

BLACKSBURG BUDGET.

Will Have to Plant Less Cotton—Easter Services—Organization of the Town Council—Through Trains to Marion.

BLACKSBURG, March 31.—It is cheering to find at least one bright spot in this monotonous wet season, and Easter was a perfect day and much enjoyed, as well for its brightness as for the hallowed associations.

Special services, celebrating the glad event of the resurrection of the saviour of all mankind, were held at the Methodist church by the pastor, Rev. J. W. Humbert, and a children's service, at the same church in the afternoon.

The weather seems determined to force the farmers to plant less cotton, whether they are willing or not, and will, no doubt, be the means of bringing about the reduction of the number of acres planted, to the uniformity for which a majority of them longed, but which they were not able to accomplish by their own efforts.

They all realize the fact that, with almost all the crops of this year in the hands of the producers, it will be unadvised to plant a full crop this year; and yet for lack of that concert of action, which, unfortunately, so often characterizes their efforts, they were pursuing the usual course, and planting as largely of fertilizers as usual, and now, as one of our best farmers told me yesterday, they will be forced to cut short their acreage, put more fertilizers to the acre, and cultivate them.

Mr. A. S. Crocker died at this place on Friday last at 8 o'clock p. m. from apoplexy, which she was seized Wednesday evening. Mrs. Crocker, though a native of Marion, had moved here, with her family, last year, from Carey, N. C., and she had been a member of the Methodist church here for many years.

At their first meeting, on Tuesday last, the town council elected Ira Hardin, Esq., as town treasurer; Coke Duncan, chief of police; H. M. Angle, street commissioner; W. B. DeLoach, clerk; and W. Anderson, intendant, pro tem, in the absence of Intendant Carey.

Receiver Chamberlain and General Manager Ward of the Three C's road, are expected here this week, and arrangements will be made for extending the railway to the west end of the road, and connecting with the Western North Carolina at that point.

LETTER FROM ROCK HILL. Services in the Churches Last Sunday.—The children enjoy an egg hunt—Death of a Well-known Citizen.

ROCK HILL, March 30.—The services were held in all the churches. In the Episcopal church the ladies had a most tastefully decorated chancel, with flowers and evergreens, and the services were enjoyed by a large and attentive congregation.

In the afternoon special services were held for the children, and the pastor, Rev. George L. Sweeney, made an appropriate address, which was entertaining and instructive, not only to the young people, but to the older members of his audience as well.

Special services for the children were also held at the Presbyterian church at 11 a. m. yesterday, Rev. W. M. Anderson, based his remarks on a singularly appropriate text, subdivided as follows: (1) Keep thy heart (2) with all diligence, (3) for out of it are the issues of life.

Rev. J. A. Adams preached his parting sermon to his congregation on Sunday last. Not only the members of his church, but all our citizens, very much regret to see him leave.

A large number of children enjoyed a very merry evening at the residence of Maj. J. R. London last week. The occasion was an "egg hunt" which afforded much amusement. A large number of Easter eggs had been hidden about the premises, and the children, including quite a number of little tots, were put to hunting them out. The entertainment, to which an admission fee of ten cents was charged, was given under the auspices of the Ladies' Auxiliary society of the Episcopal church.

The Easter election in the Church of Our Saviour, resulted as follows: Wardens—Cadwallader Jones, John R. London. Vestry—W. B. Wilson, Jr., J. J. Higgins, W. E. Jenkins, J. W. Anderson, J. W. Anderson, G. F. O'London. Delegates to Diocesan convention—J. B. London, W. B. Wilson, Jr., Fred H. London, W. Dillingham. The late frost has not injured the fruit.

The Peterkin Manufacturing company has appointed a board of directors, and they will elect officers at an early day.

It is needless to say that the farmers are hard at work. A great deal of wheat has been planted, and they are giving their attention to that which is in good condition.

Mr. Alexander F. Fewell died yesterday morning at 11 o'clock. He was 72 years of age.

LETTER FROM UNION COUNTY. Sunday-School Convention—A Good Way to Get Rid of Rat Grass.

Correspondence of The Yorkville Enquirer. JETTA JANE, March 30.—The North Paces Sunday-school convention met at Pocompota yesterday. Numerically it was not so strong as at some other times, but this was probably due to the condition of the roads and streams. However, twelve schools were enrolled, and the convention was a success in every particular.

Spirited discussions resulted from the question on "excesses" and many "crude" ideas were thrown out from those who have heretofore taken but little interest in the work. Among other questions the president asked: "What did Noah do after his wife became a pillar of salt?" and the question did not catch. Mr. J. W. Grier answered it to the effect that it was Lot's wife who had turned to salt, and Lot probably went on his way rejoicing.

Mr. Barnett Moss, well known in Western Yorkville as a farmer, who carries the mail from Hickory Grove to this place, informs me that the farmers in the neighborhood of Hickory Grove are as well up with their work as could be expected under the circumstances.

Our neighbors across the river have organized a Sunday-school at the school house near Mr. W. S. Wilkerson's. When such men as "Bill" Wilkerson, "Julie" Howe, "Bob" Foster and others I could mention, take leads to do a work of this kind, it will be done.

A friend of mine has discovered a very simple and effective way of getting rid of nut grass in the garden. He has just moved his garden, and he says that he has never seen wheat grow faster at this season of the year than it is growing now.

The rain last Thursday did considerable damage to plowed lands, particularly hill-sides.

The house, furniture and clothing, etc., of Mr. George Sanders, of Wilkerson, were destroyed by fire last Tuesday. It was the same old trouble—a defective stove pipe.

LETTER FROM SMYRNA. Brief Remarker Discusses the Weather and Does not See Alarming Dependent.

Correspondence of The Yorkville Enquirer. SMYRNA, March 30.—Up to last week the people of this section were inclined to believe with our friend "Pilgrim" that the weather prophet was a fraud, but it seems that the later rains have again put the weather prophet in a favorable light, and we are bound to have some faith in him. But, nevertheless, our people have taken advantage of the short respite that was given them last week, and as it put any of us to bed, we are bound to have some faith in him. It does good work as Mr. Smith says, and is worth \$35.00 to \$50.00. I advise every one who wants a good Machine at an honest price to buy this Machine.
