ANNOUNCEMENT.
MR. EDITOR—Please announce D. A. PORTER as a Candidate for Sheriff at the next Election and oblige his many friends in
FORK.

THE NEWS HAS THE LARGEST CIRCULATION IN THE COUNTY

J. P. M. P.'s poem will appear in next issue. The Orangeburg News has on hand a fine lot of horses and mules which they are offering at cost.

The Elliotts turned out yesterday in full uniform, and in stronger force than had been the case for some time before. They have to express their thanks to W. A. Meroney, Esq., for certain courtesies.

The Mails! THE MAILS!! THE MAILS!!! What is the matter? WHAT IS THE MATTER? WHAT IS THE MATTER? There is outrageous carelessness somewhere. We know of it between Charleston and Orangeburg, between Orangeburg and St. Matthews, and between Orangeburg and Port Mott. This matter MUST be attended to!!!

LAST SALESDAY—Passed off quietly. The attendance was good for the time of year, though but little property changed hands. The sheriff sold the following property:

Lot of 8 acres, estate of Treawell, \$270. 113 acres, belonging to Levi Myers, \$350; remainder in homestead of 205 acres, \$55. 329 acres, property of Henry Giscudauer, brought \$165. Remainder in homestead of 300 acres, sold for \$90. 120 acres, property of Bulia Phillips, sold for \$55. 533 acres, property of John Chattra, brought \$1,220.

Many of our readers will find themselves decidedly interested in the License Law which appeared in our supplement of last week and is published again in our columns of to-day. We particularly commend it to the attention of tankers, hotel, inn, livery-stable and saloon keepers, merchants, store-keepers, bankers, railroad corporations, auctioneers, phosphate miners, lawyers (we are sorry to say) doctors, dentists, architects, photographers, daguerrean artists, telegraph and express companies, and office-holders generally.

THE NEW ELLIOTT TRUCK HOUSE. Will be completed, we are informed, by the first of August, and will be a splendid proof of the enterprise, pluck and public spirit of that gallant and go-ahead company, Sheriff Riggs has taken the contract for its erection at the price of \$200,000. It will be one of the most generally useful buildings put up in Orangeburg since the war, affording, beside the accommodation for the company, a fine, commodious hall for public meetings, evening entertainments, and the like.

TOURNAMENT ACCIDENT.—We regret to learn that George R. Sellers Esq., met with a serious misfortune while exercising for the approaching Tournament, last Wednesday afternoon. Just after passing the third ring, on a fall run, his horse made a mis-step and, turning almost a complete summerault, fell, bringing Mr. Sellers with him to the ground. Mr. S. recovered himself in a moment but, after taking a few steps, dropped to the earth from the stunning effects of the fall. His injuries we are glad to say, are not serious. The horse, a very valuable animal, was killed outright,—"as though" said our informant "he had been shot dead with a rifle ball."

Josh Billings has been experimenting with pills, and certifies as follows: I never have used any of Doctor Emanuel's Liver Consoling and Kidney Encouraging Pills, and therefore can't tell you how influential they are; but if you are looking after a pill as mild as a pet lam, and as soothing as a zinc tooth comb, buy Doctor Rieghone's Silent Formulators, 27 in a box, and sold by all respectable druggers. These pills don't pool round, but attend strictly to business, and are good in the dead of pite or an alarm clock.

VENETIAN BLINDS.—No invention was ever so important to the people of hot climates as the Venetian blind. Admitting the air and sunlight, while keeping out the heat and glare, they are absolutely essential to comfort in this country. If the houses of any of our readers are destitute of these valuable conveniences, they should at once, before the hot weather sets in, send their orders to Mr. P. P. FOALE, No. 20 Hayne street, Charleston, S. C., manufacturer and dealer in doors, sashes, blinds, balusters mouldings, &c., &c.

A MELANCHOLY BREAK-DOWN.—There are lively break-downs that make an audience laugh, and there are sad and sorrowful break-downs that make the kind-hearted grieve. To the latter class belongs the enervation of body and mind which is usually called "general debility," or "nervous weakness," and which, when neglected, too often terminates in atrophy and death. A wholesome medicated stimulant is the one thing needed in cases of this description, and science and experience unite in pointing to *Plantation Bitters* as the true specific. The fact that it combines the properties of an invigorant with those of a regulator and alterative, in exactly the proportions necessary to produce a radical change in the tone of the system and the action of the digestive and secretory organs, is an unanswerable argument in its favor as a general restorative.

Don't stand aghast with awe and fear, eyes wide open, hair on end and fingers tightly clutched with the idea that these mysterious symbols are cabalistic signs and reherent some secret organization of masked demons, who create terror and dismay with their midnight prowlings and disperse on the dawn of morning. No! They are only initials of Dr. Pierce's Golden Medical Discovery, that pleasant medicine which has acquired a National reputation and proven so efficacious in Coughs, Colds, Bronchitis, Consumption and kindred diseases. For these complaints it has no equal. Sold by all druggists.
