

and there was nothing else criminating about his person. He made no statement at the preliminary examination. Although only about 24 years of age, Garrison is a notorious offender. After having been convicted of numerous petty thefts, he was sent to the Reform school near Washington for robbing the Yorkville postoffice, and, shortly after his return he was sent to the chaingang, where he has been doing time off and on ever since. Solicitor Henry once not pressed a case against him on condition he would leave the state; but he did not even go out of town.

LOCAL LAONICS.

With a Public Exhibition. The Clark's Fork school—Mr. S. C. Ratteree, teacher—will close on Friday night, September 1, with an exhibition. The exercises are to begin at 8 o'clock.

Will Buy a Shredder. Mr. W. S. Plaxico, of Clay Hill, has arranged to purchase a corn shredder and baling press. Quite a number of people in his neighborhood have decided to try the new process of corn harvesting this year.

The Jasper Light Infantry. The Columbia State of Wednesday says that Colonel Frost expects to inspect the Jasper Light infantry next week. Captain Moore says that he has not yet received orders to take the company out for inspection.

Army Worm Again. Senator Love was in Yorkville on Wednesday. He reports the army worm as having appeared on his place in large numbers. He first saw it on Tuesday. It had eaten up large quantities of grass and was doing considerable damage to young corn.

Death of John W. Clawson. Mr. John W. Clawson, formerly of Yorkville, died in Columbia on the night of August 21, after a protracted illness. He was the youngest son of the late W. I. Clawson, and was about 38 years of age. The funeral took place in Yorkville on Wednesday morning, the service being conducted by Rev. J. C. Johns, of the Episcopal church.

The State Fair. Colonel T. W. Holloway, of Pomaria, Newberry county, continues to send out information about the next state fair to be held in Columbia on November 6 and continue until November 10. The colonel is always polite and accommodating about answering questions, and people who want to know more about the fair should write to him.

Runaway Accident. Mr. Frank Youngblood, of the Forder neighborhood, was painfully hurt as the result of a runaway accident, near Tirzah, last Thursday. He was driving along the road in a wagon, when his mules were frightened by a bicycle and he was thrown out on the ground. He was considerably bruised about the face, and for a time it was thought that some of his ribs had been broken; but after examination, Dr. Watson, of Ebenezer, said that such was not the case.

Death of an Infant. The infant son of Mr. and Mrs. Paul G. McCorkle—Paul G., Jr.—died suddenly in Yorkville last Thursday night at about 12 o'clock. Mr. and Mrs. McCorkle had come over from Rock Hill a few days before to visit friends and relatives, and were the guests of Mr. and Mrs. B. N. Moore. The baby was quite well at the time; but the little fellow took suddenly ill on Thursday night, and after a few hours of suffering, during which everything possible was done for its relief, it died.

Accidental Fire. The residence of Mrs. M. A. Dorsett, about six miles northeast of Yorkville, was destroyed by fire shortly after daylight last Monday morning. There was nobody at home but Mr. Robert Dorsett. He had made a fire with which to boil coffee, and then went out to milk the cows. Presently he noticed the roof of the house to be in a blaze. Rushing back, he found that he was too late to do anything toward extinguishing the flames, and he tried to save what he could. He managed to get out of the house only a few pieces of clothing and some other articles. The house and contents were completely destroyed. There was \$275 insurance on the house and \$100 on the furniture and other household goods. The loss is quite a severe one.

Cotton Bloom Honey. Mr. Thos. J. Nichols, of Bethel, left at THE ENQUIRER office on Thursday, a two-pound sample of honey that was made by his Italian bees during the past month. Although Mr. Nichols did not say so, the honey was evidently made from cotton blooms. It answers the description that Mr. H. C. Simpson gives of cotton bloom honey perfectly. It is of a light amber color, in the shade; but held against the light it is almost pure white. The fla-

vor is extremely delicate and the taste delicious. The reporter has never seen a more perfect sample of honey, and is of opinion that it would take first prize in a long list of choice products. In this connection, as a matter of local interest, it is not out of place to remark that some of the bee keepers are not prepared to accept Mr. Simpson's statement that honey is made from cotton blooms. Mr. Dave Walker, of Gaston county, N. C., was in Yorkville a few days ago. Next to Mr. Simpson, he has had a wider experience with bees than any other man in this part of the country. He says there is no question of the fact that Italian bees make honey from cotton blooms and that it is of the finest quality.

Almost Electrocuted. Rock Hill correspondence of the Columbia State: What came perilously near being a fatal accident occurred Tuesday afternoon at the residence of Mr. R. F. Sadler, on Johnston street. The storm of an hour before had blown down one of the electric light poles. Little Rufus Sadler, a six-year-old son of Mr. R. F. Sadler, came along and in some way touched a wire with his hand. In an instant he was thrown upon his back with one live wire in his hand and another on his neck. Mr. Sadler was near and fortunately an axe or hatchet also. He ran to the boy and with a stroke cut off the deadly current. The boy was unconscious for sometime, but gradually regained his senses and will be all right in a day or two.

Destructive Hailstorm. There was a heavy rain throughout Bethesda and Catawba townships last Monday afternoon. In the McConnellville neighborhood, the rain was accompanied by a good deal of hail, and a strip of country about half a mile wide and two or three miles long, extending up toward Gilesville, suffered fearfully. Portions of the cotton crops of Messrs. J. M. Williams, R. P. M. Sanding, J. T. Crawford, J. O. Moore and S. H. Love were damaged 50 per cent. Open cotton was beaten out, large sized bolls were knocked off, and the stalks were stripped of leaves. In many places the fields were left as bare as in December. A barn was blown down on Captain J. R. Lindsay's place, and also a stable building on Mr. J. T. Crawford's place.

