

SCRAPS OF WISDOM.—On the back of an advertising card, published by a member of the Society of Friends, we find the following excellent advice:

"Plant no more trees or bushes than you can take care of. Get the best, and then look after them every day. Keep your home and grounds in repair. The appearance of a home indicates the character of the occupant. Only ten minutes every day is an hour every week, and over four days in a year. Half this time would make many a front yard look attractive.

"If you cannot speak well of your neighbors do not speak of them at all. A cross neighbor may be made a kind one by kind treatment. The true way to be happy is to make others happy. To do good is a luxury. If you are not wiser and better at the end of the day, that day is lost. Practice kindness, even if it be but little each day. Learn something each day, even if it be to spell one word. Do not seem to be what you are not, but what you ought to be. Learn to control your temper and your words. Say nothing behind one's back that you would not say to his face.

"Money spent for ardent spirits and tobacco is worse than thrown away. Do not eat too much meat, and you will be healthier and stronger. Your blood will be purer, and you less liable to sickness, if you eat ground wheat unbolted, made into mush. It is much better, and much cheaper than flesh food. If you are a husband, be kind to your wife. Remember how continually, late and early, she must toil; make her path through life as smooth as you can. If you are a wife, make home the place, of all others, that your husband loves best. If you have children, for their sakes live that they shall be able to say with joy these are my parents."

STRAY GRAINS FOR CHICKENS.—Under this title, the Gardener's Magazine (English) gives the following sensible hints: "Feed your poultry on raw onions, chopped fine, mixed with other food, about twice a week. It is better than a dozen cures for chicken cholera. Fowls exposed to dampness are apt to be troubled with catarrh, which will run to croup, if not attended to. Red pepper, mixed with soft feed fed several times a week, will remove the cold. Pulverized charcoal, given occasionally, is a preventive of putrid affections, to which fowls are very subject. Setting hens can be cured by putting water in a vessel to the depth of one inch, putting the hen into it, and covering the top of the vessel for about twenty-four hours. The vessel should be high enough to allow the fowl to stand up. This is the best remedy I ever tried. Pulverized chalk, administered with soft feed, will cure diarrhoea. This disorder is caused by want of variety in the food, or by too much green food. Garlic, fed once or twice a week, is excellent for cold."

GOOD ADVICE.—The *Mobi's Register*, in urging upon the planters to pay more attention to the raising of corn, says: "It is an old error of our planters to suppose that when they make an immense crop of cotton they have made so much clear gain; to forget that when they are without grain they must rob cotton Peter to pay corn Paul. And yet this old foe puts on a new face this year, and we hear of immense preparations for cotton and very slim ones for corn. This will not do. Corn is independence—it is life. With heavy grain crops this present year we could have held back cotton, if needful, as it would not have been, and kept the price to any figure we pleased. With heavier grain crops next year we can do the same, thus making a smaller cotton crop equally valuable in money. If foreign buyers feel that planters can hold, they will not wait to buy, and the demand will come. If, on the other hand, they know we must sell to buy food, foreign buyers will wait till necessity forces the cotton upon the market. Vaulting ambition to produce immense crops overleaps itself, and prices are made to tumble by the very means the planter uses to enhance the money value of his production."

It is asserted by the *Figaro* that Bezorowski, the Pole who shot at the Emperor of Russia in the Bois de Boulogne, in the Universal Exhibition year, is not dead, as lately reported; but that he escaped from his place of transportation (New Caledonia) was absent three or four days, during which he underwent such privations as to ruin his constitution, and was then captured and brought back. He is now, it adds, in a state of imbecility, and on that account is treated with indulgence.

A NEW DODGE.—Some of the leading Radical Senators will, it is said, vote against seating the negro Revels, on the ground that there is really no vacancy for which he was elected to fill, inasmuch as Mississippi has not been entitled to representation in Congress during the last nine years and will not be until readmitted into the Union.

