A terrible cyclone passed through Newberry county, about six miles south of Prosperity, on Tuesday of last week. Its path was from 250 to 300 yards in width, and it swept the earth for a distance of about ten miles. Houses, trees, cotton and corn fields, were completely demolished. One cotton field in the line of the storm is very rocky. The rocks, which were flint, were swept up as completely as if by an immense rake, and the storm is very rocky.

TALBERT TALKS SQUARE.—Colonel W. Jasper Talbert, who defeated Congressman Tillman, was tendered a serenade by his political admirers, says a Columbia dispatch of Friday to the Greenville News. I went all through that several years ago, when, and at a time, as Mr. Harper will tell you, it required some nerve to stand up and say that there was more than one system. I meant, however, to make a fair report. I was determined that no man should own me, and that I would carry out the law to the last letter. Your company has been successful. If you had not deserved to succeed you would not have been in your present position. I came here by accident today entirely. My presence is not the result any arrangement between Harper and Reinzund and my self, and I did not come here to make a speech."

I was a happy man; I used to fancy myself one of the most fortunate fellows alive. I felt proud of the way I had got along; sometimes I used to think I surely must have been born under a lucky star; I seemed to prosper in everything.
