

han took the matter in hand, and after investigation and consultation with the attorney general, tried to do what he could to rectify the mistake that had been made. There is a statute which provides that trustees cannot spend district funds in anticipation of their receipt. This had been done in nearly every case, the pay warrants having been made to fall due in November and December of the following year.

On the strength of this statute, the attorney general ordered the treasurers of several counties, York among them, not to pay the chart warrants upon presentation. In the meantime, however, before there had been any question in regard to the matter, the school chart agent had discounted all of the York county notes at the National Union bank of Rock Hill, and when the paper became due that corporation brought suit against Treasurer Neely for its payment. The case was heard at the November term of the court of common pleas for this county, and Judge Klugh's order in the matter is as follows:

Upon hearing the verified petition of the National Union bank in above stated cause, and the return thereto by the defendant, H. A. D. Neely, county treasurer, and after hearing argument of the counsel, I find that the allegations contained in said petition are true, and that the National Union bank is entitled to the relief therein prayed for, except as the same relates to the order or warrant claimed to have been made by O. J. Gwinn and J. T. Burris as a majority of the board of school trustees of school district No. 16, and as to this warrant, I find that the said National bank is also entitled to have the same paid, unless it can be shown that the same was illegally issued, (as hereinafter provided) for:

It is further ordered and adjudged that the said H. A. D. Neely, as county treasurer, pay into the National Union bank, out of the funds in his hands, belonging to the said school districts respectively, all the several warrants mentioned in said petition, except as to the said warrant purporting to have been issued by O. J. Gwinn and J. T. Burris, as trustees of school district No. 16, above mentioned, together with interest thereon from the date of maturity of said warrants as follows: to wit:

For school district No. 1, the sum of \$7.50 and interest from November 10, 1899.

For school district No. 4, the sum of \$7.50, with interest from November 10th, 1899.

For school district No. 7, the sum of \$7.50, with interest from July 10th, 1899.

For school district No. 14, the sum of \$187.50, with interest from July 10th, 1899.

For school district No. 15, the sum of \$225, with interest from July 10th, 1899.

For school district No. 21, the sum of \$112.50, with interest from July 10th, 1899.

For school district No. 23, the sum of \$75, with interest from July 10th, 1899.

For school district No. 26, the sum of \$150, with interest from December 1st, 1899.

For school district No. 30, the sum of \$37.50, with interest from July 10th, 1899.

For school district No. 33, the sum of \$75.00, with interest from December 1st, 1899.

For school district No. 34, the sum of \$37.50, with interest from July 10th, 1899.

For school district No. 38, the sum of \$150, with interest from July 10th, 1899.

It is further ordered and adjudged, that as to the warrant issued by school district No. 16, above mentioned, that the said school district be allowed 30 days from the date of this order to contest the same upon any grounds that it may be advised, and that it be referred to W. W. Lewis, Esq., to hear and determine any and all issues that may be raised in regard thereto; and that said referee report his findings to this court. Provided, that said contest shall be without cost except to the said H. A. D. Neely, county treasurer. In case the said contest shall not be brought on for hearing within 30 days from the date of this order, then the said H. A. D. Neely, county treasurer, aforesaid, is hereby ordered and directed to pay into the National Union bank of Rock Hill, S. C., the amount of said warrants, to wit:

The sum of \$75, together with interest thereon from the 10th day of July, 1899.

The exception in the case of the order or warrant, alleged to have been made by Messrs. O. J. Gwinn and J. T. Burris, in school district No. 16, is because of a claim of forgery. Mr. Gwinn admits that he signed the order or warrant, as a trustee, while Mr. Burris claims that he did not sign it, leaving the presumption that his signature was forged by the school chart agent.

LOCAL LACONICS.
Mr. W. L. Plexico has been recommended for appointment as postmaster at Clay Hill, vice Mr. J. Neely, moved away. Upon the appointment of Mr. Plexico the office will be established at the mill, about half a mile west of its present location.

