A HOUSEHOLD REMEDY. Dr. J. B. Delvaux's Great Indian Blood Purifier is Nature's Own Remedy.

MADE from the best and most powerful medicinal and curative roots and herbs of the forest, Dr. J. B. DELVAUX'S INDIAN BLOOD PURIFIER is truly a all chronic disease in individuals who have thin blood and have lost their vitality, and as a tonic it has no equal. It invigorates the system, overpowers dyspepsia and walks roughshod over all ailments having a tendency to depressed spirits. Within a radius of 100 miles it has nearly run all other preparations from the market and is emperor of all family medicine chests. It cleanses and tones up the stomach, promotes a healthy action of the liver, bowels and kidneys, and produces pure rich blood, thus giving the patient the strength to withstand the attacks of diseases. It cures syphilis in any stage, scrofula, old sores, piles, shaking chills, nervous prostration, general debility, and will prevent malarial fever. This great remedy has no rival. Sold in all first-class drug stores, and general country stores, and by authorized agents, who are now covering ever nook and corner of the country; or you can get it direct from us by applying to Dr. J. B. DELVAUX & CO., Yorkville, S. C.

THE WISE WOMAN

Don't go to a hardware store to buy a spring hat simply because hardware stores sell a few "springs," yet you hear occasionally that women are the "weaker sex." From an intellectual view, this can't be true. The Ladies know that we run a Shoe and Clothing store and they know that in a shoe store they can buy the kind of shoes they want at a price commensurate with the quality desired. Do you?

THE PARTICULAR MAN

Has long since learned that to buy Ready-Made Clothing at MARSHALL'S is no experiment; but full value for an honest dollar. Have you seen our line of Gent's Straw Hats at any price you want to pay? Our line of Shirts, Collars and Cravats can't be touched in beauty, quality or price. W. F. MARSHALL, In the Allison Block.

GRIST COUSINS.

It Won't Take You Long. IF YOU contemplate buying a Surrey Phaeton, Carriage or Buggy you should not do so—that is if you wish to consult your own interest—until you have seen us. We believe we can sell you as fine and as good a Buggy as is sold in this section for \$20 less money than any other dealer. We mean what we say and think we can convince you of the truth of the statement if you will give us a chance. We can sell you a Buggy as low down as \$35, and it is guaranteed for 12 months, too. The quality and workmanship of the \$35 Buggy is, of course, a little off, but the manufacturers are safe in guaranteeing it for one year, because almost any job will run that long. See!

From \$70 Up. We can sell you a 4-passenger Surrey from \$70 on up to any price you are a mind to pay. This part, of course, is governed by the quality of the goods. HARNESS With Every Job. We can furnish Harness with every job we sell, if purchasers desire, and prices range from \$5.50 up. GRIST COUSINS.

DAY BY DAY IT GROWS.

STRAUSS DON'T BELIEVE THAT there has ever been a dry goods business conducted in this county that has grown to such proportions and has made such rapid strides to notoriety as has his business in the past twelve months. Almost with a leap and a bound the most reckless competition has been pushed aside and STRAUSS'S business is perched on the highest pinnacle of success. For miles around people are coming to STRAUSS to spend their hard earned money, knowing that their wants and necessities can be supplied with less money than anywhere else.

People have come to Strauss's and found the store so crowded as to cause them to wander elsewhere to make their purchases, and after a few hours' stroll in other shops, fell into Strauss's during a lull in business, and upon examination of our goods and prices, have become so dissatisfied with their trading that they threatened to take their purchases back and demand their money. We cannot wait upon our customers in a minute; but if you will be patient until we can reach you, you will get both goods and prices to satisfy you.

In the past ten days I have picked up a number of bargains, and as it is my custom to give the benefits of my experience and cash, I enumerate a few of these bargains into today's paper. They will arrive this week.

- Japanese Fans worth 50 cents at only 10 cents. Ladies' Black Folding Fans at 5 and 10 cents, which prices make the manufacturers rage. A job lot of ladies' and misses Colored Parasols way below wholesale cost. Gents' Piccadilly Laced Shoes at 98 cents. Less than wholesale price. Ladies' Button Shoes at 65 cents. I am satisfied that these shoes cannot be bought on any other market for double the money, and the most daring competition can't shade us. Men's Black Planters' Hats at 25 cents, worth 50 cent's anywhere. The ducks are in the fountain; And little gold fish too. Strauss is selling the fixin's; "He is sure a huckleberry do." Boys' Fur Crushers worth 50 cents at 25 cents. H. C. STRAUSS.

OVERPRODUCTION IN COTTON GOODS!

GREAT LANDSLIDE IN PRICES!

MUCH DISTRESS AMONG FACTORIES!

MILLIONS SLAUGHTERED ON THE AUCTIONEER'S BLOCK!

Prices Are Ranging Now Around the Lowest Figures Reached Last Year, When Cotton was Down to 5 Cents, All on Account of Overproduction.

The strong tendency of the moment is to enlarged and bold undertakings, involving heavy expenditures. Where the outlook is uncertain, the looking inward should be more persistent. Conservative buying in February and March left us open to take advantage of the great slaughter sales, which we believed were sure to come and secure for our patrons the products of their country at about half their value.

INCLUDING the up-to-date fastenings and adjustments, which makes it the most desirable GRAIN CRADLE ON THE MARKET. These cradles have 14 fingers, and the old "Josh Berry," which has heretofore had full sway in the harvest field is not in it at all. Be sure to examine it before you buy; it certainly will "shock" the wheat of this section, while the price will sound like sweet music in the harvester's ears.

MY COTTON HARROWS,

As the ladies' fashion books say, "will be the rage of the season!" and why should they not be? They have been in seasons gone by, and are we not taught that "all things are good in their season?"
