

cancer on his face. The cancer has been removed; but Mr. Sadler does not feel especially encouraged with regard to his ultimate recovery.

Mr. S. L. Hobbs has resigned his position as Yorkville agent of the South Carolina and Georgia Extension railroad, to take effect on July 15. He will be succeeded by Mr. Cautley, of Blacksburg.

Atlanta Journal, Friday: Robert Chapple, one of Atlanta's best amateur ball twirlers, and the only pitcher who has given the strong firemen's team a throw-down this season, is spending his vacation with friends in Yorkville, S. C.

THE SUMMER SCHOOL.

The York county summer school, which has been in session in Yorkville during the past month under the auspices of State Superintendent of Education McMahan, came to a close yesterday afternoon.

Although there were 56 teachers in more or less regular attendance, and most of them did hard, earnest work. They express themselves as well pleased with the intelligent and painstaking efforts of Principal Hand and Mr. McNary, his assistant, and the general verdict is that the month has been a very profitable one.

Superintendent of Education McMahan came over to Yorkville from Rock Hill Monday, and remained with the school during the sessions of the day, returning to Rock Hill Monday night. To County Superintendent Carroll, and others he expressed himself as well pleased with what had been accomplished.

The understanding is that such of the teachers as have been attending the school who have certificates to teach will have the same renewed without being required to pass a new examination. Those students who have no certificates, but who desire them, will be examined by the county board today on the work they have been over during the past month, together with some new questions on other subjects.

THE COUNTY COMMISSIONERS.

The county board of commissioners held a special meeting in the office of the supervisor yesterday for the purpose of taking testimony with regard to the necessity of the proposed new road connecting the Armstrong Ford and Charlotte roads, and also for the purpose of further considering the question of accepting Mr. Thos. H. White's bid for 500 shares of York county's stock in the Carolina and Northwestern railroad.

It appeared that on account of the absence of witnesses, etc., it was impracticable to go into the road opening question in a satisfactory manner and it was decided to postpone further proceedings until the next regular meeting, unless, in the meantime, it should be convenient for all parties concerned to hold another extra session.

The sale of the Carolina and Northwestern stock was discussed; but up to the time THE ENQUIRER went to press no definite action had been taken. The board appeared to be in a quandary. Not having any information as to the fate of the road in case of a sale, and not feeling absolutely certain as to whether Mr. White's deal would be a go, without the assistance of York county's stock, it seemed inclined to run the risk of losing the \$1,550 offered rather than be the means of plunging the property into the uncertain condition that appears to be ahead of it.

Commissioner Wilkerson suggested the advisability of furnishing the public with a detailed statement of changing expenses. Supervisor Culp said he was preparing such a statement that was intended to cover a year's operation, and so soon as the statement is completed, it will be given to the public.

The matter of letting out, to the lowest bidders, contracts to furnish the monthly supplies for the chaingang was discussed. The discussion developed that these supplies are now being furnished at very low prices; but in order to get rid of any sign of partiality, the board seemed to be disposed to open the competition to all the supply dealers of the county on terms that would be equitable to all. No definite action was taken during the morning; but it was understood that something would probably be done during the afternoon.

Charged With Burglary. Foster Worthy, Will Worthy and Ephraim Leech, all colored, were committed to jail on the 6th instant, on a warrant sworn out before Magistrate John A. McMakin by Mr. W. A. Dysart, charging them with a burglary committed at Clover.

LOCAL LACONICS.

Until January 1st, 1900. THE TWICE-A-WEEK ENQUIRER, filled with the best and most reliable up-to-date news, will be furnished from the date of this issue until January 1st, 1900, for 50 cents.

The Whortleberries. The whortleberry crop in some sections of the county, especially in the Beersheba neighborhood, is good. It will be some weeks yet before the berries are ripe; but they promise to be quite plentiful in the section referred to. In most other sections of the county, they are practically unknown.

