Lawyers who make it their business you." to badger witnesses sometimes display a lack of caution in the selection of sense. their victims, as is plain from the following story, printed by the Washington Star. It will be read with pleasure by those who believe that even an innocent witness is entitled to decent treatment in courts of law.

LESSON IV, THIRD QUARTER, INTER-NATIONAL SERIES, JULY 24.

Text of the Lesson, I Kings xix, 1-16. Memory Verses, 9-12-Golden Text, Ps. xxxvii, 7-Commentary by the Rev. D.

[Copyright, 1898, by D. M. Stearns.] 1. "And Ahab told Jezebel all that Elijah had done and withal how he had slain all the prophets with the sword." That was a record that would stir all the devil steak, Estifado salza, frijoles, stuffed that was in her. But she was fast filling chiles, tamales, tortillas, chile con up the measure of her iniquity, and her carne, Jambalaya and Spanish fried Summary of the News That Is Being Pubtime would soon be over; then the outer rice. darkness. It is good when husbands and wives tell each other everything. Let us as believers be sure that we tell Jesus everything, both what we do and what we teach (Mark vi, 30).

2. "So let the gods do to me, and more also, if I make not thy life as the life of one of them by tomorrow about this time." Vain threat of a wicked woman! For did she not know that the God of Eli-jah had so securely hidden him for three years that he could not be found? But she was angry now and stopped to think of nothing but the vengeance that was in her heart against God and His servant.

3. "And when he saw that, he arose and went for his life and came to Beersheba, which belongeth to Judah, and left his servant there." Desperate people are sometimes permitted to do desperate things, and it might have been very unwise to have remained within reach of such a When they persecute you in one city, it is sometimes right to flee to another. Yet in this case it looks as if Jezebel and her threat came for the time between Elijah and his God.

4. "It is enough. Now, O Lord, take away my life, for I am not better than my fathers!" This was his prayer to God, as having gone a day's journey into the wilderness he sat down under a juniper tree and wished he was dead. Yet this is the same man who stood before all Israel on Carmel in the name of the Lord. Then he stood with God and for God, and thought not of himself, but now he considers himself and sees that he is no better than his fathers. His mind is not staid upon God. He is considering feelings and circumstances, and God is not ruling in him.

5. "And as he lay and slept under a juniper tree, behold, then an angel touched him and said unto him, Arise and eat." He was weary and needed rest, and God gave it to him. It is wonderful how dif-ferently things appear when we have been refreshed by sleep. We are often like fret-ful children who do not know what ails them, but mother knows that it is time they were asleep. He giveth to His beloved

in sleep.
6. "And he looked, and, behold, there was a cake baken on the coals and a cruse of water at his head. And he did eat and drink and laid him down again." God saw that His child was hungry as well as weary. A little sleep quieted and prepared body to receive the food which an angel had prepared, and without seeming to count it at all strange to be thus provided for he eats and drinks and sleeps

again.
7. "And the angel of the Lord came again the second time and touched him and said, Arise and eat, because the journey is too great for thee." 'How wonderfully ministered unto is this poor, weak child of God, who is so discouraged and wants to die, little thinking that he is never to die, but be gloriously received up when his work is done! Every child of God is just as well cared for. Father, Son and Holy Spirit and the angels are all

8. "And he arose and did eat and drink and went in the strength of that meat 40 days and 40 nights unto Horeb, the mount of God." The Lord Jehovah is our strength and song. Jesus Himself is the true bread from heaven. When it is our meat, as it was His to do the Father's will, we can go ney's end. We do not live by bread alone, but by every word of God.

9. "What doest thou here, Elijah?" This is the word of the Lord to him as he lodges in a cave at Horeb. It is a good word of the Lord to us at all times, and happy is it for us if we are never found where He has not sent us. Better still if we can say truthfully, "Lord, I am on Thy business, for Thou didst send me."

10. "And he said, I have been very jealous for the Lord God of Hosts." Then he tells what the Lord well knew about Israel's sins, but adds that he is the only prophet living, and his life is in danger. What God would do if he should be killed he does not dare to hint, but he evidently thinks the Lord's cause is in great peril.

11, 12. He is told to stand on the mount befere the Lord, and, behold, the Lord passed by. There was a mighty wind, then an earthquake, then a fire, but the Lord was not in either of them. Then there was a still, small voice. How slow we are to learn that God often works in unlikely people-the still, small voice rather than the storm or earthquake or fire.

13, 14. To the repeated question, "What doest thou here, Elijah?" after all that great object lesson, he gives the same reply as before, indicating that he was so preoccupied with himself and his championship for God that the lesson was lost upon him. It is true that he did not know till God told him (verse 18) that there were 7,000 still, small voices for God who had not bowed to Baal, but he did not know, for Obadiah had told him (chapter xviii, 13) that there were 160 whom Obadiah

15, 16. He is told to return and anoint a king over Syria and a king over Israel, and the Lord adds, "Elisha, the son of Shaphat, of Abel-Meholah, shalt thou anoint to be prophet in thy room." When any worker with God gets so exalted in his own estimation that he thinks himself the only one capable of doing the work, it is then time to appoint his successor in office. God will use any vessel that is willing to be used by Him and to His glory, but when the vessel begins to think itself important it is time to break it or set it aside. Although Paul wrought more than others, he said, "Not I, but the grace of God which was with me" (I Cor. xv, 10). John the Baptist insisted that he was only a voice. Our Lord Jesus made Himself of no reputation, but emptied Himself even unto death. May we, like Elijah in chapter xvii, 1, remember that it is the living God before whom we stand, and that He is well able to maintain His cause without any help of ours. May we rejoice to say with Paul, "Whose I am and whom I serve," holding ourselves ready for any portant looking personage, who you manner of service, wholly at His com-know to be unimportant, how quickly mandment (I Chron. xxviii, 21), and, like Elisha, faithfully doing ordinary comes into your mind that question work, yet ready for any can from Him.