THE ENQUIRER is the recipient of a box of beautiful roses sent by Mrs. W. B. Good, of Bullock's Creek, on Monday. Mrs. Good explained that the roses developed in her yard, out in the weather and without the slightest effort at protection from the winter. The box contained about two dozen buds and full grown blossoms, constituting altogether a remarkable production for January.

Tax Time Extended.
The time for the payment of taxes has been extended to February 1. The extension was made by the comptroller general and state treasurer, who have the power under the law, to take such action. Both officials were very much opposed to the idea of extending the time for the reason that they knew there were no practical necessity for an extension. Upon the passage by the house of the Ashley resolution, extending the tax time to March 1, the comptroller and treasurer acted, fixing the date at February 1. They hoped that this compromise will be accepted and that the Ashley resolution will not be pushed in the senate. The extension will be of but little accommodation to taxpayers; but it will give treasurers more or less annoyance in having to refund such penalties as they may have collected up to the time the extension was made.

\$100,000 For the Schools.
At the session of the state board of dispensary directors last Friday afternoon, Chairman Williams stated that the financial condition of the institution now warranted the payment of \$100,000 into the school fund, and a resolution to this effect was immediately offered by Director Dukes and unanimously adopted without discussion. Chairman Williams also stated that the dispensary would be able to pay into the school fund \$50,000 within the next 30 days.

MERE-MENTION.

A German physician who recently examined President Kruger, pronounced him to be desperately ill, and scarcely likely to live a fortnight. Railroads entering Jackson, Miss., are being troubled by high water. It is officially reported that 400 Japanese fishermen, belonging to Yokohama, are missing. They are supposed to have perished in a storm of January 10.

The Odessa correspondent of the London Daily News writes that 120 people perished in a blizzard that raged during the past few days. John Skelton Williams is reported to have purchased a controlling interest in the Richmond Times. William L. Trenholm, formerly of Charleston, and comptroller of the treasury during Cleveland's first administration, died in New York last Friday. Leading London financiers are reported to be in favor of the partition of China. V. E. McHee has been temporarily appointed vice-president and general manager of the Seaboard Air Line to succeed Mr. St. John. Senator Pritchard, of North Carolina, has introduced a bill appropriating \$5,000,000 for the purchase of not exceeding 2,000,000 acres of land in the Appalachian mountains in Virginia, North Carolina, South Carolina, Georgia, and Alabama, for a national forest reserve, to be known as the Appalachian national park. The Texas legislature has adopted a concurrent resolution inviting David B. Hill, of New York, to visit Austin and deliver an address before a committee of the Texas government is very much disturbed over the drainage of its supply of silver currency through exportation. Owing to the large number of deaths from cholera in England, the British government has seen fit to appoint a commission for the investigation of the matter. According to the calculations of his friends, Matthew S. Quay was to have been re-elected U. S. senator from Pennsylvania on yesterday. His commission had already been made out, and ready for transmission to the clerk of the senate at Washington. Flour is worth \$45 a sack in Circle City, Alaska. The American Cigar company has been incorporated with a capital of \$10,000. Washington dispatch intimates information to the effect that the British cabinet will probably accept the senate amendments to the Hay-Pauncefote treaty.

LOCKHART LINKLETS.
Death of Mrs. Alexander—Mr. Wilburn becomes Deputy Sheriff—Smallpox Report Unfounded.
Correspondence of the Yorkville Enquirer.

LOCKHART, January 12.—Died, on the 6th instant, Mrs. M. J. Alexander, wife of J. S. R. Alexander, formerly of Olive, S. C. The deceased was in the 56th year of her age, was a member of the M. E. church at Bethany, and lived a life consistent with her profession. She leaves a husband and six children to mourn their loss. Her remains were buried at Bullock's Creek cemetery. Since my last letter to THE ENQUIRER Mr. J. H. Wilburn has resigned his position as outside overseer, and accepted the position of deputy sheriff for Union county.

Mr. E. M. Griffin, formerly a salesman in the grocery department of Lockhart mill store, is now outside overseer.

Mr. J. S. R. Alexander contemplates moving to the country in a few days, having secured the management of a large farm on Tyger river.

The health of the place is good; no sickness to speak of. Lockhart's reported small pox case is a false alarm.

