Tell Me Why

Will you kindly tell me why a man who wants to buy a barrel of sugar, or 1000 pounds of flour, or a sack of coffee, or a cooking stove, or a buggy, or a suit of clothes, or a hat, or a wagon, if he expects to pay spot cash, will visit every merchant in the town where he happens to be who handles the article wanted, and work and talk to force the price down to the last notch, and when that very same man becomes convinced—as all sensible men do sooner or later—that it is a duty he owes himself, society and those dependent on him to insure his life, he is just as apt to apply for a policy that is not best suited to his needs, and in a company that is "about the same" as all other companies, instead of taking a day off from coming to me and getting a full, honest and explicit explanation of the record and policy contracts of a company—the Mutual Benefit—that has been doing business 59 years, has over \$37,000,000 of assets, has never made a single promise that it either has not or will not carry out to the letter, and has always carried out its contracts at less cost to its members than ANY company in business. Brother, please tell me why. The information will be appreciated. SAM M. CRIST, Special Agent.

Men's Custom-Tailored Clothing

WEDNESDAY AND THURSDAY, Feb. 24 and 25—Tomorrow and next day—will be CUSTOM TAILORING days at our store. On these two days we will have at our store an expert Cutter and Fitter, representing one of the largest Baltimore tailoring houses, with a full line of samples of the latest and most popular weaves and the latest fashion sheets. This expert is representing

Schloss Brothers & Co.,

who make honest clothes for particular people. Their clothes teem with a character: all their own. Their designs are original. Their patterns exclusive. They please the eye. They satisfy the mind. They are made to wear. They are sold on their merits at prices that defy competition.

We cordially invite our gentlemen friends to call tomorrow or next day, and even if not momentarily interested, it will be worth your time to look over the extensive line of foreign and domestic fabrics, some of which are exclusive importations and cannot be seen elsewhere.

A chat with Schloss Bros. & Co.'s representative on the prevalent and coming styles will also be of interest to good dressers. If you are particular about the style, the fit, the quality of your clothes, come to see us tomorrow or next day and let us show you what we have.

The name of "SCHLOSS" is a synonym of all that is most satisfying in the tailoring art.

Goods and Sales.

People Have Learned Where the Dollar Is Most Valuable.

Fresh Goods Arriving Daily—Some Especially Attractive Bargains.

Pants and Pants. We have just received another line of Pants ranging in price from 50 cents to \$6.

Corsets at Half Price.

We have about 12 dozen Corsets of various styles and qualities that we want to get rid of. Some of them have been in stock longer than they have been well; but if they suit they are just as good as if they were fresh from the factory. The former selling price ranged from 50 cents up to \$1.25. The price now is just one half. That is, a Corset that sold for 50 cents goes at 25 cents and a Corset that sold at \$1.50 goes at 75 cents. But we hope our friends will take warning. Like a lot of Corsets, but that number will not stay with us long at the price, we have just made.

Trunks and Valises.

Because of the demand for such goods, the fact that they are difficult to get in the smaller markets, we have taken especial pains to lay in a large stock of Trunks, Valises, Dress

Hardware. We have almost everything in Hardware, including one car Plows, another of Barbed Wire, another of Poultry Wire. We also have Plow Stocks, Nails, Trace Chains and in fact pretty nearly everything you want in the Hardware line.

Your Business. We are prepared to do any amount of business, and in all of it we can give entire satisfaction. Come in and talk with us.

Dirt, the Safest Investment.

NOTICE THE BALTIMORE FIRE. Property nearly all destroyed except the ground, which has been enhanced by the fire, as more valuable and up-to-date structures will be erected. Even these fine new structures are liable to be destroyed by storm or fire, but the DIRT will still be there to enhance in value for succeeding generations. Why not turn your thoughts and attention to investing in DIRT while prices are so low in South Carolina and bound to advance as the census plainly shows the population is increasing and must have a place to dwell, dead or alive? Even the dead require space. If our trading folks would turn their talent toward Real Estate, instead of trading in things with no substantial value, we would see the greatest improvement in both pleasure and profit. The country has ever experienced. Instead of this, Mother Earth is sadly neglected and even abused in most instances, the main foundation and support of all. Which plainly shows "What fools we mortals be!"

G. H. O'LEARY.

HALF SOLE YOUR STOVES.

WE keep in stock at all times, Grates, Backs, Dampers, Hearth-pieces, Top Overplates, Long Crocks, pieces for the top, Props and Rods for the Iron King and Elmo and Liberty Stoves. Make a memorandum of what you need, with name, number and date and bring it with you. We also have a few Grates and Backs for Patron and New Lee Cooking Stoves, made by Richmond Stove Company. Delpew says: "Young man buy real estate." We say buy an Iron King, and if you give us a call, we will try and show you why you should buy it. We will show you why it bakes so evenly all over the bottom, and uses so little wood. We are still pushing the famous Dexter #15, Rex #12.50 and Regal #10 Mattresses, and at the advanced prices they are still on top. Have you examined our cheap and medium priced Chamber Suits lately? They are strictly up-to-date and the prices are all right too. G. H. O'LEARY.

FERTILIZERS

WHEN you use Fertilizers, which you do not use something that is known to be the best—what you want is fertilizer—something to make the stalk and the fruit. W. C. MACMURPHY & CO., are one of the best manufacturers of Fertilizers. As per Clemson analysis, all of them above the guarantee and went above in every ingredient. If you will examine the Clemson's Bulletin, you will find there are several brands that do not come up to the guarantee analysis. Read what a good farmer says of our goods: Mr. Jas. M. Starr, Dear Sir—I have used W. C. Macmurry & Co. Fertilizers almost 10 years. It affords me pleasure to testify that they are in my judgment second to none and much better than other brands I have used side by side in order to experiment. Have used above goods on corn, cotton, wheat, oats and garden. They give good results on all. Very truly, R. N. FLAXICO. JAS. M. STARR & CO., Leading Druggists.
