A HOLIDAY FEATURE.

AT each Christmas season many hundreds of THE LADIES' HOME JOURNAL readers order subscriptions to be sent as presents to friends. To relieve the donor of the somewhat unpleasant necessity of writing to the recipients of these gifts, telling them of the remembrance, a beautiful Christmas card has been prepared which will be sent in a sealed envelope to each person for whom a subscription is thus ordered, informing her of the gift and the name of the donor.

Unless otherwise directed the subscription will be commenced with the Christmas issue, and the first copy, as well as the card, will be mailed so as to be received the day before Christmas.

Such a gift is appropriate in character, moderate in cost—only \$1 a year—and furnishes the recipient 12 pleasant reminders of the friend ordering it. Send orders to REG. M. GRIST, Subscription Agt., Yorkville, S. C.

There is no Flour on this or any other market that is superior to Swan's Down. It makes delightful loaves and biscuits, and has all the nourishment in it that can be had in any flour you can find. Some say that Swan's Down is the housekeeper's delight. One sack will convince you of its merits.

IN the court house tower, it is needless to ask its meaning, for the unconscious shudder which has all but paralyzed your senses, makes you involuntarily scream "FIRE!" Then you think of your own home and your FIRE INSURANCE POLICY, a matter which should have been attended to long before the big bell rang. If you have no insurance see us at once and let us write you a policy in the Old Reliable Continental Insurance Company of New York, one of the strongest insurance companies in the United States, having gross assets of \$2,516,828.25, and reserve for re-insurance in force of \$4,191,020, and it costs no more to insure with us than with any other company. AN UNRELIABLE WATCH

IS one of the greatest nuisances with which the human family has to contend. It almost makes you sick to think of having it about you. It makes no difference what kind of a watch it is, whether it be a gold watch, silver watch, nickel watch, Waterbury watch or night watch, you want something RELIABLE, and it can't be reliable unless it is kept in good condition. Many are the good, reliable watches that are ruined for the lack of care, and are allowed to run until they won't run on account of accumulated dust. If you have a watch that needs the attention of a first-class workman, bring it to me. If you require an engagement ring or any other kind of jewelry in your business, see T. W. SPECK of Yorkville, S. C., before buying.

Special Notices.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