Damaged by the Rain. County Commissioner Crawford went up into King's Mountain township last Monday to see about a tiling waterway that had been washed from under a road leading from the King's Mountain road to Clover. Where the tiling had been there was only a great gully. Captain Crawford said that the rains of last week in that vicinity were very heavy and that they tore up the farms considerably.

Escaped and Was Re-captured. A Negro convict, known as "Major," made his escape from the chaingang last Saturday. He had just been made a "trustee" on that day, and when the big rain came up in the afternoon he took his departure. The guards were after him before he had been gone more than an hour, and followed his trail with the hounds. Mr. John Lindsay, however, happened to meet a strange Negro on the road, and when he made his report, Guard Devinney made a detour ahead of the dogs, and luckily ran upon the convict just as he was emerging from a strip of woods. Major threw up his hands, pursuant to orders backed by a shotgun, and returned to the camp, where he received the usual reward for such offenses—a good strapping.

STONE SPEAKS FOR JONES.

The Democratic Chairman Will Not Resign—Coming Meeting.

Ex-Governor Wm. J. Stone, of Missouri, who has been for sometime a controlling figure in the Democratic national committee, said in New York last Monday that there was no truth in the reports that Senator James K. Jones, of Arkansas, intends to resign the chairmanship of the committee and that Senator Martin, of Virginia, is likely to succeed him.

"I have just received a letter from Senator Jones," said Mr. Stone, "and he tells me that his health is now good. He is in a London suburb, where he will remain most of the summer. I expect to see him at home by September 1, and I am in a position to make the positive statement that he will remain at the head of the Democratic National committee and will lose no time in getting to work after his return."

Governor Stone laughed at the report that he had come to New York to see Augustus Van Wyck and other prominent New York Democrats to make preparations for the meeting of the national committee in Chicago, July 20.

"I came here yesterday afternoon," he said, "and I haven't seen a New York Democrat, except one newspaper reporter. No preparations are needed for the meeting of the national committee and, in any event, I would not come to New York to do any preparatory work. I am here to transact some business, and as soon as it is completed I shall start for Chicago."

The Tammany leaders are not showing much interest in the coming meeting of the Democratic National committee. They will have a representative at Chicago on July 20 to report on the work of the committee, but no prominent members of the organization are expected to make the trip.

HELPING THE SUFFERERS.

Governor Sayers Receives Reports From the Texas Flood Districts. Governor Sayers and corps of assistants have spent the entire day in working in behalf of the flood sufferers up and down the Brazos river bottoms, says an Austin dispatch of Monday.

Reports from the stricken district today are to the effect that, the condition of the flood sufferers is improving very little. The governor received official reports from Velasco, the southernmost point, that everything was in fairly good condition there with 22 feet of water prevailing. He has received a telegram from the citizens of Hearne stating that they had fought along as long as they could, and would now have to ask public aid, that all the property in that section had been laid waste, they were starving and homeless and needed money, food and clothing. Their wants will be supplied at once. County Judge Bell, at Bellville, wired that there were 1,200 sufferers in the county of Miles' Creek and 1,000 in the creek bottom in absolute need. From numerous other portions of the flooded districts similar reports came pouring in.

Governor Sayers stated today to an Associated Press correspondent that the effort on the part of some to belittle the damage attendant upon the flood was not understood; that during his long residence in Texas, he had never seen a worse calamity befall his people and that from reports he had at his disposal he was led to believe that the list of suffering would be very large.

MAKING THINGS RIGHT.

French Government After the Prosecutors of Dreyfus.

It is rumored that as a result of the revelation of the inhuman cruelty practiced upon Dreyfus while on Devil's island, M. Lebon, the minister who was responsible for the orders sent to M. Deniel, while in charge of the penal settlement where Dreyfus was confined, will be proceeded against, the government not confining its action to yesterday's dismissal of Deniel, says a Paris dispatch of Monday.

M. Bertillon, the handwriting expert who testified before the court of cassation that Dreyfus was the author

of the bordereau, still remains at the head of the anthropometric department of the perfection of police; but has been deprived of his official duties.