What Joseph T. Johnson Thinks.
Spartanburg Journal: Congressmen-elect Jos. T. Johnson, of the Fourth district, has been asked his opinion of the proposition to redistrict the state. Since the census figures have been given out and the attempt in Washington to reduce the representation in congress of this state has failed, the general assembly is likely to take up the matter at this session, certainly at the next. Redistricting will make radical changes in the formation of all the districts and naturally interest is great. Realizing this an opinion has been sought from the new congressman. Mr. Johnson said: "I have no districts to propose. They are not now satisfactorily formed. The only suggestion I have to make is that the districts should be made up of counties thrown together by nature and allied by commerce, education, association and convenience. There should contain as near 191,000 people each as possible, that being the seventh part of the population of the state."

WHOLESALE.
BY arrangements that we have recently made we are now prepared to enter more extensively into the wholesale trade in all kinds of heavy groceries and supplies. We are buying goods by carload lots and can and will give country merchants very close prices on all the groceries they may need. We have just received a carload of Molasses and request those who are looking for close figures on Molasses to come and see our goods. We will, of course, continue our retail business and will furnish all our customers all sorts of goods at prices that are close enough to suit any pocketbook. Call and see us for all kinds of fancy groceries.

TO THE FARMERS.
Dear Sir: WE take this means of informing you that we are in the fertilizer business for the year 1901. We handle the highest grades of fertilizer to the standard. Do not carry any low grades. We do not claim to have the best goods made; but claim to have JUST AS GOOD AS IS MADE. We are willing to sell on very short profits. We can deliver in carload lots at any station. We will try to make it to your interest to see us before you buy your fertilizers.
JAS. M. STARR & CO., Leading Druggists.

WE ARE IN THE PUSH.
WE desire to call the attention of the farmers to the fact that we will be in position to supply their needs for Fertilizers this season. We have made contracts with one of the oldest, best and most reliable concerns in the business for what goods we are going to need for this season, and we are buying either Ammoniated Goods, Acid, Cotton Seed Meal, or Kainit, will see you before closing a contract, and especially to do best to figure with those who are doing as much as a carload. We will try to make as close prices as anybody in carload lots or by the single ton.

WHY IT IS BEST.
THE Mutual Benefit Life Insurance Company of Newark, states in its policy contracts that losses will be paid on acceptance of proof of death. It lives up to its agreements in this respect as well as in ALL others, and this is why it is recognized by the insuring public as the BEST life insurance company in the world. Read what the Anderson Daily Mail, of January 11, says in regard to the payment of the claim of P. P. Tatum, of Marlboro county, S. C.:
"On January 3, 1901, M. M. Mattison, of this city, state agent of the Mutual Benefit Life Insurance Company of Newark, N. J., sent to his company a check for the amount of \$15,000. It was a prompt settlement of a large loss."
If you are interested in life insurance it is to your interest to consult me.

Still Talking Tomatoes.
WE have been talking about Tomatoes in cans and still do some talking about our Canned Tomatoes, because we can assure you that we can please you in Canned Tomatoes. But we are not the only people who are talking about our Canned Tomatoes. There are dozens of our customers—pleased customers—who are also talking about them; and we will tell you, if you have not used them, that they are very choice goods and the price is very low—3-3-b cans for a quarter.

More About Coffee.
We haven't quit talking about our Coffees yet, and our neighbors just go right on talking about it, and coming for it. They say that when it comes to coffee and Canned Tomatoes, our PRINCESS Coffee is the choicest Coffee at the price ever offered here. Then if you want to eat at the price—3-3-b cans for 25c. They are choice goods and our customers have found it out and are coming for more. If you have not used them, try them. They are very choice goods and the price is very low—3-3-b cans for a quarter.

