

STATE HIGHWAY COMMISSION

Columbia, March 24.—Barnwell County's apportionment of Federal money for building roads amounts to \$47,657.93. Under present conditions, this money will become available when Barnwell County covers it dollar for dollar. When this is done, the county will have for road building the sum of \$95,315.85, which it can use on projects approved by the Secretary of the United States Department of Agriculture.

With its apportionment of Federal funds plus the funds which it must provide before the Federal money is available, Barnwell County can build about 43 miles of concrete road or about 272 miles of top-soil or sand-clay road. These figures on mileage are based on the assumption that grading, culverts, etc., will cost \$2,000 per mile; top-soil or sand-clay surfacing will cost \$1,500, per mile; and concrete surfacing will cost \$20,000 per mile. These estimates are based on averages and will not hold good for all cases. Therefore, the figures on mileage stated above are approximations only and are given for purposes of comparison.

The above named types of roads are used because they are typical. It is not meant that Federal Aid will be given to building only these types or that only these three types are recommended. Barnwell County's apportionment of Federal funds for road building does not include the funds from this source which can be had for bridge building. The State Highway

Commission now has at its disposal for building bridges enough money to build practically all the important bridges needed in the State. This money will be available when the county or counties served by the bridges cover it dollar for dollar and the Secretary of the Department of Agriculture approves the project.

A SAD DEATH.

Our community was saddened when Mr. Frank Hair departed this life on January 21, after an illness of about ten days of influenza and pneumonia. He was twenty years old.

The funeral services were conducted by his pastor, Rev. Mr. W. D. Heckle, and his body was laid to rest in the old field cemetery in the presence of a host of sorrowing relatives and sympathetic friends.

He was a member of the Rosemary Baptist church, and during his brief sojourn here he endeared himself to old and young alike. No one knew him but to love him; none spoke of him but in praise.

He is survived by his father, four sisters, three brothers and a host of other relatives to mourn his loss.

Dearest Frank, thou hast left us And thy loss we deeply feel, But 'tis God who hath bereft us And to His will we all must yield.

A Friend.

BARNWELL'S BASE-BALL.

What about that County League for the coming season? We do not know exactly how the Blackville team is arranged but so far we believe that old Barnwell is far ahead of any of its opponents in the world of sport, as it has one manager and one pitcher who are eager to get into the game.
