THE REPUBLICAN PLATFORM.

Party Boasts of Its Achievements and

Promises to Continue as it Has Been

Scraps and Lacts.

-The Cape to Cairo railroad is now complete from Cape Town to Victoria Falls, a distance of 1,633 miles. The first train for Victoria Falls left Cape Town on Thursday.

- Lumberton, N. C., Argus: While a tuner was at work on Mr. D. C. Sinclair's plano Tuesday, he 'was surprised, not to say frightened, by the discovery of a snake. It was a chicken snake and measured over three feet in length. He had probably been making his living on mice. It is thought that his snakeship has dwelt there since he was a snakling, and it is doubtful if he could have got out alone.

- Charlotte Observer: For having declined to sit at meat with Judson W. Lyon, colored, and for having praised Governor Aycock in the recent Republican state convention, Judge W. S. O'B. Robinson has gotten his reward. At the caucus of the Republican state delegation at Chicago, Tuesday, he was defeated for re-election as national committeeman for North Carolina by Carl Duncan, or rather, seeing that he was to be defeated, withdrew.

-Says a Washington dispatch of June 22: It was officially determined by the navy department today that the battleship Oregon was entitled to the trophy for excellence in gunnery in the last annual target practice, for which the ships of the navy have been in competition, and the award was ordered made accordingly. For the gunboat class it was determined that the Dolphin is entitled to the trophy, while the trophy for the destroyer class goes to the John Paul Jones, of the Pacific squadron. The Wisconsin was second in the race to the Oregon, while the Samar, on the Asiatic station, was second to the Dolphin in her class, and the Truxton second to the John Paul for president. Jones.

-The search for the bodies of victims of the Slocum disaster continues, and is still being rewarded by additional finds. Up to the present time about not especially long on that suit. It is 850 bodies have been recovered. Many of these have come to the surface within the past few days, and they are becoming more and more difficult to they are opposed will require much recognize. There are still about 250 more unity than has yet been in evipeople missing. The investigations of dence. the coroner have developed that the regulations for preservation of life

against fire or drowning were all but Slocum. The fire hose on the steamer life preservers would not have served their purpose even had they been available.

-Owing to various hitches in the negotiations it has not yet been practicable to secure the release of Perdicaris and Varley from the hands of the Moorish bandit Raisuli. The necessary cash was forthcoming without difficulty: but then arose a question as to whether or not Raisuli would keep faith. The people in charge of the negotiations in behalf of the prisoners finally decided to ask that the prisoners be surrendered before the payment of the money. Raisuli refused to do anything of the kind, and since then Consul Gummere, the United States reprecompleted. sentative at Tangier has been trying to find somebody who would act as a satisfactory intermediary; but as yet

has not been successful. - Mr. J. Taylor Ellyson of Richmond declares that the Battle Abbey matter is coming on well and that the litigation of Mr. Underwood of New York, against Mr. Rouss's last bequest is simply delaying progress. They have over \$100,000 in bank and the city of Richmond has appropriated \$50,000. Mr. Ellyson declares that he expects to see the Battle Abbey built in two years from now and expresses the hope that it will contain the largest assembly hall in Virginia. Mr. Underwood claimed that he was entitled to a commission on Mr. Rouss's gift and from this the Battle Abbey committee dissented, hence the suit. Mr. Ellyson says as soon as the injunction is removed they will commence building operations. -Raleigh, N. C., Post, June 15: Thos. A. Edison, despite his appeal to the president, has been refused a patent on his new storage battery, and President Roosevelt at the cabinet meeting today approved the report upon the case made by Assistant Commissioner of Patents Moore. Mr. Edison, when the patent office turned down his application, appealed to the president, and among other things alleged incompetency on the part of the examiner's office. The president directed the reopening of the case-an unusual proceeding-and the assistant commissioner of patents made an investigation. His report was concurred in by the assistant attorney general for the interior department and was turned over to Secretary Hitchcock. The secretary today laid the report before the president, who approved it. - Results obtained from the experiments made by the department of agriculture with a view to ascertaining the effects of boric acid and borax as preservatives in the human system are announced in a report issued by the department. The report embodies data obtained from the prolonged tests made with volunteer employees, who constituted the so-called diet kitchen or "poison squad." The report announces that even in doses not exceeding a half gram (71 grains) a day these preservatives are prejudicial to health when rious consequences. consumed for a long time. There is but little apparent disturbance in the process of digestion or assimilation. The administration of the preservatives, the report says, tends to diminish slightly the weight of the body. The general conclusion is reached that it is not advisable to use borax in food articles intended for common and continuous use. At all events, adds the report, the quantity and character of the preservatives used should be plainly marked.

