ANNOUNCEMENT.
 MR. EDISON—Please announce D. A. FOSTER as a Candidate for Sheriff at the next Election and oblige his many friends in the County.

THE NEWS HAS THE LARGEST CIRCULATION IN THE COUNTY.
 We don't think we would like to live in North Carolina just at present. The weather there is too Lowery altogether.

The Legislature has passed an Act for the "protection of 'Boys' and 'Deacons.'" We wish it would pass another to protect "Boys and Deacons." This would be a great relief to parents and churches.

Nix.—A young lady of Richmond, Virginia, intending to be married, recently telegraphed to Paris for silk stockings, to be made to order, with her name worked in them, and she got them the price being in greenbacks, \$42 per pair.—*Exchange.*
 Are they of exhibition?

By a card in the Charleston Republic it appears that J. Felder Meyers Esq., has transferred all his interest in the Charleston Republican Printing and Publishing Company to E. W. M. Mackey, Esq., and has thereby dissolved his connection with that Company. His association, however, in an editorial capacity, will still continue.

Judge Graham has appointed Thompson H. Cooke Esq., Solicitor pro tem for the Orangeburg part of the First Judicial Circuit. Mr. Cooke has had a good deal of experience as a criminal lawyer and ought to be able to discharge the very important duties of his office with benefit to the State and with credit to himself.

Some enterprising merchant here might do well by keeping grist and meal always on hand and at reasonable prices. We see by some of our exchanges that in Aiken and other places the market price of these articles ranges from 75c to \$1 per bushel. Here the general price is 40c per peck, which is simply exorbitant. Will any body take the matter in hand?

"The News' information as to the Times asking for radical patronage, is false in toto."—*Times.*

Perhaps the Times has been restrained by considerations of politeness. But wouldn't it like a little public printing once in a while if it could get it?—just a few lines?

Three fourths of the Democratic papers in the State seem to enjoy it mightily and, however much they have to say about taxation, &c., they never intimate anything against the amount of the State's printing bills.

An our readers are probably aware, no official of this County has been charged with the charge of stealing \$2000 from the treasury. A few days after the Democratic paper stated the amount of the alleged theft at \$400. The *Well Sentinel* has seen that this was and gone \$199,600 better; so the figures now stand at \$200,000. These figures are mere mistakes, but don't they show how careful we ought to be not to let our Democratic friends have anything to do with the Treasury, or any other office where accuracy in figures is desirable?

Fancy a young man with a small farm being assessed to pay a tax of, say, 200 bills on the dollar, on 20,000 acres of land valued at \$1,000 per acre, and on 500 mules valued at \$15,000 each, or, when the State census is taken, being returned as, say, 300 years of age and the father of 500 or 800 children, aged all the way up from 100 to 2000 years or so? Or a sweet wife of 16 published to the world as a mature female of 160! Or the mature female of 35 appearing in print as the over-ripe age of 350 or 3500?

BURNED TO DEATH.—A lamentable accident occurred last week on Dr. A. E. Taber's Oakland place in St. Mat-

shows. The dress of a woman, one of the contract hands, who was burning trash, took fire and she was soon enveloped in flames. A man standing near discovered to tear off her clothing, but she refused to permit him to do so and ran off from those who endeavored to aid her. She was finally taken in charge by some of her own sex and properly cared for. Her sufferings were intense, the skin having peeled from almost her entire body. During the following night she was taken in labor and gave birth to a dead child. The next afternoon death came to her relief.

The Marquis of Ripon has been unanimously elected, for the third time, Most Worshipful Grand Master of the Freemasons of England.

Dr. SAGE'S CATARRH REMEDY.—\$500 reward for an incurable case. Sold by Druggists at 50 cents. Lasting Loveliness.—Twenty years ago when paint, pearl powder and enamel, were ruining the complexions and destroying the health of women of fashion, HAGEN'S MAGNOLIA BALM was brought out as a pure botanical cosmetic, guaranteed to restore bloom and beauty to the skin. From that time to the present it has been continually rising in public estimation as the safest and most unexceptionable preparation of its class. Instead of producing an artificial, metallic surface, like the deadly enamels, or whitening the cuticle like the poisonous fluids sold under various names as "beautifiers," it keeps the skin as soft as velvet, renders it as smooth and glossy as satin, and imparts to it that delicate, rosy tinge which is the *beau ideal* of complexions. Loveliness. This exquisite chromatic effect is not transient. By applying the Balm daily it may be prolonged from youth to age. A lady who purchased the first bottle of the article nineteen years ago, writes to say that her complexion at forty is "purer clearer and more brilliant than it has ever been," and she attributes its beauty solely to the daily use of HAGEN'S MAGNOLIA BALM.

VENETIAN BLINDS.—No invention was ever so important to the people of hot climates as the Venetian blind. Admitting the air and a shaded light, while keeping out the heat and glare, they are absolutely essential to comfort in this country. If the houses of any of our readers are destitute of these valuable contrivances, they should at once, before the hot weather sets in, send their orders to Mr. P. P. TOALE, No. 20 Hayne street, Charleston, S. C., manufacturer and dealer in doors, shades, blinds, balusters mouldings, &c., &c.