Greenwood Regulators Bound Over. R. J. M. Caslan, Wm. Wilson, Jesse Corley and Joe Jones, have been bound over in Greenwood county to await trial on the charge of complicity in the recent whitecap outrages. They say that they will be able to prove alibis.

THEN AND NOW.—Some of our weekly state contemporaries are eulogizing Tillman for "candor" in acknowledging that the dispensary was designed for a money-making device. As if any infant in South Carolina need be told of this!—Laurens Advertiser. And yet when this same Senator Tillman was fighting in the courts for the dispensary, he swore that it was not a revenue measure, that it was not intended as a money-making device. He could almost be convicted of perjury.—Spartanburg Herald.

Mayor Smythe and the Dispensary. There has been a good deal of interest in the reply that Mayor Smythe, of Charleston, would make to Governor McSweeney's letter with reference to the enforcement of the dispensary law. Mayor Smythe's letter is as follows: "Your favor dated the 15th instant; but postmarked Columbia, August 19, reached me on the evening of the 19th instant. In reply thereto I beg to say that as mayor of this city, with the earnest co-operation of the chief of police, W. A. Boyle, I have endeavored to enforce all the laws, including the dispensary law, to the best of my ability. The records of the state courts, and the large number of parties charged with violations of the dispensary law brought before the several grand juries, in consequence of the active work performed by our local police, will prove how we have endeavored to discharge our duty in its enforcement. You must realize, however, that the conditions surrounding Charleston differ materially from those of interior towns or cities. With navigable rivers and water approaches on every side, with nearly 70 miles of streets to be watched and guarded, night and day, and with so small a police force at our command, absolute obedience to this law cannot be, and never has been, enforced, notwithstanding daily raids and active vigilance. I can only assure you, as mayor of Charleston, that I recognize your prerogative as chief magistrate of the state to call upon me to aid and assist you in proper maintenance of law and order, and of my sincere intention to respond as far as I am able."

Preaching at Bethel and Chapel. Rev. W. B. Arrowood will preach at Bethel church on the fourth Sunday of August—27th instant—at 11 o'clock a. m., and at the Chapel at 4 o'clock p. m., on the same day.

Special Notices.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, Ohio. Sold by Druggists, 75 cents. Hall's Family Pills are the best.

\$10.00 BILLS TO GIVE AWAY.

THERE has recently been an advance of \$10.00 in the wholesale price of Disk Harrows. Of course this means a corresponding increase in the retail price by retail dealers. The retailer cannot help himself. I can sell them back to the manufacturers for more money than I propose to ask the farmers for them.

It Has All Changed.

The enormous profits of a few years ago, which prevailed in the jewelry business, has all changed since the advent of SPECK in that line. The politician would have you believe that gold has a "standard" value, while the old time jeweler had its value at three times "standard." Of course it cost something to make the metal in artistic designs, but it is only a fair price that SPECK wants and he is the envy of all rivals.

Reliability

In a watch is what you want. SPECK, The Jeweler.

If you have not tried a can of CANNED TRIPE, you have thus far missed a great luxury. I have it at 20 cents. LOUIS ROTH.

FALL GOODS.

From now Until his return, Adieu is bid

To Profits, and All SUMMER GOODS Will be Slaughtered.

Probably no people on the globe are better posted, or have a higher sense of the value of good goods than the people who do their shopping in Yorkville. They seem to expect more, and get more for their money than any other people, and no effort is spared by us to humor them in every detail, and it is not at all surprising that when we offered a discount of 20 per cent. off of our famous WILLIAMS, KNEELAND & CO.'S SHOES that the sales in our gentlemen's shoes began to swell as if by magic, and each day the volume of our shoe sales grow. This 20 per cent. discount sale will continue during the month of August, provided the stock lasts so long, which from the present indications is not likely. Our patrons know too well when they are getting dollar values for eighty cents. We are not partial as to who gets these goods and we positively will not lay aside a single pair for anyone. The cash will command our attention.

Our 25 per cent. Discount off of

Gentlemen's Clothing

Has increased the activity in our Clothing department, and the values we are offering will be an incident long to be remembered by purchasers. Our prices paralyzes New York cost and makes the manufacturers shudder with the dry grins. These goods will continue to be offered during the month of August at the cut price, and, gentlemen, you will have only yourselves to blame if you fail to seize this opportunity. Splendid Neglige Shirts at 35 cents.

CLEAN OUT THE STREAMS.

Office of the County Supervisor of York County, YORKVILLE, S. C., August 5, 1899. YORK COUNTY LANDOWNERS are hereby notified that they are required, by statute, DURING THE MONTH OF AUGUST, to remove from the streams flowing through their lands, all "trash, trees, rafts and timber." Those neglecting to comply with the law are, upon conviction, liable to a fine of not less than \$5 nor more \$50; or imprisonment for not less than 10, nor more than 30 days. In addition, it will become the duty of the county board of commissioners to clean out the streams running through the lands of such persons, and to proceed against such lands for the necessary expense. Any individual who may see proper to do so, has the right to proceed against landowners who fail to comply with the statute referred to. T. G. CULP, Supervisor. Attest: J. S. BRICE, Clerk of Board.