Yang to check both Gen. Oku and Gen. Kuroki. It is believed in St. Petersburg that Gen. Kuropatkin's object is to prevent a junction of the Japanese armies. On the other hand, the aim of the Japanese, apparently, is to drive the Russians out of the Liao Tung peninsula, preparatory to a march on Liao Yang. The approach of the rainy season will more than likely precipitate matters. Nothing is known of the reported occupation of Hsi Ung Yao Chonz (or Si Young Cheng) by the Japanese. If the report should be correct, it agrees substantially with the Japanese plan of advance as it is understood here, but it indicates that the Japanese outposts are further forward

than Russian advices indicate.

The Horkville Enquirer.

A DISPATCH from Fremont, Neb., indicates that the Populists of that state propose to affiliate with the Democrats in the event Wm. J. Bryan shall control the St. Louis convention. Otherwise, the Populists will hold their national convention as usual and probably nominate Mr. Bryan as their candidate

WHILE there is very little enthusiasm among the Republicans, it must not be forgotten that the Democrats are true that the Democrats have everything to gain and but little to lose, but to overcome the combination by which

GEORGE B. Cortelyou, secretary of commerce and labor, has been chosen ignored by the owners of the General as chairman of the Republican national committee, and has resigned his powas old, rotten and useless, and the sition in the cabinet. The Republican arrangements as developed yesterday contemplate the opening of headquarters in New York and Chicago during the latter part of July, and Mr. Cortelyou will divide his time between

those cities.

Possibly a contest between two evenly matched candidates for governor on the issue of local self-government as to the sale of whisky would man. bring out a reasonably fair attendance at the campaign meetings; but we are inclined to think that with the candidates for railroad commissioner as the only attraction the campaign will fall of its own weight before it is half

THERE is a current rumor to the effect that General Tyner will sue President Roosevelt for \$100,000 damages unless the president retracts the rough things he said of the general previous to the latter's vindication by a jury of

Mr. Bryan and others, especially at Japanese advance. Meanwhile, large this tir when the outlook for the sucforces are hurrying south from Liao cess of the Democratic party seems so of the Anglo-American Joint High commission. The questions that the commission was expected to consider avorable. Lieutenant Governor Sloan made

pleasant little speech, and got off a good joke. He said: "I am in favor of averything." The crowd laughed heargood joke. He said. I all he hear-tily at the suggestion, and seemed to appreciate the joke all the more when he added, "that will ald in the prosperity of the State." Capt. R. H. Jennings, state treasurer

was very much pleased at the idea of being allowed to run without opposition. He explained the operation of the state's finances, and told how and why it had been necessary to borrow sums of money. large sums of money. Secretary of State Gantt referred to the recent examination of his books and claimed that the only thing the committee had found to criticise was his book-keeping. He claimed to was

his book-keeping. He claimed that it was not fair to expect him to keep books on a very elaborate system unless he was provided with a book-keeper He claimed however, that he was in a position to account for every dollar he

THE C. & N.-W.

Like most of the other railroads in this part of the country, the Carolina and North-Western has been experiencing a steady decline of business during the past few weeks; but holds its own very nicely as compared with last year.

For a year or more, in fact even since the work of broadening the gauge of the road was completed, the business has been on a steady increase, and the management has been very much encouraged both as to actual results and as to future prospects.

The general management of the road s devoting not a little attention to the work of improving the newly acquired Caldwell and Northern property, extending from Lenoir to Collettsville This road, a narrow gauge, built for lumbering purposes, was in a very incomplete condition when it came into the hands of the C. & N.-W.; but the gauge is being widened, trestles filled in and sharp curves are being eliminated.

