ROCK HILL, December 21.-La grippe seems to have taken complete possession of this community. The extension of the time for paying taxes came none too soon to relieve the many anxious minds in this, and, from what the papers say, in almost all parts of the State. "The Hornet," a train on the C., C. & A. railroad running from Chester to Charlotte in the morning and returning at night, has been discontinued, and will now run, as formerly, between Charlotte and Statesville, on its old schedule. There is quite a sensation over on Turkey creek, near the Chester line. Blood and other evidences of a desperate struggle have been discovered on Mr. John L. Another searching party will go out today to give the matter a thorough investigation.
