Dispensary Matters.

Governor Evans sent his special dispensary message to the general assembly last Monday. He declines in his message to ask for the abolition of the (Salesday), the following real property drinking feature of the law. The total net accrued profits from the business for the past 11 months are \$243. 816.67. He reports that the constabulary has cost for the past year \$43. 032.01, and \$18,031.70 worth of contraband liquor was seized. Without the constables the blind tigers would be rampant. He has discovered that retail liquor licenses were issued by the United States goverment to 157 illicit whisky dealers in Charleston at one time. He goes for Judge Simonton's injunction, calling it a legal curiosity. He justifies his appointment of metropolitan police for Charleston as a matter of pagesity.

(Salesday), the foliowing real property to-wit:

All that piece, parcel, or tract of land situated in county of York and State of South Carolina, on the waters of Burrough's branch, bounded by lands of Wm. Caldwell, elm stump, — Crawford and others. Sold for partition among the beins-at-law of Mary Caveny and others. Containing ONE HUNDRED AND TWENTY-FIVE ACRES, more or less. IF YOU ARE PROGRESSIVE AND UP-TO-DATE

YOU certainly need and want THE TWICE-A-WEEK ENQUIRER to come to your home regularly all the time. WHY?

Well, sir, because it is recognized as being the brightest, cleanest, newsiest, most progressive and up-to-date family newsper published in the Piedmont Belt.

ANOTHER REASON THAT

Makes you want THE TWICE-A-WEEK ENQUIRER, is that your neighbor takes it, and you do not want to be behind your neighbor in the march of progress. DEAR SIRS:—The Acme Light Roadster came to hand O. K. on the 10th inst., and I must frankly say it meets my fullest expectations, and I am very much pleased with it. I consider it a strictly high grade up-to-date wheel in every detail of design, material, construction and finish, and is fully equal, if not superior, to many of fully equal, if not superior, to many of the best \$100.00 wheels sold on the market here. I believe the Acme frame is the strongest and most rigid and the most graceful and lightest frame built. It is a beauty among beauties, and cannot fail to satisfy. Yours truly, CHAS. T. A FACT!

T is a fact that has never been contra-dicted successfully that the WILCOX & WHITE ORGAN is the BEST fami-& WHITE ORGAN is the BEST family Organ that has ever been put upon the American market. Its sweetness of tone, power, finish, lasting qualities, etc., are testified to by hundreds and thousands of musicians, professional and otherwise, all over the globe. They are used in the palaces of the royalty of Europe, in preference to all other Organs. Its sweet, even and powerful tones, make the WILCOX & WHITE Organs the universal favorite in cottage and palace, at home and abroad. It is the favorite in York county.

IS THE WILCOX AND WHITE ORGAN AS LOW IN PRICE AS THE ---

The way I will answer the above is by a comparison. Suppose I sell you a Wilcox & White Organ for \$75, which with ordinary care will not need any attention for 10 years, and therefore be no expense. Next, suppose Mr. B. bought a — for \$40. Has he saved any money? No, sir. It is exactly on the principal of \$2 shoes and \$4 shoes. With ordinary care B's organ will cost \$5 a year for repairs. \$50 in 10 years, besides the annoyance of hearing, "Papa, my organ is out of fix." If you want the best and cheapest Organ, go to GEORGE T. SCHORB, and buy a

POR the reason that we have not already extended the compliments of the season and wished our friends and the ever appreciative public a prosperous new year, it should not be taken as an evidence of ingratitude on the part of the management of LATIMER'S FASHION BAZAAR. The fact is we had other mackerel in the pot, and couldn't spare the time to pen our feelings in our advertising space. No individual or institution can contain more apal or institution can contain more appreciation of public favors than THE BAZAAR, and nobody under the sun can give you more style, quality OR VALUE for the dollar.

Dress-Making

Is a feature at THE BAZAAR, and it is more than likely that no one, unless their taste and judgment be over-predominated by envy, will deny that gowns made at our establishment will compare with those of any establishment in the U.S. or Venezuela. Strong statement this; but there can be no dispute over our boundary line!

CAROLINA BUGGY CO.

THE HOG CONTEST

W HICH has recently come to a close, has developed into a lesson on domestic economy. Yet there are plenty of farmers, and individuals of other vocations who are alternials as to the provision of the control of the c mestic economy. Yet there are plenty of farmers, and individuals of other vocations who are skeptical as to the merits of well bred pigs. To them a hog is a hog, and that is all there is about it; and who will doubt it literally? They argue that with plenty of corn one hog, regardless of stock, will make fully as much, again and as good pork as the other. In a majority of cases a careful trial would go a long way toward proving the contrary. We are not dealing in hogs, however; but buggies and we contend that a substitute for the Carolina Buggy can't be produced on the surface of the earth at a less price, and give the same amount of satisfaction, and cost as little for repairs during its existence as the CAROLINA.

You can buy buggies that weigh as much, and look nearly like ours; you can get buggies at all prices, but the old CAROLINA is sold at one price and alike to everybody. It has a value and its quality fixes its price.

The CAROLINA buggy is not given away with a box of laundry soap, a package of chewing gum or a 100 cigars, but is sold to intelligent people who know what they want and where to buy it.

The Carolina Buggy has no superior and few equals. Call at their repository in Yorkville and inspect the vehicles.

Without any effort, the Carolina Buggy company takes all premiums offered to public exhibitors.
