LETTER FROM UNION COUNTY.

Miscarried Letter-Friday's Storm-Hog Cholera-"Hard Times and Some Reflec-

tions Thereon." Correspondence of the Yorkville Enquirer. ETTA JANE, December 5.—My last letter, by some means, failed to reach THE ENQUI-RER in time to appear in its columns. I'll start a little sooner for next week.

Yesterday morning a fierce storm of wind and rain passed over this section, followed by a lowering of temperature. Several hogs have died lately in this neighborhood, supposed to have been affected

Everybody is still crying out hard times; and I am sorry to see such an inimical spirit cropping out as is calculated, in a great measure, to destroy the confidence and unity that ought to exist between the farming and mercantile classes.

In some cases the merchants are being abused for not agreeing to sell goods or credit next year. This nonsense is too thin for me to notice. Your correspondent is and always has been, a credit buyer, and he knows that unless he meets his obligations in some way, the merchant can't keep up his business. We don't look upon our merchants generally as a set of ingrates, thieves and scoundrels, but on the other hand as firstclass gentlemen. Yet we have no right to expect them to perform impossibilities—buy

and sell goods without money.

When the farming class do all they can to meet their debts and pay their bills, their reputation for honesty will be a potent factor bridging over the difficulties of next year. There is no danger of anybody starving in this country yet awhile, if they will try to keep from it by honest dealings. The Psalmist says: "I have never seen the righteous forsaken nor his seed begging bread." Mr. William Strain is still at Pacolet mills, visiting his daughter, Mrs. I. J. Horn. Several hundred acres of land is to be sold in this county next sales-day. From present appearances it will sell cheap.

The Testimony of Six Witnesses.

Below will be found the testimony of six reliable witnesses, which we think entirely sustain our claim that the various styles of Sewing Machines sold by us are equal in every particular to any machine on the market:

YORKVILE, S. C., December 7, 1891.

MR. L. M. GRIST, Proprietor of THE YORKVILLE ENQUIRER: I have been using the "Peerless" Machine ordered from you for some time,
and find it in all particulars equal to the best
sewing machines on the market. Yours truly,
(MISS) J. S. WILKIE.

FILBERT, S. C., May 20, 1890. CAPT. L. M. GRIST: Dear Sir—I take pleasure CAPT. L. M. GRIST: Dear Sir—I take pleasure in adding my testimony as to the value of your Premium Sewing Machine. The machine I bought of you last fall has given and is giving entire satisfaction. It is all that is claimed for it, and more too. I would advise all who want a first-class machine at a fair price to buy yours.

M. C. Parrott.

FORT MILL, S. C., December 8th, 1890. L. M. GRIST, EDITOR OF YORKVILLE ENQUI-RER: Dear Sir—I received my Sewing Machine in due time, and find it to be everything that you claimed it to be. I would not be without it for

double its cost; and can say to those in need of a good Sewing Machine that they need not hesi-tate to purchase your Premium Machine. MRS. J. R. JENKINS.

TIRZAH, S. C., September 28, 1891.

L. M. GRIST, Yorkville, S. C.—It affords me great pleasure in testifying to the value of your Premium Sewing Machine, the Chicago Singer, which I bought from you last February. It came promptly, was in perfect order, and complete in every respect. For neatness of workmanship and finish, as well as easy motion and perfect sewing, I have never seen its superior, and the cost—only about one-half of other machines sold through the country by agents. I would the cost—only about one-half of other machines sold through the country by agents. I would not today take "Forty acres and a mule" for it, if thought I could not get another evertly like it.

ABOUT FLOUR.

We claim to have advantages in buying Flour possessed by no other concern in this section, and to have a similar advantage in selling. 100 PER CENT. is our leading brand of fine flour. In the language of the street it is as fine as "split silk," or "frog hair." It is the finest flour we have ever handled. We don't think it is possible to make a finer or better article, and if we ever find anything better we shall certainly buy it, as it is our determination that our customers shall have the very best. We now have in stock about a car load of 100 PER CENT., and also a fairly large stock of other brands.

WITH SOME PEOPLE

Coffee is coffee, regardless of the fact whether it is good, bad or indifferent, while others will have nothing but the best to be had, and this last named class is the one for whose trade we toil. For years our establishment has handled the justly celebrated ARICA roasted Coffee, and it has given universal satisfaction. The house from which we buy it is one of the most reliable of which we have any knowledge, and for more than fifteen years they have been gradually improving this, their "pet" brand, until today it is almost a universal favorite with all who know a good article of coffee when they find it. We also handle the best grades of GREEN COFFEE, and would again call the attention of the readers of The Enquirer to five-pounds-for-one-dollar Rio. It gives satisfaction every time. JACKETS AND UNDERVESTS.

WELL, yes we have a few Ladies' Jackets, and we don't expect to keep them very long either. They are desirable goods and we marked them at prices that will make them go. Yes, we've got Ladies' Undervests, too. We have them of various qualities and at prices that will interest those who want and always try to get full value for their money. Ladies, don't fail to see our Jackets and Undervests before you buy.

GILT EDGE SHOE POLISH.

Never since we have been selling Shoe Polish have we ever handled a shoe dressing that gives such universal satisfaction as Gilt Edge Shoe Polish. The reason is because it contains OIL, and instead of destroying the leather, as some other brands of polish do, it improves the wearing quality of the leather and at the same time imparts a handsome gloss. We have just received a fresh supply, and we propose to try to keep a supply on hand.

Week before last we had something to say about Ladies' Dress Goods, Shoes, Gents' Hats and Boys' Clothing. This week we shall talk about pretty much the same things with possibly one or two other things added. Some folks do not consider that there is any special necessity for the boys to be well dressed. Just so they are passibly clad, so they won't attract special attention by their neglected appearance, it's all right. But the girls! on, they must be dressed in the best and latest. Nothing is too good or nice for them. Well, we heartily concur in the last sentiment. The girls should be well dressed, and we try to keep a supply of materials on hand suitable for dressing them as they should be. Now we will return to the "boy," the "small boy," from 4 to 16 years old, is the kind we are talking about. They should be treated better, they should have neat and durable clothing, made in the latest style. They will then feel like they are of some importance in this world. Buy your boy a suit of nice, ready-made clothing. We have them, and they are good and they are way down in price. The investment will pay. Drop in and examine our stock. You will be astonished when you hear our prices after you have examined the quality.

Now next week we expect to handle 432 bottles, and if you have not already bought a bottle you had better, for we tell you that you will not regret it, because if you want your skin to be clear, soft and beautiful, MAY'S SILVER BELL FRECKLE AND TAN CURE will make it that way