It is generally understood that the C. & N.-W. management wants to go on to Bristol, Tenn., and while the work has been fairly commenced, it will necessarily be slow for a year or two vet. Completed through from Bristol to Chester, however, the C. & N.-W. will become a most important railroad property that will be of immense benefit to all the sections through which it passes.

Battle of King's Mountain.

Columbia Record, Tuesday: Governor Heyward has received a number of requests and letters asking that

there be some official action taken in minded that the Fourth is a legal regard to the celebration of the 125th anniversary of the battle of King's Mountain, which occurs this year. The idea was first suggested by a resident of Pennsylvania, and has been taken to the reporter last Wednesday, "and up by all of the patriotic societies of the tallow came back wrapped in a the state, with the result that some appropriate exercises will take place. Governor Heyward will do all in his power to aid the celebration, but there are no funds on hand with which to ent when the state campaign meeting call for any official action by the state.

the crowd was increased to about 150 Change of Schedule.

Quite an important change of schedbefore the speaking was over. The ule will go into effect on the C. & N .people don't seem to be very much in-W. next Sunday. The fastest schedule terested for the reason that there is on this road heretofore, was about 35 miles an hour; but the new schedule The committee of arrangements in will break all records in this respect, charge of the farmers' picnic to be held making the distance from Lenoir to at Rock Hill proposes to make the Chester, 110 miles, in five hours, or good roads question the feature of the at the rate of about 40 miles an hour proceedings of July 28. Mr. M. V. including all stops. The northbound Richards, land and industrial agent of the Southern Railroad has accepted an train will pass Yorkville at 10.48 a. m., invitation to be present and there will and the southbound at 7.22 p. m. The special object of the new schedule is to ensure close schedule connection Negotiations are on foot to secure a with the Seaboard Air Line at Lingame of baseball on the Clover diacolnton, and the northbound Southern mond between the Yorkville and King's at Chester at 8.20 p. m. There will be Mountain teams. It is the hope of the no change in the connections at Gastopromoters that the event will come off nia in so far as Yorkville is concernsometime next week, and the chances ed; but there will be a very decided are that those who witness it will see improvement in the present mail and a good game as both teams are considpassenger connections for the north.

ered among the best in this section. There is no public money available Rains in Bethel.

Messrs. W. P. Boyd and B. J. Currence of the Point section, were in Yorkville yesterday on business. Mr. Boyd informed the reporter that the crop situation in Bethel township was not so favorable as the readers of THE ENQUIRER would be led to infer from what had been printed on the subject. The western side of the township has been faring very nicely; but in his immediate neighborhood there has hardly been a good plow season since the 24th of March last. Bottom land corn is doing nicely, and cotton is also looking fairly well considering the unusually trying conditions; but the farmers are rather blue over the situation. If they get good rains soon they will yet be in pretty good shape; but just now it looks as if the effects of the long con-

tinued drought will be very serious. Jennings-Bateman.

THERE are complaints that the St. Louis fair is not coming up to financial expectations. This is not surprising. expectations. This is not surprising. Although this is the biggest show of the kind that has ever been attempted, they are growing too common, and the records who visit them have had a surpeople who visit them have had a surfeit. This show will have a tremendous attendance, of course; but the gate receipts and receipts from concessions will not amount to anything like as much as has been expected.

A WASHINGTON dispatch says that Secretary of State Hay has sent to the sultan of Morocco an ultimatum, the sense of which is that the United States wants Perdicaris alive or Raisuli dead and that quick. It is understood that the American squadron off Tangier has a landing party in readiness and that there will be something doing without much more delay. The reason for Mr. Hay's demand is that he fears the sultan is being influenced by some kind of a political intrigue.

THERE has developed a probability of international complications over indignities that were inflicted on the French and German ministers to Hayti by troops of the government a few days ago. It seems that sometime back the Haytian government caused the arrest of French and German bank officials on the charge of having issued fraudulent securities, and much feeling has grown out of the matter. The German and French ministers have been standing by the bank officials to the extent of seeing that they get fair play, and as the result of the feeling growing out of the situation the representatives of Germany and France were attacked on the streets of Portau-Prince. The incident promises se-

....

