Some Cheap School Charts. Greenville News, Wednesday: The advertisement in the Greenville News for the sale of a number of unclaimed freight packages containing school charts, school books and school furniture consigned to W. W. Tutwiler, recalls the adventures of that smooth citizen working off on unsuspecting and innocent school trustees large quantities of school paraphernalia at what were said to be exorbitant prices, and the charge that Superintendent of Education W. D. Mayfield was not sufficiently watchful to spoil his game.

Mistrial in the Howie Case. In the case of Henry B. Howie, charged in Chester with assault and battery with intent to kill Mr. Joseph A. The evidence against Howie was very strong, and Judge Buchanan is reported to have given the jury a contemptuous raking for its failure to agree upon a verdict. Howie was released on bond until the next term of the court.

GRAND GIFT CARNIVAL!

A Horseless Carriage to Be Given With Each Purchase of Our Climax Laundry Soap.

We don't believe that there is a man, woman or child who reads this announcement, that will be so unsophisticated as to consider seriously the declaration made above. Our clientage is intelligent enough to know that there is very little philanthropy flowing through the regular channel of everyday business, and that, usually, gifts from a mercantile establishment to its customers acts as a "two edged sword," and is often the result of a lack of confidence in the quality of their goods and "presents" are used to pacify and delude purchasers of their shortcomings.

THE GANSON DRY GOODS COMPANY, of Yorkville, S. C., has a reputation for handling high-class merchandise at shorter profits than any establishment in the Carolinas, and this reputation extends over a larger contiguous territory than does that of any other concern in the two states. EVERY ARTICLE OF MERCHANDISE IN OUR STORE IS A LEADER! Every article in our store is marked so close to its value that the margin of profit is reduced to a minimum, and would-be-competitors have to resort to delusion and snares to entice people into their web.

Our prices are so close and our goods of such high quality that we do not have to deed town lots or model farms to attract the attention of customers; but people who take advantage of prices quoted over our counters have money to buy presents of their own selection, and can't be ensnared by the wiles of the desperate competitor to pay fifty per cent. profit on their merchandise!

Hundreds of people come miles and miles to our store on account of the values that we give, and once a customer of the GANSON DRY GOODS STORE, ALWAYS A CUSTOMER. Every day new customers crowd before our counters to buy bargains that their neighbors had bought the day before.

CLOSE PRICES MAKE OUR BUSINESS BOOM! Although the season's trade has been unusually, heavy our immense stocks of staple Dry Goods still holds out, and as long as these early purchases last you will find them at the same old prices which no other store dares to attempt to approach.