### HENRY'S CONSTITUTION RENOVATOR, OR BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure.  
**FOR THE CURE OF SCROFULA AND CONSUMPTION.**

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes  
*Tumors, Consumption, Syphilis, Skin Eruptions, Salt Rheum, Boils, Rheumatism, Want of Vitality, Scrofula.*  
We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination was taken from the germs of many persons full of scrofula, and the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both became infected alike. Men, women and children throughout all the West are most woefully diseased from this cause, and knew not, until a few months ago, the origin of it.  
**HENRY'S CONSTITUTION RENOVATOR** Relieves the Entire System of Pains and aches, enlivens the spirits, and sends new blood  
**BOUNDING THROUGH EVERY VEIN.**  
It imparts a  
*Sparkling Brightness to the Eye,  
A Rosy Glow to the Cheek,  
A Ruby Tinge to the Lips,  
A Clearness to the Head,  
Brightness to the Complexion,  
Buoyancy to the Spirits,  
And Happiness on all Sides.*

For all affections of the kidneys it is unsurpassed.  
People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.  
**EXTRACTS FROM VARIOUS LETTERS.**  
"Doctor, I was vaccinated in the hospital. Before that I had no skin disease. Until I had a bottle of your 'Constitution Renovator,' sent me by Mr. Roper, of Columbia, Mo. I suffered tortures with runnings sores. Since I used two bottles I am all well except a small sore on the calf of left leg, and that is getting well fast."  
This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your 'Renovator,' is beautiful."  
"Yes, yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles: two families here want to try it."  
"I was very much troubled with syphilis. Your remedy seems to be curing me fast. Send 4 bottles per Express."  
"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."  
"Doctor enclosed find \$5. Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say as it cures every time.  
**FOR ALL DISEASES OF THE KIDNEYS, RETENTION OF THE URINE, &c., &c.**  
And for Female Diseases,  
Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

### ETIWAN GUANOS, SOLUBLE MANURES, AND SULPHURIC ACID, MANUFACTURED AT CHARLESTON.

**UNDER THE DIRECTION OF N. A. PRATT, CHEMIST FOR THE**  
Sulphuric Acid and Super-Phosphate Company.  
**SOLUBLE PHOSPHORIC ACID,** in the form of SOLUBLE PHOSPHATE OF LIME, or DISSOLVED BONE PHOSPHATE, is the basis of all good Fertilizers, and these are valuable in the ratio of Soluble Phosphate which is in them.  
The immense deposits of Phosphate of Lime which were discovered in 1867, in South Carolina, by Dr. PRATT, consist mainly of Insoluble Phosphate of Lime, which is made available as a Fertilizer by being ground to powder, and reduced by Sulphuric Acid to such a condition as to make its insoluble phosphate soluble in water, and thus made capable of being taken up by growing plants. The insoluble phosphate found in any commercial Fertilizer is of no more value to the plant than the original phosphate rock. The greater the proportion of this soluble phosphate which any Fertilizer contains, the less the quantity required per acre, and consequently the cheapest Fertilizer is that containing the highest percentage of Soluble Phosphate.  
Impressed with these truths, the SULPHURIC ACID AND SUPER-PHOSPHATE COMPANY have erected at Charleston the first extensive Acid Chambers South of Baltimore, and are able to offer to planters the HIGHEST PER CENTAGE OF SOLUBLE PHOSPHATE OF LIME known in any market.  
Their Fertilizers are offered under two forms:  
1. **Etiwan, No. 1.—PURE SOLUBLE PHOSPHATE,** guaranteed to contain 24 per cent. of Dissolved Bone Phosphate of Lime, \$40 per ton, 10 per cent. discount for cash.  
2. **Etiwan, No. 2.—PERUVIAN SUPER-PHOSPHATE,** guaranteed to contain 20 per cent. of Dissolved Bone Phosphate, and 11 to 13 per cent. of Ammonia, with a sufficient addition of Peruvian Guano to adapt it to all Crops, \$70 per ton, 10 per cent. discount for cash.

**WE ALSO OFFER:**  
DISSOLVED BONE, of high grade, for planters or manufacturers, who may desire to mix into any other compost, and we suggest that this is the best and cheapest method for manufacturers to transport the Sulphuric Acid contained in the mixture. Will be sold at a fixed rate for each per centage.

### PLANTATION BITTERS

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.  
Wherever it is introduced it becomes a standard article—a medicinal staple. It is to-day the best and purest tonic, and the most popular medicine in the civilized world—be sure and get the genuine. Sold by all Druggists, Grocers and Country Stores.
