County Commissioners Meeting.

The County Commissioners met on the 6th of January, and besides issuing a few checks, they transacted a routine of business.

They ordered a survey of the road from this place by Rev. B. Holder to the Griffin church, and a survey to connect the Esley road with this one. Commissioners were appointed to lay it out, as follows: Matthew Hendricks, D. E. Hendricks and J. A. Gossett.

They called asking for changes on the Esley to Elias Day's place. The hearing of this petition until the next meeting for a road from Esley to W. Ford's, was filed at the February meeting and the petition asking for a road from Esley to Jones' which the changes asked for by special commissioners: J. A. Gossett, J. D. Keith, J. L. Ambler and J. B. R. Freeman.

The petition asking for changes on the road from W. M. Jones' to P. D. Duens' was heard and granted, and Matthew Hendricks, J. D. Keith and W. D. Hendricks were appointed special commissioners to lay it out.

The Commissioners are not paying out much money on account of the slow collections of the treasurer.

John T. Gossett.

John T. Gossett, one of the oldest, most substantial and respected citizens of this county, died at his home on the 9th inst., after a short illness at the age of 85 years. He came to this county from Spartanburg about fifty years ago, when he came here as a renter. By his energy and industry and good business sense, he soon accumulated good property. He held several public positions, and for four years was County Commissioner of this county. He was a brother-in-law of the late John Leavess, who died many years ago. He leaves one child, John R. Gossett, Esq., of Esley, and several grandchildren. Two of his daughters, Mrs. W. M. Keith and Mrs. Gleazer are dead. He was a consistent member of the Methodist church for many years, and took a great interest in churches. He was generous, charitable and kind-hearted, and his death will be mourned by many kindred and friends.

Where to Read Them.

If you want medicine, send for a doctor, if you want law, if you want law, if you want news send for the paper that prints it up and prints it; if you want an man, buy one, the note will come due when the money begins. Do as you please. This is the greatest thing of the South American Continent. Never put on a collar with a ring to it, if you have to eat mud to keep from being hungry.

Every penny tells. You can get Salvation for twenty-five cents. Best in the market.

John B. Gough, the far-famed lecturer, excused himself to an audience because of a bad cold, then started for Egypt in the hope of getting rid of it. Egypt contains no more certain in its result than Dr. Bull's Cough Syrup.

To the Baptist Churches of the Twelve Mile Association.

Brother and sister, please send me some money for Brothers Craig and Nelson. We have undertaken to educate these young men and don't let us fail; but we can't do unless the churches help us. Who will be the first to respond to this call.

J. M. STEWART,
Chairman of the Twelve Mile Association.

The Inventive Age, published at Washington, D. C., celebrates its third anniversary by moving into its new quarters recently built for the especial use of that paper. This journal is now recognized as the faithful friend and guide of the American inventor, and one of the most valuable advertising mediums for patented inventions and manufactured novelties published in the world. It circulates in every State and Territory in the Union; it may be found in many of the homes in Canada, Mexico and the Central and South American States; it can be seen in nearly all U. S. Consulates scattered throughout the world, and a large number of the great public libraries of the United States keep it on file. Send to the Inventive Age, Washington, D. C., five cents in stamps and you will receive a sample copy and the "March of Invention," containing over 80 illustrations of epoch-making inventions.

Take Notice,
All persons indebted to me will please call and make settlement of their accounts at once. Settlement must be made before the first of February.

There is a possibility of the Cantwell case being re-opened. The governor realized to-day that the order of the supreme court was a mistake because the Senate has assented to Cantwell's removal on Friday, was so drawn by Cantwell's attorneys that Cantwell will draw his salary as supervisor of Charleston until the time of his dismissal by the senate, and was afraid it is understood he and the attorney general will endeavor to have the case re-opened and fought on its merit.—Daily News, 10th.

Business Notices.

The infant reason grows apace and calls for one more application on that good friend, Salvation Oil, which never disappoints but always kills the pain.

It is neither pleasant nor profitable to hear people constantly coughing when they could be easily cured by a 25 cent bottle of Dr. Bull's Syrup.

Don you want a new stove? Tiware of any kind, made from the best material, or source of the best and cheapest fuel, even offered in Dickens county? If so, go to Lewis & Morris', the popular corner store.
