A BULL-NETTING STORY
There was a full meeting of the County Democratic Executive committee in Yorkville last Wednesday. Among the members present were Mr. Felix H. Dover, of Blacksburg, and Dr. T. W. Campbell, of Energy.

Both of these gentlemen are better farmers than politicians, and instead of Tillman and Sheppard, talked clover, corn, wheat, oats and the grasses.

"Speaking of clover," said Dr. Campbell, "one of the greatest pests that troubles milk is this here bull-nettle. Try as I will, I just can't get rid of it. I'll tell you a little story about it. I know you won't believe it, but if necessary I can bring up the witnesses to prove it. In 1881—that dry year—I had a well dug in my yard. The well was laid off seven feet square, and in the centre of the square was a big bunch of bull-nettles. As the diggers sunk the well they kept noticing the roots of that bull-nettle going on down and down, and actually followed them to water, 38 feet under the surface.

"Hardest plant I know," said Mr. Dover, "and after it once gets a start, it is almost impossible to get rid of it. I'll tell you one thing though that will kill it. Just turn your sheep on it for about two years, and you will be troubled with bull-nettles no more. The sheep keeps the tops eaten off and after awhile the roots die out."

Both gentlemen agreed to the efficiency of this remedy; but at the same time they agreed that it was impracticable where the lands could not be spared for pasturage, and an economical plan for the destruction of the bull-nettle was not finally arrived at.

A POOR MAN IN LAUCK
They are scattered all over the world, and in York county have a few. We refer to the Federal pensioners into whose pockets congress has directed the hard-earned stream of gold constantly pouring into the national treasury from the hands of the taxpayers of the country. A reporter for THE ENQUIRER happened into the office of the clerk of the court last Monday, and while there saw the pension papers of Mr. Frederick Schneider, a Federal veteran, who has just succeeded in establishing his claim and drawing back pay, as well as a future stipend of \$12 a month, for his services in the war of secession.

Of course, no reflections are meant on Mr. Schneider. If anybody is entitled to a pension he is, and since the government is determined to pay out its money rather than see any one else in York county than to any other section of the country that we could name.

The pension warrant received by Mr. Schneider is number 797,120, and calls for \$1,243.73, which sum includes back pay from 1864 to 1890, at the rate of \$4 per month. From 1890, during the balance of his life, the pensioner gets \$12 a month, and his total back pay up to date amounts to \$1,831.73.

Mr. Schneider is a Prussian by birth, and came to America in 1856. He entered company B of the First regiment of Ohio volunteer infantry in 1861, and served until the latter part of 1864, when, at the battle of Deming, East Tennessee, he received a wound in the left hand that incapacitated him for further service.

Schneider is 60 years of age, a farmer by occupation, and has been living in various sections of York county; first on one farm and then another, since 1877. For the last six years he has been located at Clover, and with a portion of the money just received from the government, having purchased a 168 acre farm from Captain W. B. Smith, expects to spend the balance of his days among people by whom he has always been most kindly treated.

THE QUESTION OF TICKETS
Sensations always come thickest just as the hour for a general election approaches. The newspapers are full of them, and from month to month go numerous stories; sometimes truthful, sometimes more or less colored, and sometimes altogether false, intended to urge the calculations of voters who have already decided upon what they intend to do. The election yesterday was not an exception. The usual stories were put afloat, and many of these stories were lies of a most brutal and villainous character.

The biggest sensation of the week, however, was sprung by Chairman Irbly on Saturday. It was in reference to the question of tickets. On the streets of Columbia, Chairman Irbly was asked as to whether it was legal to have the names of all candidates printed on one ticket and allow the voter to scratch off those for whom he did not wish to vote. Chairman Irbly said no; that no ticket must contain the names of candidates other than just enough to fill the respective offices.

This decision, published throughout the State on Sunday, spread consternation everywhere. In nearly every county, tickets of the description that Mr. Irbly had condemned had been printed and distributed at great expense and sold to every precinct. Such was the case in York, and the members of the executive committee were worried not a little.

Chairman Irbly telegraphed to Irbly to know whether or not his decision had been correctly interpreted, and received a reply to the effect that it had. Mr. Irbly then took the responsibility of printing back that "York county's tickets are legal, and if the question of their legality comes up it

will be settled by the courts and not by Chairman Irbly."

With this it was decided that the tickets in York county would be used as originally prepared, and although no one has been able to see any sense whatever in Chairman Irbly's strange decision, the final outcome of the matter, if there is to be a final outcome, will be watched with interest.

LOCAL LACONICS
The Yorkville colored baseball club went to Clover last Thursday, and the "jackwal" succeeded in carrying off the "sheep." The score was 16 to 17 in favor of Clover.

A change of schedule went into effect on the Chester and Norfolk railroad last Monday. Commencing on that day, the southbound passenger train reaches Yorkville at 12.42 p. m., and going north, it arrives at 4.12 p. m.

To a correspondent at Pineville, who has neglected to sign his name, we beg leave to say again that under no circumstances do we print anonymous communications. We must have the name of the writer of every communication, not necessarily for publication, but as a guarantee of good faith.

Not less than twelve or fifteen people were denied the right to vote at this precinct yesterday. It was for the reason that their names were not enrolled on the club list as required by the rules of the party. Nearly every one of the should-have-been voters were well known responsible men, and each of them affirm that they were correctly enrolled.

proper authorities to enroll their names. Miss F. H. Dover, of Blacksburg, is one of the York county farmers who went in for diversified crops last spring. He planted an acre of Irish potatoes, a big patch of tobacco, and a considerable quantity of rice, together, of course, with a proportionate quantity of wheat, oats, cotton and corn. The potatoes turned out handsomely; tobacco did not so well, but the rice is looking first-rate, and as the result, Mr. Dover is already encouraged to go in for each of the new crops on a much larger scale next year.

