No man can keep his mind alive Text of the Lesson, I Kings i, 28-39.

Memory Verses, 28-30 - Golden Text, I Kings ii, 3-Commentary by the Rev. D. M. Stearns. 28. "Then King David answered and

said, Call me Bathshelm. And she came not. The other day I went in and the ability to get pleasure out of hard asked him if there was a letter for me from York state.

The only dumb animal is the Jadidah (II Sam. xii, 24, 25). The occasion of her being sent for at this time was a matter concerning the throne and the kingdom, as fully described in the first better living on a little than outliving part of this chapter. The troubler of Israel was now Adonijah, the fourth son of David (II Sam. iii, 4). His name signifies "Jehovah, my Lord," but his actions said, I am my own master, and I'll master others too. . Like Absalom, he is against the king and the kingdom and suggestive of antichrist.

29. "And the king swore and said, As the Lord liveth, that hath redeemed my soul out of all distress." Although on ly increased by the addition of about his deathbed, he had no fear, for he could say, "Bless the Lord, O my soul, who forgiveth all thine iniquities, who redeemeth thy life from destruction!" 80. "Assuredly Solomon thy son shall reign after me, and he shall sit upon my throne in my stead." This was the Lord's appointment, as fully stated in I Chron xxii, 9, 10, and in chapter xxviii, 5, David says, "Of all my sons—for the Lord hath given me many sons—He hath chosen Solomon, my son, to sit upon the throne of the kingdom of the Lord over Israel." When the queen of Sheba came to see Solomon, she said, "Blessed be the Lord thy God, which delighted in thee to set thee on His throne, to be king for the Lord thy God!" (II Chron. ix, 8.) No earthly throne was ever called the throne of the Lord, except that at Jerusalem, and Jerusalem shall yet be the throne of the Lord standing all anti-Christian hatred (Jer.

iii, 17, 18). 81. "Let my Lord King David live forever." Thus said Bathsheba. Compare Sam. x, 24, and margin, and also Neh. ii, 8; Dan. ii, 4, etc. David still lives with Christ in glory, awaiting the resurrection of his body, unless he rose from the dead in the company of Math. xxvii, 52, 53, which does not seem probable from Acts ii, 29, 34. Our great comfort as believers is that He who once died for us on Calvary is alive forevermore, having all power in heaven and on earth, and because He lives we live also (Rev. i, 18; John xiv, 19). 82. "And King David said: Call me Zadok the priest, and Nathan the prophet, and Benaiah the son of Jeholada. And they came before the king." All are at

his bidding, whether wife or officers or at his commandment (I Chron. xxviii, 21). The kingdom was well represented by those now assembled, the king, priest and prophet and one of the leading mighty men (II Sam. xxiii, 20). Our Lord Jesus

The anointed of the Lord from the first use of the phrase in I Sam. ii, 10, 85, points to Him who is truly the Lord's and kings are but foreshadowings.

35. "He shall be king in my stead." These words "in my stead," found also in verse 30, along with the words in verse 38, "ride upon mine own mule," emphasize very strongly that David's place was to be how truly the ram took Isaac's place as a sacrifice, and just as truly the Lord Jesus Christ took our place to suffer in our stead.

86. "And Benaiah the son of Jehoiada answered the king and said, Amen; the Lord God of my lord the king say so too.' This is a proper attitude of a servant to a king, saying amen to what the king says, lege to think God's thoughts, eat His words and be hear-ily one with Him in every-Him (Amos iii, 3).

"As the Lord hath been with my lord the king, even so he be with Solomon.' The secret of any success of David was that, "the Lord was with him" (II Sam. v, 10; vii, 8; viii, 6, 14). It was even so of Moses and Joshua and Gideon and Jeremiah (Ex. iii, 12; Joshua i, 5; Judg. vi, 16; Jer. 1, 8), and as if it included all else, it was one of our Lord's parting words gin). I often think that it is the greatest of all the promises for this present life.

88. "So they caused Solomon to ride upon King David's mule and brought him to Gihon." They did as they were comto Gihon." They did as they were com-manded. Thus did Noah and Moses and Joshua, and thus do all the faithful. If we are only willing and obedient, we shall eat the good of the land (Isa. i, 19), but if we refuse and rebel it will be ill for us.

If the fertility of the soil is to be kept up, not only must all the manure possible be saved and applied, but every opportunity must be taken to plow under a green crop. Even then, in many cases, it will pay to use commercial fertilizers.

The larger the yield of the crops the more food, and the more feed grown the larger number of stock it is possible to keep, and the more manure can be made. With sheep, and in fact all kinds of breeding stock, rye is most valuable for the reason that it supplies green food at just the time when it is most needed. When the ewes are bred for early lambs with the intention of reaching the early market, a good patch of rye on which they can be turned in the spring will be found valuable. TO PREVENT LOSS BY FROST .-George A. ### NEW TOWNSHIP, COUNTY, RAIL-WAY, DISTANCE, STATE MAP OF SOUTH CAROLINA.

TUNISON'S

THIS new Map of South Carolina has just been completed and has no equal. It was constructed by the most accomplished draughtsmen and engravers; is based on government surveys, official railroad information and ether authentic sources. Unequalled in accuracy, it is newer in design than any other, and is the only map of the State sold at a reasonable price. Each township is colored separately in sea shell tint colors by the hand and stencil process and named. The counties, including the new county of Saluda, are plainly outlined and the principal wagon roads all over the State are shown, also the canals.

Can and will always be accurately filled when brought to our store, having just received a large shipment of drugs and chemicals for our prescription department, and the counter is always in charge of competent clerks.

This is also the most complete railroad map of South Carolina ever published, as it gives the entire railroad system of the State with the correct distance between every station marked with figures from official railroad guides. The names of the railroads are printed on them; thus we can tell what railroad to take to go to any town or place, and the correct distances, shortest road, and cost of travel between any two places.