Baron Baulny, author of the aristocratic promoters of the demonstration against President Loubet, at Auteuil, has been pardoned.

It is understood that M. Loubet also desired to pardon Baron Christiani, who made the assault on him; but the cabinet decided that this was quite out of the question.

The Gazette de France today publishes the report which the prefect of police presented to the government March 29, on the Orleanist party. It says the League of Patriots and the anti-Semite league were in close relations with the Duke of Orleans, who sent 5,000 francs to M. Deroulede and large sums to Deputy Jules Guerin. Altogether the royalists are said to have expended 300,000 francs in getting up the Neuilly barracks fiasco.

Prof. Syveton, treasurer of the League of the French Fatherland, has been suspended from his duties at the college of Rheims for attempts to incite an anti-Dreyfus agitation at Rennes. According to the same authority Comte Boni de Castellane also subsidized the movement.

SOUTH CAROLINA NEWS.

Will Go to Scotland. Columbia State Saturday: Saturday next Judge W. C. Benet will sail from New York on the Etruria for Scotland, whither he goes to visit his mother, who is now 90 years of age. He does not expect to return until September.

Stuckey Convicted of Manslaughter. In the case of the State vs. John Stuckey, charged with the murder of his clerk, John Sevier, last winter, a Spartanburg jury on last Saturday night returned a verdict of guilty of manslaughter. Judge Gage overruled a motion for a new trial and sentenced Stuckey to 10 years imprisonment in the state penitentiary. Stuckey was apparently very well satisfied to escape with his life. The case, of course, will be appealed to the supreme court.

Sheriff Long Kills Deputy Gallman.

Columbia State: Sheriff John G. Long, of Union, on last Saturday, shot an instantly killed his trusty deputy, Mr. J. G. Gallman. The awful affair happened about 7 a. m., and in three hours the coroner's jury had rendered a verdict of justifiable homicide. From the statement of the sheriff, Gallman went to the jail this morning and obtained the keys to make his usual round of inspection. Sheriff Long inquired pleasantly what Gallman would do during the day. The latter replied, "None of your business" in an angry way, totally unexpected. Sheriff Long made some reply and Gallman drew his pistol. The sheriff, knowing the dangerous temper of his deputy, stepped behind the door, secured his shot gun and poured two loads of buck shot into Gallman's body. One load took effect in the side, and the other in the throat, tearing great holes in the poor man's body and killing him instantly. The two men had been associated for four years and were good friends. Gallman was drinking, it is said, and that caused his death. Friday night he is said to have been on a debauch and this probably made him irritable.

The Malt Extract Question.

Spartanburg Herald: The state board of control adjourned last Saturday. The malt extract question, which may be included in the beer troubles of the board, remains yet unsettled. Malt extract of various brands and kinds is being sold by druggists throughout the state. Malt extract, as usually advertised, is a medicine or a tonic which builds up the system generally. It is not advertised as a beverage, but nevertheless some beer dispensers have complained that its sale had materially interfered with the sale of beer, their contention being that the various malt extracts are a first-class article of beer and consequently should not be allowed to come in competition with them. Numbers of conscientious druggists who have been selling the malt preparation have asked the board of control to construe whether such articles come within the prohibition present in the dispensary law. The board has asked the attorney general to pass upon the question from a legal standpoint, and Mr. Bellinger and Mr. Gunter are searching authorities to see what really is the situation so far as the law is concerned. It is a knotty question whether these extracts are a beverage or a medicine. Many other proprietary articles come under the same category and the attorney general wishes to give the question the most thorough consideration before rendering an opinion. It may turn out after all that a jury and not the legal department of the state government will have to decide whether the extracts or any other preparations have more alcohol in them than the law allows for as beverages are concerned.

AT THE CHURCHES.

BAPTIST. Rev. Edward S. Reaves, Pastor. There will be prayer meeting tomorrow evening at 8.15.

CHURCH OF THE GOOD SHEPHERD. Rev. J. C. Johns, Rector. No service this, Wednesday, evening.

