MOTHER'S FRIEND!

One of the greatest comforts to those expecting to be confined is a remedy upon which implicit con fidence can be placed—one that will produce a safe and quick delivery—one that will control pain and shorten the duration of labor. Such is "THE MOTH-ER'S FRIEND." Tryit and see what

A Illeseing it is to Suffering Females. This Liniment when used two or three weeks before confinement, produces a wonderful effect,
causing a very easy and quick labor, with comparstively little pain, and leaves the mother in a condition to recover quickly -or in other words to have
a good getting up. Under its use, labor will ordinarily occupy much less than the usual time and
the suffering be diminished beyond expression.

The condition for which this ramedy is offered in
of such r-baracter as to forbid a long array of certificates. Those interested in its use are respectfully referred to the hundreds who have used it.

KEAD THE TESTIMONY A. READ THE TESTIMONIALS:

I most carnestly entreat every female expecting to be confined to use the "THE MOTHER'S FRIEND." Coupled with this entreatty, I will add that during a large obstetrical practice (forty-four years), I have never known it to fail to produce a sale and quiel, delivery.

II. J. HOLMES, M. D., Atlanta, Ga.

A lady from one of the counties of Middle Geor-cia, who has been acting as midwife for many years, writes: "I have disposed of all Tage Morri-er's Friend you sent me, and a m DELIGHTED WITH IT. In every instance where it has been used its effects have been all that I could saig. I CONSIDER IT A GREAT BLESSING."

A gentleman writes: "My wife used your MOTHRE'S FRIEND at her fourth confinement, and her
testimony is that she passed through it with onehalf of the suffering of either of her former confinements, and recovered from it in much less time.
Ehe also recommended it to a ledy friend who was
about to be confined for the first time, and she
uays: 'I flav is NEVER SEEN ANY ONE PARS
THROUGH CHE GILLAT TRIAL WITH SO MUCH
RABE AND BO LITTLE SUFFERING.'"
The names of all these, and also often the first time, and she
