The Indian War.

WASHINGTON, June 10.—Advices from Omaha state that Sherman has issued an order saying that the Pacific railroad will be guarded and freight and passengers forwarded from the terminus under a sufficient guard. Sherman is sanguine of clearing the Platte valley of Indians in two weeks. Nine passengers and twenty Indians fought within five miles of Moore's fort the other day. One passenger was killed and a son of Gen. Davis mortally wounded. They killed five Indians and wounded two. The passengers then returned to Omaha. Gov. Steel, after a narrow escape, reached Denver safely.

WASHINGTON, June 7.—The following is the concluding paragraph of a letter received from Butler to a negro meeting last night: "Is it not a self-evident truth that where the land is held in large tracts by the employer, or to be filled by the employees, there can be no just and true field for the exercise of republican citizenship; and it is one of the pressing exigencies of the country, as the very basis of reconstruction, that some plan must be devised by which the lands of the South may be divided among those who shall occupy and till them."

NEW YORK, June 7.—The Southern Relief Commission have shipped 8,000 bushels of corn to Charleston and Savannah for interior distribution since the steamer Purveyor left. The Treasurer received an appeal for relief from Charleston District, S. C., from the heads of sixty-seven families, representing 298 individuals.

The Mayor, on his arrival at the hotel, extended a cordial greeting, with appropriate remarks, to which Mr. Chase responded, thanking him for his hospitality, and saying he was glad the time had come when all stood on an equal light before the law, irrespective of color or previous condition. ANASTAS, June 5.—General Pope has issued the following order:

1st. Interference of the post commander at Mobile with the newspapers of this city is unauthorized and entirely disapproved. He will at once undo whatever action he has taken.

2d. It is the duty of the military authorities in this district to secure to the people the utmost freedom of speech, and of the press consistent with the law. To restrict either to a satisfactory execution of the late Acts of Congress is and its exercise protected by the usual legal means.

3d. No officer or soldier in this command will hereafter interfere with newspapers and printers on any pretext whatever. If disturbance is feared from any source, the necessary precautions to preserve the peace will be taken, in the manner prescribed by the agencies prescribed in the General Orders No. 25 from these headquarters.

MONROVIA, June 5.—The Union Republican Convention adjourned this day, after a two days' session. Wm. H. Smith, formerly a Colonel in the Federal army, was elected President. The officers and committees were selected without discussion of color. Forty-one Committees were represented by about 170 delegates. To-day the Committee on Platform made the following report, which was unanimously adopted:

Whereas the loyal citizens of Alabama desire the earliest practicable settlement of the disturbed condition of the country; and whereas we believe that the establishment of justice is essential to enduring peace;

that patriotism should be exalted as a virtue, and that it is the duty of the State to cherish all duty of duty and where those who assert these principles are throughout the Union called Republicans; therefore,

1. Freely and the Republican Union party for Alabama declares itself a part of, and in an alliance with, the National Republican party of the Union, and is the unconditional friend of the union of these States.

2. That we endorse the action of Congress on the question of reconstruction, and we will heartily endeavor to carry the same to its conclusion.

3. That we will endeavor to secure by amendment to the Constitution and laws of the United States and this State, the equal rights of all men and the full enjoyment of the rights of citizenship without distinction on account of color.

4. That we are the friends and advocates of free speech, free press, free schools and the most liberal provision for the State for the purpose of educating the people thereof; and henceforward there is to be no distinction made between the inhabitants of the State in civil and political rights on account of color or previous condition.

5. That we discountenance all attempt to stir up strife and contention among the people, believing such a course to be in every way injurious to the country.

6. That those men who stand firm to the cause of the Union are entitled to that confidence which is the reward of patriotism and fidelity in every land.

7. That we pledge our endeavors to effect the removal of the tax on cotton and the State poll tax, and to establish as a rule in the State that the tax paid by every man shall be exactly in proportion to the value of his property and house hold.

8. That we recommend to the people of the State that they manifest their determination to abide by the prescribed terms of restoration by electing those men who can comply in all respects with the Acts of Congress of the United States, and to support no office only such men as are true to the Union, and who prefer the Government of the United States to any other that could be formed.

LEAVENWORTH, KANSAS, May 31.—On the 27th instant, three deserters from the 88th Colored Infantry, at Fort Davis, went to the house of P. J. Peterson, on the Smoky Hill route. They confessed their guilt, and, while being taken to jail, were rescued by a mob and killed, and their bodies thrown into the river. They were the last of thirty who deserted a days ago, and who have been a great terror to the settlers. The Indians Mrs. Peterson is not expected to survive.

FRECKLES.—At this season of the year, many of our lady readers are annoyed with freckles. They will thank us for a simple way of removing them, which is to take powdered saltpetre and apply it to the parts effected, with the finger moistened and dipped into the powder. This is the whole proceeding, and when properly done and judiciously repeated, it will remove all the freckles.

DESTRUCTION OF A CHURCH.—We regret exceedingly to learn of the destruction by fire, on Wednesday evening last, of the Episcopal church in Camden. REASONABLE!
A Copartnership.

If the freeman of an engine were to pro-
pose to the engineer that he would
raise steam each day with which to run the
engine the day before, the engineer would
have good reason to believe the freeman was
deceitful.

We propose to run the engine of a liveli-
hood. The money we carry is his steam, our
customers its firemen.

To give daily revolutions to that engine,
the steam must be forthcoming.

We hope we will not have to regard our
freemen as disempeled.

With the firm conviction that success in
travel upon the railroad of life depends
upon cash, DEMANDS CASH, we
the undersigned have entered into a
