We have some remarks on the article of "Sumter," as it appears in our columns to-day, which want of space compels us to defer until next week. Meanwhile, we do not hesitate to say that the Convention to assemble at Columbia, on Tuesday next, should make some decided expression of disapproval of all violence and unlawful proceedings in the State.

SAD AND SUDDEN DEATH.

Our community was moved to painful sadness, on Sunday morning last, by intelligence of the sudden death of the lovely and estimable lady of Mr. E. L. SHERWOOD and only daughter of our old and estcemed citizen, WM CLARK. In common with the whole community, we extend our warmest sympathies.

DELICIOUS STRAWBERRIES.

Mrs. Thes. O. SANDERS bears the size and sweet, luscious flavor. For the liberal basket, with which we were complimented from her fair hands, on Tuesday last, we make our most graceful acknowledgments. The Irish Potatoes, accompanying,

THE MILITARY AT SUMTER.

Gen C. L. ANDERSON, Mai. Gen. Comd'g N. G. S. S. C., and Acting Adjutant General, accompanied by Lieut. Charles B. HINTON, commanding a detachment of fifteen men, of Co. I, 18th U. S. Infantry, arrived at Sumter a few days since. We are pleased to learn that these intelligent and gentlemanly officers have been received kindly by our citizens, who will cheerfully cooperate with them in conserving the peace and good order of the country. The men are camped on Academy Green. They exhibit indications of proper discipline and good treatment and in manner are quiet, orderly and respectful.

The "PAIN KILLER" may justly be styled the great medicine of the world, for there is no region of the globe into which it has not found its way, and been largely used and highly prized.—Moreover, there is no clime to which it has hot proved to be well adapted for the cure of a considerable variety of diseases; it is a speedy and sale remedy for burns, scalds, cuts, bruises, wounds and various other lejuries, as well as for dysentery, distributed and bowel complaints generally, it is admirably suited for every rate of men on the face of the globe.

It is a very significant fact that not with standing the long period of years that the "Paint Killer" has been before the world, it has sever last one whit of its popularity, but, on the contrary, the call for it has steadily increased from its first discovery, and at no previous time has the demand for it been as great, or the quantity made been so large, as it is to day.

Another significant fact is, the combust has the Pain Killer ever been in higher reputs, or been more generally used by families and individuals, thus it has been here at home, where its first discovered and introduced. That the Pain Killer will continue to be, what we have styled it, was cause among a real wormer.

The proprietors received their first idea of the value of this combination from the great success it obtained in the prevention and cure of Chills and Fever among the troops during the late war, who coming from all parts of the State to the Swamps and Ceasts of the Low Country, where it was thought almost certain death to sleep one night, and when by giving them Quinine in Whiskey, Severe were prevented and the bealth of our troops kept up to the highest standard.—
This formula has been greatly improved by the addition of our valeable Toule and restorative Heste and Roots combined with the best eliminate, pure Eye Whiskey.