THE STATE CAMPAIGN.

The Opening Meeting at Sumter Last Tuesday.

The state primary campaign was opened at Sumter Tuesday before an audience of about 200 people, and peeches were made by all of the candidates present. These included practically all who are in the race with the exception of Mr. Cansler. Colonel Tribble, who was announced as a can-Tribble, who was announced as a can-didate for secretary of state was not present and it has since developed that he has decided to withdraw. The speech of Governor Heyward was well prepared and was full of

sound sense. He told of his efforts to secure the enforcement of the dis-pensary law, said he had done what he ould and admitted that he was unable to do a great deal more. He discussed the questions of law and order and education, pointing out that the responsibility of the state in these mat-

unusually strong one and of course it was well received by the convention. Wednesday was Speaker Cannon's day. He had been chosen as perma-

There was a gai tween small boys of Yorkville and Rock Hill in Yorkville last Tuesday The Yorkville team, which had the ad-

vantage somewhat in size and years won by a score of 14 to 3. - The C. &. N.-W. railroad company

has decided to put in a "Y" at Yorkville; but may not get the work done for a month or more yet. It has Y's at Gastonia, Lincolnton, Newton, Hickory and Lenoir.

- Mr. W. J. Whitener has tendered his resignation as policeman, to take effect on August 1. After that time he will be with Messrs. Glenn & Allison and have especial charge of their farming operations.

- The trustees of the Graded school have completed the selection of the faculty of that institution which will be as follows: J. C. Allen, superintendent; L. W. Jenkins, principal; Miss Ella Neely Miss Sudie Allison, Miss Norma VanLandingham of Charlotte, N. C.

and Miss Emma Rasor, of Donald's S. C.

THE FACTORY VOTE.

In conversation with a representative of THE ENQUIRER the other day a candidate for a county office brought up the question of what is known as the factory vote. He outlined the situation like this.

"During an experience of seven of eight years, I have observed that while at each of the factories there is a very respectable per cent of settled, steady citizens, at the same time it cannot be denied that the percentage of floaters is generally larger.

"Now, as to the settled steady element," he continued, "I have nothing to say, except that they are as good citizens as any of us, know how to vote as well as any of us, and have a perfect right to vote as they please.

"But the floating element is a source of annoyance to me. They are first at one mill and then at another and about the only responsibility of citizenship they ever incur is the privilege of voting in primary elections. In nine cases out of ten they have no idea of discrimination between the various can-

didates and not even a choice between "There has developed with these

floaters a condition like this. At each of the mills there are one or more men All Healing. with more or less knowledge of manipulation. These men acquire a following among the floaters and at the proper time sell their influence to the

candidate or candidates who agree to pay the highest price. "I have never tried to buy a vote from anybody, but more than once, I

Woodward of Bishopville, were announced by the strains of Mendelssohn's Wedding March. of the church, and arranged to form a horseshoe, which was closed by the maid-of-honor, Miss Annie Bateman, and the bride, leaning on the arm of her father. At the altar they were joined by the groom and his best man, Dr. Charles L. Jennings, who advanced from the vestry room to meet them. In the few impressive words of the old English ceremony, Dr. Mark L. Carlyle pronounced the two one. Then two lovely little flower girls advanced down the aisle, strewing flowers in church the wedding party drove to the residence of the bride's parents, where a reception was held. Mr. and Mrs. Jennings came to Yorkville, where their home in the future will be, Thursday morning. Mrs. Jennings is the eldest daughter of Mr. and Mrs. W. G. Bateman of Columbia, and is a graduate of the South Carolina college. Charming, talented and accomplished, she is a representative of the highest type of southern womanhood. Mr. Jennings is a son of State Treasurer R. H. Jennings, and a member of the firm of Finley & Jennings, attorneys at law. Though he has lived in Yorkville only a year, his energy, enthusiasm and force of character have won many sincere friends and admirers for him who extend their congratulations to
