Fever and Ague,

from which mankind suffer over a large part of the globe, is the consequence of a diseased action in the sversu, induced by the poisonous minsm of veretable decay. This exhalation is evolved by the action of solar heat on wet soil, and rises with the watery vapor from it. While the sun is below that he impart the sanor lingers near the santh's surface, and the virus is taken with it through the impartance of the blood. There it acts as an irritating poison on the internal viscers and exercting organs of the body. The liver becomes torpid and fails to serve not only this virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulation, and produce violent constitutional disorder. The spleen, the kidneys, and the so as h sympathize with the liver, and become disordered also. Finally, the instinct of our organism, as if in an attempt to expel the noxious in ion, concentrates the whole blood of the body in the internal excretories to force them to cast it out. The blood leaves the surface, and rushes to the surface and rushes to the surface organs and rushes to the surface, as if in rusher effort to expel the irritating poison through that of fails, and the eystem abandons the attempt exinausted, and waits for the recovery of strength to repeat the hopeless effort another day. These are the fails or paroxysms of Faven and Ague. Sinch constitutional disorder will of course undernaine the health if it is not removed.

We have labored to find, and have found, an antidote,

Ayer's Ague Cure,

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does cure this afflicting disorder with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and thus keeps those who use it free from its attacks; keeps the system is health although exposed to the disease. Consequently it, not only cures but restorts from those who use it free from its attacks; keeps the system is beath although exposed to the disease. Consequently it not only cares, but protects from the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Bumb, or Masked Ague, Periodical Headache, or Bilious Headache, Bilious Fevers, Neuralgia, Rheunatism, Gout, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitations, Painful Affections of the Spleen, Hysterics, Colic, Paralysis, and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. This "Ague Cure" removes the cause of these derangements, and cures the disease.

This it accomplishes by stimulating the excretories to expel the virus from the system; and these organs by degrees become habited to do this their office of their own accord. Hence arises what we term acclimatation. Time may accomplish the same end, but often life is not long enough, or is sacrificed in the attempt, while this "Ague Cure" doos it at once, and with safety. We have great reason to believe this is a surer as well as safer remedy or the whole class of diseases which are caused by the misamatic infection, than any other which has been discovered; and it has still another impoctant advantage to the public, which is, that it is cheap as well as good.

PREPARED BY

DR. J. C. AYER & CO. LOWELL, MASS. PRICE ONE DOLLAR PER BOTTLE.

Ayer's Cherry Pectoral has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills. FOR ALL THE PURPOSES OF A PURGATIVE MEDICINE.

ONE ACRE LOT with STORE and DWELLING, at Branchville, S. C.

Ayer's Cathartic Pills,

D. LOEB,

Charleston, S. C.

fore so universally adopted into use, in every country and among all classes, as this mild batemoint purgative Pill. The obvious reason is, that it is a more reliable and all know that it cured "tem; those who have tried it, know that it cured "tem; those who have tried it, know that it cured "tem; those who have not, know that it cured "tem; those who have not, know that it cured "tem; those who have not, know that it cured "tem; those who have not, know that it never fills through any fault or negglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel nor any deleterious drug, they may be taken with safety by anybody. Their sugar-coating preserves them ever fresh, and makes them pleasant to take, while being purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscers to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure:—

For Byspepsia or Indigestion, Listicesmess, Lunguor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Billious Headache, Sick Headache, Jaundice or Green Sickmess, Billious Coste and Billious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

diseased action or remove the obstructions which cause it.

For Bysentery or Diarrheea, but one mild dose is generally required.

For Rheumaitsm, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Bropsy and Bropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

taken as it produces the desired enect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills makes him feel decidedly better, from their cleaning and renovating effect on the digestive apparatus.

Dr. J. C. AYER & CO., Practical Chemists, LOWELL. MASS., U. S. A.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or minsmatic poisons.

heaithy as if they had never had the disease.

Fever and Ague is not slone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Elindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colie, Paralysie, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or dally while exposed to the infection, that will be exceeded from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists, AND SOLD ALL ROUND THE WORLD. PRICE, \$1.00 PER BOTTLE.
