

Monday, it developed that there are still a good many white voters without certificates. The books will be kept open the balance of this week, and then there will be three more days in October—the 1st, 2nd, and 3d.

Mr. Tate Goes to Darlington. Mr. J. A. Tate, of this place, has accepted a position as assistant principal of the Welch Neck High school, at Hartsville, Darlington county, and left here on Saturday for the purpose of entering on the discharge of his duties.

Dr. J. H. Saye of Sharon, left at THE ENQUIRER office on Saturday, four peaches sent by Mr. McAllister Hope, and which practically represent four crops from the same tree. The peaches are of different sizes, ranging from a guinea egg down to about a damson plum.

They tell a funny story of a certain political boss who is said to exercise supreme authority at his precinct. He was especially interested in two candidates, both of whom had served two terms. One he wanted elected and the other he wanted defeated.

ROCK HILL HAPPENINGS. Want a Union Depot—Uncle Miles Past 70—Other Matters.

ROCK HILL, September 7.—Just now all interest centers in the election next Tuesday. As far as the contest between Evans and Earle is concerned, little is being said; but the other candidates and their friends are moving vigorously.

The infirmary at Winthrop college is in course of erection. In this, President Johnson has shown his usual tact and judgment. The building will be of approved design and will be equipped with every convenience known.

We have heard of an union depot for Rock Hill until we are anxious to use another of our senses in the structure. The commission on try and the legislature may follow suit, but nothing will be done until the people take hold of it in earnest.

Professor W. E. Brezale, the head of the department of mathematics at Winthrop, has returned with his family from their holiday. He expects to keep house in the residence of Mr. W. J. Cherry next year instead of living in the dormitory.

Prof. and Mrs. Brown are back again after an outing spent in the mountains, and which Prof. Brown assures us "could not be beat."

Prof. Smith, the efficient head of Ebenezer academy, is also at his post. In fact all the teachers are gathering in. "Uncle Miles" Johnson has passed his 70th birthday and notwithstanding the fact that he has thus fulfilled the allotted time of his race, walks both firmly and briskly.

Messrs. Mark D. Sullivan and Calvin Stevenson have gone to Baltimore to take a course in pharmacy. Their many friends will miss them but give them good wishes.

Gathering the Crops—Picnic at Flint Hill—Successful Revival—Closing of the School—Lawn Party at Mr. Crook's.

GOLD HILL, August 6.—After a short rest, we are again at work gathering our crops. Early corn is good; but late corn is unusually light. The peavine crop in this section is good.

The Peter Nicholson Society of Flint Hill Baptist church, gave a picnic on Sunday, August 29. There were but few present but all enjoyed themselves.

The revival at Philadelphia Methodist church closed last Sunday night after nine or ten days' good work. There were several accessions and all the members felt benefited. Rev. J. W. Humbert's sermon on the closing night was based on the questions: "What kind of life are you living? Are you serving God or the devil?"

Our school, which has been going on for the past two months under the able management of Miss Maggie Alexander, closed last Friday with appropriate exercises. The house was beautifully decorated with evergreens and flowers and a conspicuous feature were the words, "Welcome All," worked in cedar. On the right wall was "Gold Hill" in large letters, and on the opposite side was the motto "God Bless our School."

WORK AT WINTHROP.—The Winthrop college grounds will soon be improved by the addition of a neat and elegant building, the infirmary or hospital. Work has already been commenced on this building and will be pushed rapidly. It will be situated about twenty-five feet from the wing of the dormitory, with which it will be connected by a covered way.

1st class—Maggie Wilson, 99; Prince Faris, 94; Annie Cook, 92. 2nd class—Beulah Faris, 96; Annie Faris, 94; Bessie Faris, 94; Minnie Kimbrell, 92; Grover Epps, 93; Beulah Kimbrell, 95; Elsie Boyd, 90; Grace Cook, 90; Elmore Cook, 90; Blumer Owen, 90; Joel Epps, 90.

