The sketch was read by the clerk, very much to the edification of the assemblage and the piling up of the lyfath of Leslic. When the reading was finished, the burning indignation of the irate Charles broke forth in lava streams of eloquence, which ought to have caused every copy of the offending newspaper, the object of his wrath, that came within its reach curl in cinders. It only, however, caused a few upper lips to curl with irrepressible smiles. He went into a long explanation to show what a persecuted individual he was, and how cunning THE MERCURY was, to slander, without offending the law.

The report of the Committee on the Executive Department of the Constitution was then taken up and section 1 passed to its third reading, the word "one" being changed to "two." Section 3 in relation to the division of Chareston and Pickens District was passed to a third reading. Ayes 79 nays 23, absent 19. MONDAY 24TH.

office or commission; except in the military, under this State, or any other power at one and the same time.

At this point of the proceedings Major-General Edward R. S. Canby, Commanding the Second Military District, entered the Club House, and of course, a great sensation was created among the slaves by the appearance of their royal master. They immediately voted themselves five minutes recess, to pay their respects to the General, and the incense which they offered up must have been agreeable on the extreme.

At the end of the recess business was resumd, and sections 4 to 14 inclusive were passed o, a third reading with little or no alteration. Duncan offered an amendment to section 20 requiring the oath of office to be taken, which was adopted, and the section so amended was passed to its third redding.

Section 21 was passed to its third reading. Bowen offered a substitute for section 22, which was adopted, providing for a veto by the governor, and the overruling of the veto by a vote of two-thirds of each branch of the Legislature; also requiring the governor to send in his objections in three days, unless an adjournment prevented, and then within two days after the commencement of the next session.

Section 7 of the report of the Committee on he Judiciary, was then taken up and the word 'county" substituted for "district.".

The Chair announced the following Special Committee of nine on submitting the constitution to the people," and providing for an election of State officers:
