

THE BALTIMORE ROBBERY
 Demonstrates that the old-time cheap cafes, old-fashioned saloons, and to boot, the temptations to burglary. Bankers may provide watchmen, and may use other safeguards, but they will not put their money in the hands of a thief, or trust in a tin or wooden box, no matter how many guards are used. The safe, after all, is the last-respectable. No amount of watching or guarding will ever make an old-style safe trustworthy. This is the citizen, and should be the best that can be made. Times is not over 1000.

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures of many of the most distressing cases of Scrofulous disease, where the system is saturated with corruption, and has been purified and cured by it. Scrofulous affections and disorders which were aggravated by the scrofulous contamination until they were painfully afflicting have been cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and silent tenant of the organism undermines the constitution, and invites the attack of encrusting or fatal diseases, without exciting any of the usual symptoms. As a rule, it seems to breed infection, and rapidly develop into one or other of its hideous forms, either on the surface or among the viscera. In the latter, tubercles may be studiously deposited in the lungs, or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or full abscesses on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is noticeable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, in some favorable cases, rapidly develop into one or other of its hideous forms, either on the surface or among the viscera. In the latter, tubercles may be studiously deposited in the lungs, or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or full abscesses on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is noticeable, even when no active symptoms of disease appear.

HALL'S
HAIR
RENEWER.

Every year increases the popularity of this valuable Hair Preparation, which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FALLEN HAIR to its youthful color, making it soft, lustrous, and silken. The hair becomes white and clean. It removes dandruff and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical Hair-Dresser ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists and Dealers in Medicines. Price 25 Cents per Bottle.

Buckingham's Dye.
FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or fallen Whiskers, we have prepared this dye, in one preparation, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.
