

In. The following is the board of directors as it now stands: Messrs. G. L. Riddle, J. J. Wilson, J. H. Jackson, W. J. Jackson, W. D. Leslie, W. B. Smith, W. E. Morton, J. B. Neal and G. H. O'Leary. Immediately after the meeting adjourned, the board met and re-elected G. L. Riddle, president; M. L. Smith, secretary and treasurer, and W. E. Morton, superintendent.

Recent Deaths. Mr. John McCullough, an aged citizen of Bullock's Creek township, died suddenly at his home near Bullock's Creek church last Tuesday morning. He had been walking about in the field a short time before; but on returning to the house fell and expired within a few minutes. He was 78 years of age. Mr. A. D. Burns died at his home near Sharon Thursday morning of diabetes, aged 70 years. He leaves a widow and several children.

Flue Yield of Oats. One hundred and seventy-one bushels of threshed oats from four acres of ground is the record made by Mr. E. M. Williams on the McLain place out near the York Cotton mill this year. The oats were put in last fall with a drill, along with about 200 pounds of acid to the acre. The opinion has been expressed by several intelligent farmers that had the oats been sown broadcast and plowed in without manure the yield would not have exceeded 75 bushels.

The Glanders Situation. Dr. Nesom, the state veterinary surgeon has been back to the county during the week. He was at Tirzah on Tuesday and ordered the slaughter of another mule and two more horses on the Massey plantation. This makes five animals in all that have been slaughtered on the place. Several others are still under quarantine. From Tirzah Dr. Nesom came to Yorkville to look further into the situation here; but found no new developments that seemed to require attention. While here he received a call from Fort Mill; but at the same time got information of illness in his family at Clemson college and had to leave for home. It was his intention, when he left Wednesday morning, to return to Fort Mill as soon as he can arrange to do so, and he expects to come back to Yorkville next week. There are other cases under suspicion here.

Candidates For Winthrop. The vacant scholarship to which York county is entitled at Winthrop this year, certainly not going a begging this year. There were 32 candidates at the examination yesterday and they included many of the brightest young girls in the county. The list was as follows: Ethel McAfee, Yorkville; Maggie Creighton, Rock Hill; Arabella Creighton, Rock Hill; Anna B. Spann, Yorkville; Kate C. Black, Besada; Leslie Patrick, Bowling Green; Myrtle Riddle, Bowling Green; Eunice Flannagan, Bowling Green; Annie Jenkins, Rock Hill; Rebecca C. Jenkins, Rock Hill; Corrine Paris, Fort Mill; Katie Meador, Rock Hill; Josie Camp, Yorkville; Sallie Featherstone, Rock Hill; Bessie J. Gryder, Rock Hill; Alice A. Mitchell, Rock Hill; Elizabeth Shurley, Old Point; Louise McMurry, Fort Mill; Ina Ashe, McConellsville; Nannie Grist, Yorkville; V. A. Matthews, Old Point; Sarah Gladney, Yorkville; Maggie Lee Glass, Rock Hill; Mattie Bell Martin, Eremony; Mary Williamson, Guthrieville; Robbie Miller, Tirzah; Mary Alene Neely, Old Point; Eunice Chaplin, Rock Hill; Lillie Belle Neely, Old Point; Louise Garrison, Newport; Isabelle Black, Newport. The examination questions were calculated to discover all the advancement that had been made by the leading applicants, and the lucky young lady, whoever she may be, will be well qualified to enter Winthrop.

Suicide at Blackburg. Blackburg special of Wednesday to the Charlotte Observer: C. L. Kingsley, a civil engineer, committed suicide at his rooms here in the Iron City hotel, this afternoon about 4 o'clock, by taking an overdose of laudanum. He left a note with \$25 to Frank Moore, an undertaker, with instructions for his burial. He asked to be buried in the cheapest coffin he had and at night, when no one was around, four Negroes to be employed to carry his body to the grave and each to be paid \$1. He also asked in his note that no preachers be permitted to be present at his burial. In this note, he also requested Mr. Moore to tell his wife that she would find some money in his trunk in the place where they usually kept the front door key. Mrs. Kingsley was absent, visiting friends at Gaffney. Mr. Kingsley has been a resident of this place for a number of years. He was a civil engineer by profession, well educated and a man far above the average in intelligence, but would get on an occasional spree. He is supposed, however, to have been sober when he committed this act. In his note he stated that his father's family had recently moved to California and could not reach here if they desired to. But little, if anything, is known of Mr. Kingsley's people, but it is generally supposed they resided at Raleigh and that he came from there to this place as an engineer on the Augusta division of the old Charleston, Cincinnati and Chicago railroad.

