THE CAMPAIGN OF EDUCATION.

Some weeks ago the County Alliance secretary Mr. Joel H. Miller published in the Journal that there would be a series of Alliance meetings held in the county for the purpose of educating and enlightening people on the [illegible] and [illegible] of the day. And it was announced, presumably with a good deal of [illegible] and pleasure, that Hon. C. [illegible] would [illegible] and wanted [illegible] Love [illegible] the editors [illegible] may be he [illegible] and obligaten us, [illegible] favorable [illegible] from [illegible] words not know.

[illegible] of the meetings [illegible] what we have to say about them is [illegible] information received from others [illegible] who have been and are [illegible] satisfied with the Tillman-Alliance [illegible]. In the first place were [illegible] going a success from an educational standpoint? The meeting at Cedar [illegible] was attended by about two or three [illegible] people. Of this number it is fair [illegible] assume that about one third of [illegible] ladies and children; and it [illegible] safe to say that about one third of the [illegible] and the meeting were ladies and children. At Oolenoy the crowd was estimated at two hundred and at Mountain Grove about seventy-five. We have not heard from Six Mile and Liberty but presume that the attendance would average [illegible] those at other places. With this [illegible] we contend that there were [illegible] assembled at these meetings. This is one third of the voting strength of the county. A part of these were probably [illegible] [illegible] perhaps [illegible] were not [illegible] [illegible] who went from [illegible] city. It would [illegible] all to [illegible] [illegible] the matter who [illegible] and [illegible] [illegible]. The style of education is nothing new. Every man, woman and child to [illegible] should read have read and heard of the subject matter of the speeches for several years in fact since the formation of the Ocala demands. That is the line of education. They discuss and [illegible] these demands until everybody knows them by heart. But what about the [illegible] meeting are [illegible] [illegible] Every speech as shown [illegible] attendance. There may be an [illegible] people are becoming tired of so much and want to see something [illegible]. They were made to believe that all of their misfortunes were caused by the State government and that the State was a band of political [illegible] and had been ruled by a set of thieves. They were told all such stuff as this and were promised that if they would elect Governor Tillman and a legislature to [illegible] that they would [illegible] [illegible] [illegible] [illegible] milk and [illegible] [illegible] would be abolished, [illegible] [illegible] [illegible] [illegible] and the [illegible] [illegible]. We know at the time that the [illegible] [illegible] get [illegible] [illegible] who could never have got [illegible] [illegible] other way. None of these things which were promised has been done and the people see it and realize it. They are satisfied that they have been duped and are very slow to hang on to [illegible] they are not sure of.

[illegible] are still keeping up fire in the same old strain but have shifted from the State to the National Government. They were told that if they [illegible] [illegible] Governor Tillman and let [illegible] the State of the politicians and political [illegible] they would be [illegible]. That is [illegible] nothing of State [illegible] [illegible] [illegible] [illegible]
