HE WAS KIND, BUT SHE WAS CLEVER .- She is a clever woman, a past master in the art of strategy. So agree all who rode down on the street car the other morning.

She got on a south bound Clark street limits train at Belden avenue. Every seat was taken, and almost every strap had a man or woman suspended from it. She looked about hesitatingly for an instant, but every man was wonderfully interested in his paper. Then she took hold of a strap almost in front of a young man, a very young man, who was blushing guiltily as he pretended to read.

While the young man blushed and the woman thus hung her handkerchief fluttered, accidentally by all appearances, to the floor. The young man looked up just then and saw the white bit of cambric. The feeling of chivalry which he evidently was trying to stifle would not be stifled longer.

He arose and stooped for the handkerchief. This was the woman's opportunity. While his back was turned she gently slipped into his seat. When he turned about and saw what had occurred, he almost collapsed. But the woman did not. She took her handkerchief out of his hand, smiling innocently.

"Thank you," she said sweetly "You are very kind."-Chicago Jour

The secretary of agriculture has about perfected a plan whereby graduates from agricultural colleges can come to the department and do postgraduate work. Many of the agri cultural colleges throughout the country are turning out every year good men, who are often prevented from continuing the valuable lines of special work which they pursued while in college through inability to continue their studies. The secretary's plan, which has received much careful thought and consideration, will make it possible for such young men to spend a year or two in Washington, working under the direction of the heads of scientific divisions. It is not expected, says a correspondent of the New York Sun, that they shall undertake any original work, but carry on such investigations as may be assigned such investigations as may be assigned to them. It is proposed to pay men of them. It is proposed to pay men of this kind a nominal salary, barely enough to cover expenses, the pay being not so much to induce them to go to Washington as to afford an opportunity for deserving young students to advance in the special fields they have BY JOHN P. RITTER chosen while in college.

SANTIAGO FEVER SITUATION .- A etter received Sunday by Will T. Hale, of Nashville, Tenn., from his son Charles, now in Santiago Cuba, gives some insight into the yellow fever situation there. He is an officer in the Fifth United States infantry. The letter says:

Caused by Bad Condition of the Blood. Cured by Botanic Blood Balm (B.B.B.).

Gured by Botanic Blood Balm (B.B.B.).

Sample Bottle sent Free.

If you have tried doctors, salves, washes, external and internal remedies, and still have Eczema, Tetter, Scald Head, Salt Rheum, then B.B.B. will cure you by literally driving the bad poisoned blood out of the body, bones, and entire system, and this is the only perfect cure. Other remedies fail to cure because they fall to drive the bad blood out. B.B.B. is an internal powerful blood remedy that is meant to, and does, cure after all else fails.

HAVE YOU itching, burning, scalv, crusted, or plimply skin, blisters containing pus or watery fluid, skin red, and an itching heat, with or without sores, on legs, arms, hands, neck, or face? Then take B.B.B.which will cure you, leaving the flesh free from blemishes, sores, or itching of any kind.

Chronic Eczema is a severe form of skin inflammation, with great redness and a raw surface. It may last for years with intervals of partial recovery, but easily returning. It often attacks the ears and neck. We have seen the ears burnt and crisped as a piece of roast meat, and the whole side of the neck a surface of raw, inflamed flesh, pittable to behold. We know of six cases like this cured by B.B.B. during the past year (1898).

Any form of Eczema is due to diseased blood. Get the diseased blood out with B.B.B., and you are cured. B.B.B. is perfectly safe to take by old or young, and acts as a fine tonic.

Eczema on Children. When teething, children are very frequently afflicted with Eczema. Sores discharge, and a yellow crust forms upon the skin. Give the child mild doses of B.B.B., and the sores will soon heal.

Sample Bottle Free. Send 2 stamps for free sample bottle, and book. B.B.B. for sale everywhere. Blood Balm Co., Atlanta, Ga.