Death of Mrs. Brice. Associate Reformed Presbyterian, Thursday: For some weeks Mrs. Brice has been critically ill. About a month ago her children were summoned, but she rallied somewhat. Last Friday she became unconscious and took no nourishment after Sabbath morning. She quietly passed away Tuesday, July 9, at 11 a. m. She was 72 years old the 21st of May. Mrs. Anna Maria Steele Brice was the daughter of Rev. John Steele. She was born in Xenia, Ohio, and was educated at Washington seminary, Washington, Pa., which was then under the care of Mrs. Dr. Hanna. On March 19, 1850, she was married to Rev. R. W. Brice and to him she was a helpmeet indeed. She was the mother of ten children, seven of whom survive her, namely, Mrs. J. M. Caldwell, Mr. A. G. Brice, Miss Leila, J. Steele, Mrs. Fannie McCaw, Mrs. J. W. Baird, and Mrs. John P. Knox. Mrs. J. C. Galloway, Miss Maggie and Robert H. Brice having died some years ago. Mrs. Brice's married life was spent in the bounds of Hopewell congregation in Chester county, of which her husband was pastor. After his death she removed to Due West to educate her children. She had the pleasure of graduating all of her children in our colleges. Mrs. Brice was a noble woman. She had an unusually fine mind, inheriting her intellectual gifts from both her father and her mother. They were no ordinary people, her father was a scholarly man and her mother had rare intellectual attainments. There was no more gifted woman in our church than Mrs. Brice. She was a most godly woman. In her the graces were well developed. Her piety was known and recognized by all. The Scriptures were her daily delight. She searched them, was familiar with them and understood them. She loved the church and was remarkably regular in her attendance upon all the services of God's house. She was so attached to Hopewell that she retained her membership there until the day of her death, yet her interest in the Due West congregation was unflagging. She was a teacher in

our Sabbath school, a liberal giver to our work and was always present at our services. From her we always received sympathy and encouragement in our work as pastor, and in her home we were often refreshed. She was thoroughly informed about the workings of the church at large. She knew most of our ministers, was acquainted somewhat with the congregations and kept in close touch with the actions of the presbyteries and the synod. She rejoiced in the prosperity of Zion and faithfully did her part in the Church's work. She looked well after the interests of her household. Her life and character are revealed in her children. They were her joy and her pride. Her body will be taken to Chester on Wednesday and on Thursday she will be laid away in the cemetery at Hopewell by the side of her husband to whom she was so devoted and whose memory she held so sacred. Everybody in Due West loved Mrs. Brice and the same was true wherever she was known. All over the Church there will be sincere sorrow at the death of this good woman.

FIRE INSURANCE. THE man who does not insure his property against loss by fire, certainly takes no thought of tomorrow. He lives on with the feeling, "Well, I never have had a fire, and I don't expect to have a fire, and there is no use for me to carry insurance." Such people sometimes awaken in the dead hours of the night to find their property going up in the air in flames, but it is too late then. He can only say, "I wish I had." The wise man will insure today, the cost is trifling as compared with the protection. Insure today, and place your insurance with me, where you will be protected by companies who will cheerfully pay your loss if you are burned out. I represent strong companies that are strong enough to protect you against loss by fire. SAM M. GRIST, Life, Fire and Accident Ins.

It Isn't the Material that goes into your repaired watch that results in a perfect job—it is the "know how" that does the business. Any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what its worth, and it will cost you less than bungling at a lower price. T. W. SPECK, The Jeweler.

WHAT YOU EAT. WHEN you buy Groceries you are not buying them on the principle, "Oh, anything will do." You are buying something of which you want only one quality and that the BEST TO BE HAD. And then too, when you buy Groceries you want to be in a position to buy varieties. You can wear the same clothing every day without any trouble, but a continual eating of the same kind of edibles, after awhile will make your stomach have a tired feeling. You will find at my store a first-class assortment of Groceries of the best qualities and at just the prices to suit you. Not low enough to get poor stuff; not high enough for extravagance. Call on me for what Groceries you need. J. F. PURSLEY, Clover, S. C.