GRIER, President. July 5 w td

GRADED SCHOOL MEETING.

NOTICE is hereby given that the qualified voters resident in the School District of Yorkville, are hereby called together in ANNUAL SCHOOL MEETING on THURSDAY, JULY 20, 1899, at 10 O'CLOCK, A. M., in the COURT-HOUSE, for the purpose of having submitted to them the report of the trustees for the school year ending May 15, 1899, and for the purpose of determining the necessary for the next school year; and further, that on the same day, at 12 o'clock p. m., a poll will be opened at the COURT-HOUSE and kept open until 5 o'clock p. m., under the supervision of three managers, at which election the qualified voters of said school district may vote for or against a levy of 2 mills local tax to be recommended to said meeting by the trustees for the support of the schools for the coming school year. By order of the board. W. W. LEWIS, Chairman. July 12 w td

THE PHENIX OF BROOKLYN.

PROBABLY there is no better known or more popular fire insurance company doing business in this country. For years it has been the standard of the industry. In Captain J. R. Lindsay's fire insurance agency, and later in the agency of Willis & McClain, and M. C. Willis, Mr. Willis has retired from the fire insurance business, and Mr. C. Stockell, General Agent, of the PHENIX OF BROOKLYN has honored me with the appointment as RESIDENT AGENT of this sterling, time-tried fire-tested, honorable liberal dealing company. Its contracts are rigidly laid up and all individuals holding a protection under a PHENIX OF BROOKLYN POLICY can rest easy of their security. My fire insurance agency is now backed by over fifty-six million dollars assets and I am prepared to write trustworthy and reliable patrons in any amount that their property will justify. See me when you want to indemnify yourself against loss by fire. Call 'Phone No. 9 in THE ENQUIRER office. J. M. FERGUSON. J. W. SNIDER.

CHOICE FLOUR.

The high grade of Flour handled by my establishment has always been a distinctive feature, and it is yet. When you want the proper flour for family use, come and see me.

TOBACCO.

Tobacco and Snuff, in any quantity, wholesale or retail, at prices that just anybody can't beat.

J. H. RIDDLE.

P. S.—I have a supply of pure Clay Peace and Corn on hand.

"Every Crow's Young One's the Blackest."

I AM thoroughly convinced of the fact that every agent who sells Mowing Machines claims that his is the best and that his Machine has features not to be found on others. I freely admit that the "feature" claim is correct; but stop right there, because I am prepared to prove by disinterested witnesses that no machine on this market or any other, compares with the Genuine Buckeye as a grass cutter for durability, and none surpasses it for light running.

Now, Another Point.

The Buckeye Mower was invented and patented by Lewis Miller in 1857. I have a drawing and description of the original model on which the letters of patent were granted, and am prepared to prove that there is not a feature on any "feature" offered today that is of REAL VALUE that was not on the original Buckeye, and can also prove by the machine itself that the machine for 1899 is thoroughly up-to-date, yet at the same time the original plan is adhered to. There are Buckeye Mowers in use today that were sold 30 years ago. Mr. J. Ernest Lowry, of Yorkville, used a Buckeye last season sold by me to him in 1869. Ask him how it did the work. No Buckeye has failed to do good work in York county, said one of the most stirring farmers in York county before my counters, a few days ago. He got the shoes.

H. C. STRAUSS.

P. S.—Brought from the Philadelphia Picnic on last Friday, several Baskets that do not belong to any of the Yorkville party. Any one missing a basket, will be apt to find it at my store. H. C. S.

J. J. HUNTER.

WE are offering a small lot of LADIES' and CHILDREN'S OXFORD in SMALL Sizes at just HALF PRICE.

REDUCED.

WE have made a telling reduction on the following: Ladies' Waists, Ribbons, Colored P. K.'s, White P. K.'s, Fancy Patterns, Boys' Shirt Waists. Only a Small Lot of Those 25 and 50 cts. SUMMER CORSETS Left. J. J. HUNTER.
