COURT.

After two weeks of arduous labor. on Saturday afternoon last. Judge Green exhibited an amount of

patience (yet decided readiness and dispatch) impartiality and ability, which show his finess for the bench.

The most important case-a case that largety occupied public attention and consumed four or five days-was the trial of Mr. D. G. Robertson, under indictment for perjury. E. W. Moise, Esq., with signal ability, managed the case, mainly, for Solicitor ATKINson, on the part of the State. The accused was ably defended by G n. J. B. KERSHAW and JAS. S. Physicians Use them in their Practice It is almost universally the case that Paysi cians condemn what are generally known as "Patent Medicines." Although Dr. Torr" LIVER PILLS IS NOT A PATENT MEDICINE, yet its composition (the result of years of study) i known only to himself, and so palpable are their valuable curative properties, that very many of the first Physicians in the South and West have adopted them in their practice, and recommend them to their patients.

Rev. Thos. O. Summers, D. D., Editor of the Nashville Christian Advocate, in an article Its INCREASING POPULARITY AND SALES on Darby's Prophylactic Fluid says: "It comes pearer taking the rapk of a . ### SPECIAL NOTICES.

The theory that the virus of disease can be safely counteracted by doses of poison, is false and dangerous. Within the last twenty-five years, not less than a score of virulent poisons have been added to the repository of the medical upply of all necessities in this direc- profession. They are given in small doses, otherwise they would destroy life immediately; but even in minute quantities, they produce, ultimately, very disastrous effects. It is unwise and unphilosophical to employ, as remedies, powerful and insidious drugs, which, in subjugating one disease, sow the seeds of another still more unmanageable. None of these terrible medicaments operate with as much directness and certainty upon the causes of disease as Buties of the office of Town Clerk and .Hostetter's Stomach Bitters, a tonic and corrective, without a single deleterious ingredient in its composition. Arsenic and quinia are given for intermittents; bremide of potassium for nervous disorders ; strychnine and prussic acid for general debility; mercury, in various forms, for liver complaint : preparations of chloroform and opium "Nolens volens," "I think we are in for for sleeplessness; and yet these deadly drugs do a short crop of cotton. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restring theblood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the weight of specific beyond the point of repair.
They are a Gentle Purgative as well as a

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonio Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Billious, Remittent and Intermittent Fevers, Disenses of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Viriated Blood, which is generally produced by derangement of the Diseastive Organs. of the Digestive Organs.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and im-parting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pautules, Boils, Carbuncles, Ring-Worms, Scald Head, Sove Eyes, Erysipeles, Itch. Bourfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitlated Blood whenever you find its impurities bursting through the skin in Pimples, Erup-tions or Sores; cleanse it when you find it obstructed tions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermitures, no anthelminites will free the system from worms like these litters.