3rd class—Willie Owen, 94; Corine Faris, 94; Willie Crook, 94; Lillie Faris, 92; Mandy Crook, 93; Cannie Crook, 91; Grover Epps, 90; Burney Spinks, 90. There was a delightful lawn party at the residence of Mr. W. H. Crook on the night of the 4th. It was interfered with at about 9 o'clock by a rain; but after that hour the guests were entertained with music on the piano and organ.

At the college farm a large barn is being built and will soon be completed. A number of the finest milch cows obtainable have been contracted for and the college will thus be supplied with milk. For butter and cheese, contracts have been made with neighboring stock farms. It requires about 40 gallons of milk daily to supply the college.

Up to date President Johnson has received over 600 applicants for rooms in the dormitory for next fall. As this will accommodate only 240 students comfortably, over 360 cannot

get rooms. However, Professor Johnson is trying to secure private boarding houses for them and has so far been successful.—Rock Hill Herald, Saturday.

YESTERDAY'S PRIMARY. The result of yesterday's primary in the county is as follows: Wylie is clerk. Williams is auditor. Shurley is superintendent of education. Culp is supervisor.

Mr. J. B. Mendenhall telegraphs THE ENQUIRER from Columbia as follows: "Complete returns from Chester, Lancaster and Camden give a majority of 1,470."

A. M. Grist telegraph from Charleston as follows: "Earle carried this county by 1,900 majority. In Richland his majority is about 1,000 and in Greenville it is nearly 2,000."

A dispatch from Spartanburg says Evans's majority in that county has been reduced below 800.

Scattering returns from a number of precincts through the state seem to indicate large gains for Earle.

CHARLESTON, September 8.—Up to 8 o'clock the total vote as heard from was 21,590, of which Earle received 15,184, and Evans 6,406.

LETTER FROM ZADOK. Cotton Pickling—Will Not Hold For Lower Prices—Closing of the School.

ZADOK, August 30.—Cotton pickling is now on the rush, money has begun to jingle, and the jugs are going up the road.

I don't know whether other people, this year, intend to hold their cotton for lower prices or not; but as for me, I intend to sell as fast as I can. The merchants have around my field like flying squirrels, and I see no other way for it.

Our school at Pleasant Grove closed last Saturday. There was present a handsome, happy crowd of not less than 40 children, and also the old folks with baskets of good things to eat.

The speaker who has a strong grip on his subject will hold the attention of his audience. The lawyer who has a strong grip on all points in his case will have verdicts in his favor.

STRAUSS IN NEW YORK!

"DELMONICO." New York City, Sep. 2. To My Friends in York: I suppose that some of you know that I am here. Although my arrival was not heralded with as much pomp, fuss and feathers as the arrival of Mr. Bryan, I am here just the same.

I wouldn't have you to think that I am stopping at this little side street restaurant, named in the first line of this letter. I just came around here on the pretext of writing a letter so that I might see the "keeper" feed the animals, and law me, he sure feeds them! Some of them take as much feeding as a well developed mud mill! Any when they have finished, whip out a \$30 bill to pay for their meal, ask for no change, and as they walk out cuss the south and west for wanting only money enough to buy a soup bone!

But friends, this is not what I came to New York for. I came to buy bargains in Dress Goods, Clothing, Shoes, Neckwear, Hosiery, etc., and these fellows up here have seen that "I got the hoodle," and they are just trying to sell me everything they've got at 25 cents on the dollar! They say if I'll take all they have, they won't touch the other fellows at all. They say that they want to convert their goods into cash before the election, for then there will be a P-A-N-N-I-C-K!

A P-A-N-N-I-C-K! I say, "What's that? Can't we have it right now, what's the use in waiting until after the election?"

Oh! you see this fellow, Will Bryan, a Nebraska upstart, came in town and he has fairly turned the town over, and the whole broadcast at that, and by his part working the people to talking the money and financial question, and in consequence thereof business has become unsettled and prices on goods just bought and put in this stock, have declined 50 per cent!

"Well, my friend, that is just what I came to New York for—bargains! Not to talk politics, but to get the best goods that have declined 50 per cent, that will suit my customers, 'trot 'em out and I will sure stop the decline on some of them. It's what money buys, I want, and you tell your troubles to the policeman, for I have got my goods to buy, and then go home and sell a sewing machine before the middle of September."
