The Colombian government is disposed to hold that the United States is under obligation to assist it in putting down the insurrection; but the contention at Washington seems to be that the provision of the treaty which makes it the duty of the United States to preserve Colombian sovereignty over the isthmus, does not specify whether that sovereignty is to be controlled by Conservatives or Liberals, and, therefore, there is no obligation on the part

of this country to interfere. The whole matter of the trouble in Colombia and the part the United States is taking, is exciting much interest in this country and also in Europe; but as to what the outcome is going to be there is no telling. There is nothing much to do but await developments.

THE Greenville News, which looks upon the alleged exposition barroom scheme merely as a plan by which Senator Tillman seeks to buy the good will of the people of Charleston, comments as follows:

As we have had occasion to explain on several occasions, Tillman, in his desire to offset the growing opposition to his autocracy in the up-country, has found it necessary to bid for the Charleston vote, a little factor which he has heretofore spurned and trampled upon. Now if there is any commu nity on the face of the earth which has been maligned, wronged and ripped up the back, so to speak, more than the Charleston people have been by Tillman, we fail to find it on the map And of all the stabs Charleston has received none has drawn more blood than that inflicted by the dispensary machine. Hence Tillman's proposition favors from the press and people. We have had considerable doubt whether sell their birthright for a mess of pottage; and knowing the inherent abhorrence of The News and Courier to commercialism in all its phases, es pecially that phase known as Commer-cial Democracy, we have been hoping for some sign of disapprobation on the part of the Charleston newspaper, to the final clinching of the exposition Despite the fact, barroom contract however, that such signs are so conby their absence, we think sufficient publicity has been given to the scheme to defeat it.

The best politician of the minority in the senate is Senator Frederick T. Dubois, of Idaho, who entered the Dem-ocratic caucus for the first time at the pecial session of the senate last spring. During the greater part of his first term in the senate, Mr. Dubois was a Republican, and, though he bolted from that party in 1896, he was not ecognized by the Democrats until after his re-election to the senate and his appearance in the Democratic caucus. During his previous term he was rec ognized, even among the most skillful of the Republican leaders, and those in the minority, many of whom are now gone, as one of the most skillful

WITHIN THE TOWN.

- The county board of commissioners holds its regular monthly meeting

on next Wednesday. *The Loan and Savings bank has colunteered to receive and forward subscriptions to the McKinley monument fund.

- The York Brick Works have manufactured only about 2,000,000 brick this season. The demand has not been so good as last year and the weather has been unfavorable.

- There should be a water main along the Narrow Gauge railroad from the East Liberty street crossing, to the East Madison street crossing. It would afford almost double protection to much valuable property located betwen the railroad and Congress street. - Sheriff Logan has called the attention of the reporter to the fact that his "smallpox" case is not quartered in the "jail yard;" but some distance away. As stated, the Negro is getting along nicely. There is really no need to keep him in custody except as a precaution against further spread of

the disease. The Victor Cotton Oil company expects to begin turning the wheels in its thing works smoothly, will make oil next week. In the case of a new mill like this, several days are generally required to get the machinery properly adjusted, and these adjustments may delay the first pressing of oil until about Wednesday.

- Thanksgiving was observed in Yorkville, Thursday, by a general suspension of business. Devotional services held in the Presbyterian and Episcopal churches were fairly well county auditor during the month of day by going hunting. So far as THE ENQUIRER has information, there were no serious hunting accidents during the day.

- Theatre-goers will be transported back to the days of togas and tyrants next Wednesday night, when E. J. Carpenter's great production of "Quo Vadis" will be presented. This drama has will be presented. This drama has met with unqualified approval from W. A. Brandon. 557-10 acres; consideration, \$506.

- The King's Mountain chapter of the Daughters of the Revolution will give a gold medal for the best paper J. B. Johnson to W. H. Dunlap, et on the life of Mrs. Eliza Lucas Pinck-Theopholis Wright, et al., to James ney. This offer is made to the memthe Yorkville Graded school. The papers must be submitted to a committee appointed by the regent of the King's Mountain chapter. The presentation of the medal will be made Washington's birthday. February 22, and the papers must be sent in one week before that date.

> - Mr. Sam M. Grist made an interesting test of the Utica fire extinguisher on the court house square last Tuesday night, in the presence of a crowd of a hundred or more people. A quantity of hay was saturated with two gallons of kerosene and fired. Upon a signal from Mayor Willis, after the flames had attained flerce headway, the fire extinguisher was put to work and the blaze was overcome in less than a minute. The extinguisher consists of a cylindrical shaped apparatus, containing chemicals which, when mixed together, generate a gas that seems to smother flames in remarkably short order. People who witnessed the test were generally pleased with

afternoon, Mr. N. A. Simril said that the people out his way have not lost any of their enthusiasm for the improvement of those dreadful hills between Yorkville and Tirzah. The location of the chaingang out beyond the Robinson place, has not resulted in any noticeable disposition to leave the whole matter to the county. People are still notifying him of their willingness to assist in this important work and he hopes to receive many additional subscriptions yet.

Shot by a Burglar, Fort Mill Times: Monday evening. at 6 o'clock, Mr. John Whitesides, a farmer living 8 miles east of Fort Mill, was shot in the stomach by an unknown Negro thief. Mr. W. E. Caldwell runs a store near Providence church. While he was at supper Monday evening a Negro broke into the store. Mr. Whitesides came up in time to see the Negro rifling the cash drawer, and ordered him to leave the building. The Negro came out of the W. B. Moore to Joseph O. Walker. store and fired at Mr. Whitesides with a revolver, the ball taking effect in the stomach. The Negro then fled. A posse was quickly organized and start-