ABOUT PEOPLE
Miss Lula Goodman is visiting at Gastonia. Mr. Gray McElwee is in Greensboro, N. C. Will E. Ferguson and wife, of Atlanta, Ga., are in Yorkville on a visit.

Professor W. W. Lewis and wife left last Monday for Atlanta, Ga. Miss Kate Neely is visiting the family of Mr. Hyder A. Neely.

Miss Lizzie Scott, of Charlotte, is in Yorkville, visiting Miss Mary Clark. Miss Eleanor A. Shires left yesterday for a month's vacation at her home in New York.

Miss Lynwood Miller, of Old Point, and Miss Iva Whitson, of Sharon, are visiting Miss Belle Carroll. Miss Edna Owen, of Rock Hill, is in Yorkville visiting relatives and friends, the guest of Mrs. T. B. McClain.

Judge W. L. McCorkle returned home last Monday from Cleveland springs, much benefited by the trip. These notes are taken from the following: Mr. W. L. Law, of Yorkville, has accepted a professorship in the Patrick Military Institute, Anderson, S. C.

Mr. J. H. McElwee and daughter, Miss Addie, of Statesville, N. C., are visiting the family of Mr. S. A. McElwee. Mr. M. Strauss returned from Cleveland Springs on last Sunday after spending a week at that popular health resort.

Mr. Charles R. Simmons, who recently went to Rock Hill to clerk for Messrs. A. Freidheim & Bro., has given up the place to accept a similar position at Henrietta, N. C.

Mr. S. L. Hobbs, who has been in charge of the Three C's telegraph office at this place for more than a year past, has been transferred to Forest Hill, N. C. Mr. N. H. Kearney, of Blacksburg, is now in charge of the Yorkville office.

We had a pleasant call last Saturday afternoon from Rev. Thos. D. Latimer, D. D., pastor of the Episcopal church at Yorkville, and the Presbyterian church at Cleveland, Tennessee. He is spending a few weeks of much needed recreation with relatives and friends in and near Yorkville.

THE ELECTION YESTERDAY
The primary election at the Yorkville school yesterday was a study. The main features, no doubt, were, in general, the same all over the country, and probably the election was very similar to all others that have preceded it for a number of years past; but, all the same, it was a study.

The voters began to arrive about 7 o'clock and the polls were opened at 8. But before the polls were opened, a number of campaigners, fully provided with the munitions of war, were seen to come into town. Two or three came in buggies and several others on horseback, but all came from the direction of North Carolina. They were all loaded, and their loads were very similar. In some cases they carried ordinary guano sacks, and in other cases they had filled-bags. Both bags and sacks were well filled, and bulged out in a manner that left no room for mistaking their contents. Anybody could see that the campaigners referred to were loaded down with something, and that something appeared to be jugs. What was in the jugs, of course remained for future developments, and future developments established beyond a peradventure that every jug contained a certain quantity of whiskey.

The battle commenced with the opening of the polls, and was waged with varying interest all during the day. Some of the voters voted immediately upon their arrival at the polls, and without arguments; others delayed voting until late in the day and were argued with frequently. As the result of these arguments, many of them were so thoroughly convinced that they were scarcely able to vote at all, and even after voting, continued to take more "argument." By 6 o'clock they did not know whether they were voting yesterday, tomorrow or last week, and were willing, if asked to do so, to vote for every candidate on the ticket regardless of whether he was for Tillman or Sheppard.

Numerous names of all candidates were printed on one ticket in every election. The newspapers are full of them, and from month to month go numerous stories; sometimes truthful, sometimes more or less colored, and sometimes altogether false, intended to urge the calculations of voters who have already decided upon what they intend to do. CLEVELAND'S PLAIN ENGLISH.—Michael Shelley, a merchant of this city, says that a Chattanooga dispatch of Friday, got into a discussion recently with a Republican neighbor who asserted that "during Cleveland's administration he (Cleveland) permitted the Land Commission, W. J. Sparks, to turn out 20,000 families from their homes in Minnesota and other Northwestern States."

Mr. Shelley addressed a letter to Mr. Cleveland on the subject and received the following reply:

GRAY GABLES, BUZZARD'S BAY, Mass., August 22.—(Personal).—Mr. Shelley, Chattanooga, Tenn.—My Dear Sir: Your letter of the 12th instant is at hand. In reply I may say that I have read the plain English what "your worthy friend" meant when he declared "that I had been the medium through which 20,000 families were made homeless, and had lost their all, fighting for their rights."

I'm perfectly well aware that I have been the means of saving some homes to my countrymen, and have tried very hard to make the burden of their lives easier. I have managed to receive from the Southern States a letter containing charges like the one which you bring to my attention. I am surprised, first, at the ingenuity necessary for their concoction without the aid of a good CHOCLET. I am surprised, second, at the audacity of the man who, with my record before the people of this country such baseless lies should be deemed sufficient arguments to prejudice me, and the cause which I for the time being represent, in the mind of the Southern people. Very truly yours, GROVER CLEVELAND.

—According to the figures of the recent census, less than one per cent of the white males in this State are foreign born.

A Great and Successful Company
For more than ten years the Mutual Reserve Fund Life Association of New York has conducted its business in the face of steady criticism and competition, refuting by results all objections, and excouragingly steadily increasing success, all opposition. Much of this achievement is due to the ability and enthusiasm of President Harper, who is not only an expert in insurance matters, but an organizer of men. It is one of the kind of rare men who late Mr. James Parton happily characterized as "captains of industry."
