Benjamin Franklin

Died in Philadelphia on April 17, 1790, and history says that 20,000 people attended the funeral. This tribute on the part of those who were his contemporaries shows, in a measure, the extent to which the great statesman, inventor, editor, philanthropist and humble, consecrated Christian by his life work had won the love, respect and confidence of his fellow-citizens.

"Look around the habitable earth, how know their own good, or knowing it, pursue."

During the past four years you have known that the Mutual Benefit Life Insurance Company of Newark, N. J., was absolutely the BEST life insurance company in the world, and issues the BEST and most liberal policies, and is recognized as the BEST for policy-holders by men everywhere who KNOW. I say YOU have known this because I have been repeating this truth in these columns almost constantly since July, 1899, and I know you have been reading my advertisements for the reason that I recently undertook to test the matter and caught you.

You know that your own good, if you live to be old, or that of your dependents if you do not, depends on your life being insured. You know that I cannot afford to make the bold, plain, blunt, unconditional claims in cold print from week to week that I have been making if I did not know they were true, for the reason that other companies would and could call me down. Their agents may take you around the corner and claim that they have a better policy than the Mutual Benefit, and then you will feel like kicking yourself for leaping before looking, because you had been led to suppose that all life insurance companies and contracts were "about the same."

Furnish Your Home.

If you would teach your children to appear as if accustomed to the good things of this life, put nice things in your homes for them to get accustomed to. Don't build a large house, but rather a small cottage, which when it is well furnished, carpeted, curtained, well heated and nicely kept is the proper thing to make a home.

W. B. MOORE & CO.

Keep everything to equip a house from top to bottom, including Matings, Lace Curtains, Shades, Ward-ropes, Bed Room Suits, Chairs of all kinds, Rockers, Couches, Rugs, etc. Also have stoves of all grades. They sell for either cash or to responsible parties without cash. They will furnish your house completely and wait for the money until fall, if you like.

The Spring Trade.

ALTHOUGH we probably have the largest and most complete stock that we have ever had at this season, we are still adding to it daily, and the attractions we will open during the entire spring will be unexcelled as to quality, style and price. It has often been said that it is impossible to please everybody; but we have reason to believe that we can come very near doing that very thing, and we intend to prove that we are correct in our belief.

Clothing That Fits

We have already sought to give some detailed information as to our tremendous stock of ready-made clothing for men and boys; but this has been next to impossible. People who will undertake to come and see will readily appreciate the reason. There is too much of the stock to admit of a description. We are undertaking to fit almost anybody in almost any kind of a suit, and we are coming pretty nearly up to the scratch.

Dress Goods

Dress goods in all the newest weaves and styles have recently been put on exhibition and our stock is receiving daily additions. We are ambitious to supply all the ladies of this section with all that they can desire in this particular, and we will be pleased to have examinations and criticisms.

Lots of Shoes

Our stock of shoes is simply tremendous. It includes everything for men, women and children and we are receiving additions continually.

Notions.

Our notion department is receiving more attention this year than heretofore, and it is our purpose to have new attractions and exhibitions constantly. Almost everybody calls at Heath's while they are in Yorkville, and the few that fail to do so are the losers by their neglect.
