STRAUSS Has DECLARED

Against the Burden

of High Prices and

Will Prove Himself

T is a fact, not a mere claim, that we are headquarters for Heavy and Family Groceries, and when it comes to Flour, we have always been at the head of the procession. We have just received a carload of Flour and are prepared to quote prices on any quantity and guarantee quality. to Be the Leader In Low Prices.

As the days, weeks, months and years go by, the people of York county become more and more educated in the knowledge of the fact that we do not handle anything but the best of EVERYTHING. We have a good quality of Coffee which equals, if not surpasses, any sold in this section. Also have genuine New Orleans Molasses, and can furnish it in any quantity you mention.

A WORD TO THE WISE IS SUFFICIENT

Yes, when I say WAR, WAR is exactly what I mean. Oh, no; I have no ill will against any human being on the face of the earth; but I have in view a determined purpose. That purpose is to sell not less than a fixed amount of goods during the present year. It is not necessary to name the amount; but I will say that the figures are at least 25 per cent. greater than the sales of any previous year. I have set for myself a big task. Of that fact I am fully aware. Up to this time I have been getting along admirably. A continuance of the same percentage of present increase over last year's sales will carry me beyond the amount that I have named as We wish to remind you of the fact that we have all kinds of Farm Supplies, and can and will make it to your interest to call and see us. Hoping that success may be your reward, we are, Yours Truly, my goal. Yet I am not going to take any chances. Certainty demands aggression, and that is why I have determined on war. The goods and the prices will do the business. I propose to offer both, and the competitor who attempts to follow, may expect a rough row of stumps, WITH PROFITS SCATTERED ALONG THE ROUTE. Having made a frank declaration of purpose, I ask the reader to lend attention while I announce my programme for the coming week. But stay, let me say to the people of Yorkville and York county that they all know that "when they see it in STRAUSS'S advertisement, IT'S SO." Why? Because I do not desire to make misstatements in my ads. or otherwise, and even should anyone try such methods, the citizens of this community would "catch W.B. MOORE & CO. on" to the fake immediately, for no one can for long, swindle intelligent, refined people, such as York county is composed of.
