

ing creek, in York county, which will be submitted to the legislature at the next session. The report also has attached a report of Col. J. H. Averill, the expert engineer who was employed to inspect the road. In the report the testimony of the witnesses examined at Rock Hill and of the officials of the road examined in Columbia is reviewed and several valuable suggestions are made to the legislature. As a result of the testimony of the officials and Col. Averill's report, Chairman Garris has issued an order that "on account of the treacherous and uneven flow of waters of Bullock's and Cane's creeks that these trestles be removed and replaced with steel bridges, properly protected by stone abutments."
