The children as well as the older pupils, acquitted themselves very creditably, and taking into consideration that it was Shady Grove's first effort in this direction, the exercises were very praiseworthy.

The orator of the day was the Rev. W. A. ground that the provision of the constitution allowing the State to obtain a charge of venue was adopted after the crime was committed, and, therefore, it is attempted to make the defendants answer to an ex post facto law. The case cannot be argued in the supreme court until next fall, and in the meantime the prisoners will be kept in jail.