We are Through Taking Stock... And Have Inaugurated a Sixty Days Clearance Sale.
WITH the finishing of stock taking, we find on our shelves and counters quite a quantity of winter goods that we do not wish to carry over to another season. And with this fact well impressed on our minds we have inaugurated a SIXTY DAYS CLEARANCE SALE, and we will try to make as clean a sweep of all winter goods during this time as does a farmer, or proper storekeeper, during a new ground. It is desirable to do this, because, as stated above, we do not desire to carry goods over, and then, too, we have sold \$250,000 worth of goods, and we are going to need the room for the proper storing and displaying of an immense stock of spring goods which will begin to arrive now in a few weeks. We have reduced prices on almost everything in stock, and as we well know, Strauss used to say "Reduced Prices," it meant just that, and it also means just that with the new firm of H. C. Strauss & Co. Just to give you an idea we will mention a few items. We will close out at the remarkably low price of \$1.98, one lot of Men's Melton Overcoats, that are easily and well worth \$2.50 anywhere, and all other coats at proportionate reductions. We have these coats in sizes from 34 to 42. Youth's Overcoats, 14 to 18 years of age, for \$1.68. These coats are worth, and we have sold lots of them, at \$2.25. Bed Comforts at 45 cents each, and up. Bed Blankets at 45 cents each, and up. We have still a few pairs of Portiers—very handsome goods—on hand, and that means will be closed out at once. Come in and see them as they are very cheap.

Shoes.
We are offering and selling the BEST ENGLISH TIE SHOE on the market, for \$1.00. We have only a few pairs of the 89 cents shoes left; but we have a size you will get a bargain because the shoes cannot be bought wholesale for that. Come early. We have a few Hunting Coats and Leggings that are going at low prices. We have a Rubber and Flannel Lined Teamster's Coat that is waterproof, that will give lots of solid satisfaction for \$1.25. These coats are easily worn, more money, but a job lot was picked up in December, and therefore I can sell them at this price. See them. Come and see early and often and take advantage of this Special Sixty Days Sale, which will sure be a hot one.

SECONDS OF TIME
DO not amount to much ordinarily. But if your watch is losing a few seconds a day or gaining a few seconds a day, it means a great deal of annoyance. There is hardly any excuse for a watch doing either of these things, and if you will leave your watch with me for a few days I will put it in such good condition that you will have no more trouble with your chronometer. All of my watch repairing, cleaning, etc., is guaranteed to give you satisfaction, and as my reputation for doing good work is at stake on every job I do, I think you can safely depend on what I promise you. If your watch loses or gains in time bring it to me and have it put in condition. My prices will be found to be entirely satisfactory.

And am agent for the American Bonding and Trust company, and the National Surety Co., and can, therefore, furnish you a BOND of any kind. I am also agent for the Aetna Insurance Co., and can write you an
Accident Policy

In a minute, which will last anywhere from one day to one year, as you may wish. I am also local agent for the Phoenix Mutual Life Insurance Co., of Hartford, Conn., and would like to show you some of the BEST plans for Life Insurance. Their policy is recognized as one of the standard policies, and embraces some very attractive features not embraced in all policies. Business is business, and should be done in a business way. I'm in the Insurance Business and wish just here to say, if you have any such business, and want it done that particular way, My office is in the Kuykendal building, and I'm in it every day.

COMMERCIAL PRINTING.
ALL business men should use printed stationery. They should not use any printed stationery that is not up to the highest grade of work obtainable. It is just as essential to send out a neatly and well printed letterhead, Billhead, Statement or Envelope, as it is to keep the ledger or daybook correct. Good stationery, well printed, always serves as an index to the character of the business man using it. Handsomely printed stationery gives to the user a character which cannot be obtained in any other way. It also gives the recipient a good impression of the sender. It shows that the sender is not careless of the looks of the small things that he sends out, and forces upon the mind of the recipient the impression that the sender is not careless of the large things that he does. "Cheap," shoddy printing always and invariably leaves a bad taste.
Discriminating and careful business men, who have an eye for the appropriateness of things in general and their printed matter in particular, have their work done at THE ENQUIRER office, where they know by long experience that they will get work that will be up to the highest point of perfection in QUALITY, STYLE and GOOD TASTE, and they are also aware that they will get CHEAP work without getting "Cheap" Printing. Give THE ENQUIRER your next order, and you will be satisfied with your work.
