Ayer's Cherry Pectoral, SHAW'S COTTON SEED HULLER

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthras, and Consumption.

and Consumption.

Probably never before in the whole history of medicine, has any thing won so widely and so deeply upon the confidence of mankind, as this emelient remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of Croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the Cherry Pectoral. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the Cherry Pectoral they and the patient restored to sum freat protection from it.

Lathans is always relieved and often wholly cared by it.

protection from it.

Asthma is always relieved and often wholly cared by it.

Bronchitis is generally cured by taking the Charry Pectoral in small and frequent doses. So generally are its virtues known, that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure, For Fever and Ague, Intermittent Fever, Ohill Fever, Bemittent Fever, Dunie Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, march, or which arise

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the agua districts, are literally beyond account, and we believe without a parallel in the history of Agus mediche. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unscalimated persons, either resident in, or travelling through missmatic localities, will be protected by taking the AGUE CURE daily.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Billous Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. Aver & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

Coughs, Colds, &c. For the Speedy Relief and Permanent Cure of

Bronchitis, Astha Colds, And all Diseases of the

CONSUMPTION

THE EXPECTORANT is composed exclusively of Herbal and Mucilaginous products, which Permeate the very Substance of the Lungs causing them to throw off the acrid matter which llects in the Bronchial Tubes, and at the same time forms a soothing coating, relieving the ir-

itation which produces the cough.

The object to be obtained is to cleanse the organ of all impurities; to nourish and strength-en it when it has become impaired and enfeebled by disease to renew and invigorate the circulation of the blood, and strengthen the nervous organization. The EXPECTORANT does this to an astonishing degree. It is active but mild and congenial, imparting functional energy and natural strength. It affords Oxygen to vitalize the blood, and Nitrogen to assimilate the matter. It equalizes the "nervous influence," producing quiet and composure.

TO CONSUMPTIVES It is invaluable, as it immediately relieves the difficult breathing and harrassing cough which attends that disease. FOR ASTHMA

FOR CROUP No mother should ever be without a bottle of the EXPECTORANT in the house. We have numerous certificates of its having relieved, almost instantly, the little sufferer, when death appeared almost inevitable.

Keep it on Hand! This dread disease requires prompt action; as soon as the hoarse, hollow cough is heard, apply the remedy, and it is easily subdued; BUT THE DELAY IS DANGEROUS!

MOTHERS BE ADVISED!

The properties of the EXPECTORANT are demulcent, nutritize, balsamic, soothing, and healing. It braces the nervous system and propuces pleasant and refreshing sleep. It Exhilarates and Relieves Gloominess and Depression.

Containing all these qualities is a convenient and concentrated form, it has proven to be the MOST VALUABLE LUNG BALSAM over offered to sufferers from Pulmonary diseas-WM. H. TUTT.
