly deceiving their customers by substituting inferior preparations under the name of ginger, we drop the misleading word.

There is no change, however, in the preparation itself, and all bottles remaining in the hands of dealers, wrapped under the name of PARKER'S GINGER TONIC contain the genuine medicine if the fac simile signature of Hiscox & Co., is at the bottom of the outside wrapper. 43—4

PRYOR'S OINTMENT

IS A PERFECT AND SURE CURE FOR

Blind or Bleeding Piles, Hemorrhoids, Sores, Ulcers, Tumors, Itching of the Parts, Fistula, and all Kindred Diseases; also of Burns, Cuts, Felons, Fever Sores, Boils, Head, Tetter, Sore Nipples, etc.

ATLANTA, GA., Aug. 23, 1877.

After an experience of twenty-five years in medical practice, and a study that I have been trying to master all its effects, and knowing the ignorance of even educated physicians on ointments, and their ingredients, I have thought the most skilled in the world, especially to all formers of Piles only to the world, especially to all formers of Piles [illegible] I have thought the most effective field to [illegible] PRYOR'S OINTMENT.

READ THE TESTIMONIALS:

This is to certify that I have tried a Pryor's Pile Ointment in a case of piles, and never [illegible] more relief than by using it. I [illegible] their plate that I would apply for [illegible] parallel. I also used a few [illegible] feet of piles, but it [illegible] the first time I [illegible] more than momentary [illegible]. I consider Pryor's Pile Ointment entirely relieved from that distressing disease. JOHN D. NEAL, Troup County, Ga.

Having been afflicted for ten years, at intervals, with that distressing malady, the Piles, and after many ineffectual efforts to find a remedy for same, I commenced a short time since to use Pryor's Pile Ointment. I experienced immediate relief. From the relief experienced, and the cure effected, and from the reputation so rapidly acquired by your Ointment in this vicinity, I have no hesitation in expressing the opinion that it is the most efficient remedy for piles ever invented. O. A. BELL, LaGrange, Ga.

This is to certify that I used Pryor's Ointment in a case of severe burn, and health in a very few days it was entirely relieved of all inflammation, and healed rapidly. After the first application of the Ointment, the pain was relieved so pain whatever. R. J. MORGAN, LaGrange, Ga.

By the advice of Mr. Wynn, I used your Pile Ointment on a servant girl who had been suffering for eight years with a most aggravated case of piles. She improved from the very first day's use of your Ointment, and before using the box she was entirely recovered. G. W. FOSTER, Cusseta, Ala.

This is to certify that I have used Pryor's Pile Ointment, and say that it is, in my opinion, the best remedy for piles ever presented to the public. I say this from a positive application of the remedy on my own person. THOS. B. HOGG, Troup County, Ga.
