

SOUTH CAROLINA NEWS.

Judge Gage Still Ill. Judge Sage undertook to preside over the circuit court in Spartanburg this week; but was so ill on Wednesday morning that it was necessary to adjourn the court indefinitely.

Tribute to Dr. Carlisle.

Spartanburg special of Wednesday to News and Courier: This afternoon about 150 citizens of our city marched over to Dr. Carlisle's residence, and Mr. Stobo Simpson, after Dr. Carlisle came to the porch, stated that a few citizens had walked over to congratulate him on his 79th birthday. In touching words he assured the doctor of the high esteem he was held in by every one in the city. Dr. Carlisle was much affected by the friendly demonstration, and said that if his life could be spared 200 years he could not repay his friends for this evidence of their friendship and good-will. Men from shops and counters and offices paid this tribute, and there would have been 1,000 if it had been generally known. It was a deserved tribute to manly worth.

Influence of the Dispensary.

The dispensary is weakening as a political factor in this state, and the danger is coming when politicians will not so readily bend the knee to Baal. In the recent primary of the Second congressional district, one of the candidates, Mr. Leon J. Williams of Edgefield, did not fail to remind the voters on every occasion that he had successfully steered the dispensary through trials and tribulations for eight years, and this was a patent right to their affections and support. Alas, the voters did not see it that way, and Mr. Williams was left in the lurch, although he said during the campaign that he had been working all these years to become a congressman ultimately. He made a mistake in not running two years ago, when everybody agreed upon "the best solution."—Greenville Mountaineer.

Highway Robbery in Greenville.

Greenville special to Columbia State: On Thursday night last, between 10 and 11 o'clock, Dr. J. E. Crimm was going to his home on Main street, in the second story of the Burgess building, and he was accosted just as he reached the office door in the dark hallway with a gruff demand for his money and diamonds, and a pistol was thrust into his face, while he was ordered to hold up his hands. Dr. Crimm was taken completely by surprise and as he was unarmed at the time there was nothing to do except surrender for the time being to the inevitable. The bandit grasped the necktie of Dr. Crimm, where he usually wears a diamond pin, and then demanded his diamond ring, placing his weapon near his temple. He grasped the right hand of Dr. Crimm, on which he wore a ruby ring, and in getting it off the finger was badly bruised. He had asked for money and received 46, and just as the ring was secured by him the passing of a number of persons in front of the door on Main street caused him to take flight down the back stairs.

A NEEDED EXHORTATION.—In opening court at Saluda on Monday, Judge Gary spoke very earnestly to the grand jury of the prevalence of crime and exhorted them, and all good citizens to see that the violators of law are punished. Here is an extract from the report of the court proceedings taken from the State: "True bills were found against Clarence Thompson, charged with shooting J. M. Ward; John Yarbrough for shooting P. B. Havird; Morgan Thrallik and son for killing Ben Burton; Euryan Gillison and brother for shooting C. N. Douglass." In most of these cases, if not in all, white men were concerned both as shooters and shootees. Evidently the judge's exhortation was needed.—Newberry Observer.

If You Were Going To The St. Louis Exposition

And should read a statement in these columns signed by myself, guaranteeing to furnish you with a round trip ticket, providing for all the comfort and conveniences furnished by the best American railroads today, at a cost of even \$5.00 less than anybody else was offering, and not giving details as to how or why I could do it, don't you think you would at least investigate my claim? You certainly would, and if you found my claim correct you would certainly buy my ticket. Now I have been claiming in these columns for the past four years, and still make the claim, that as agent for the MUTUAL BENEFIT LIFE INSURANCE CO., I am in position to prove to all healthy people desiring life insurance that I can furnish the "Best Policy in the Best Company" and at less cost than agents for any of the other companies, and have never yet failed to sustain my claim to the satisfaction of those who have impartially investigated. I am sure that I can convince you, too. I will prove to you that all companies are "about the same" except the Mutual Benefit, and that is in a class all by itself. This is the policy adopted by the rule of "NO MONEY, NO WORK," and will stick to this rule in future. We thank our customers who pay for past favors, and solicit further business. W. O. RAWLS.

W. O. RAWLS, PLUMBER AND STEAM FITTER.

JUST A WORD

We want everybody to know that we want all the business in our line that it is possible for us to get and to do. And we further want everybody to know that we do not want to do any work for anybody unless it is with a distinct understanding as to when the work is to be paid for. We make this statement because of the fact that during the past year or two we have been doing work for various parties who have not come up to time with the coin of the realm. In other words we have several hundred dollars' worth of accounts on which we are unable to realize. We are not in business for fun or for our health, but with the intention of doing good honest work for which we expect to receive prompt settlements when the work is done. We have adopted the rule of "NO MONEY, NO WORK," and will stick to this rule in future. We thank our customers who pay for past favors, and solicit further business. W. O. RAWLS.

Our Spring Millinery

Trade this season has been a big source of wonder to us. At the beginning of the season we purchased a stock that seemed to us would more than supply any reasonable demand. How much we were mistaken is evidenced by the fact that we have since had to make three separate orders. We received four dozen hats by express recently and have several dozen more that are coming by fast freight. Our sales are larger than ever before, our qualities are better, our styles the most fashionable and the work of our trimmer the most satisfying. Altogether our Millinery this season has been most surprising to ourselves and to our customers. If you would have a stylish hat that is correctly made and at the right price, the place for you to get it is at this store. We also have a full line of handsome Sailors and Walking Hats of correct shapes and styles and at most attractive prices. Ask to see them. They are worth seeing.

Straw Hats For Men.

Yes, we've got them. All kinds, all sizes, all styles, all prices from 10c and up. If you want one of those feather-weight hats, so popular these days, that look so cool and comfortable, and are as cool and comfortable as they look see us. We also have a full line of the better kind of Felt Hats.

Special For This Week.

Yesterday we received about 1,000 yards of Fancy Colored Muslins. The same quality that we sold at the first of the season at 12 1/2 cents a yard, and which has since been sold by some dealers at 15 cents a yard. During the balance of this week if the Muslin lasts that long, we offer it to our customers at the low price of TEN CENTS A YARD. This is an exceptional offer and is worth your time to investigate.

Men's Fine Shoes.

The Reynold's Fine Shoes for men always carry off the blue ribbon when quality, style and price are considered. We have been selling Reynold's Shoes for years and they have been and are giving entire satisfaction. We have a complete stock of all sizes, widths and styles.
