

MERE-MENTION.

The National Grain Dealers' association is in session in Milwaukee. Col. Thomas French, a member of the Light Brigade which made itself immortal at the charge of Balaklava and also a member of the G. A. R., died at St. Augustine, Fla., Wednesday, aged seventy-five. Princes George and Conrad, sons of Prince Leopold of Bavaria, and cousins of King Otto have arrived in New York to visit the St. Louis exposition and make a tour of the United States. Thirty thousand men, employees of the ready-made clothing factories of New York city are on a strike. \$1,000,000 in English gold went down in the Japanese transport Sado, which was sunk by the Vladivostok squadron in the Straits of Korea last week. An engine pulling a Delaware railroad passenger train went through the drawbridge at Laurel river, Del., Monday. The engineer was killed, but the passengers were saved by the baggage-master who crawled under the moving train and uncoupled the cars. The Louisiana Democratic convention has instructed for Parker. After spending five days in prison at Port Arthur, Hector Fuller, special staff war correspondent of the Indianapolis News, has been released. The Texas Democratic convention has instructed for Parker.

Aiken's Horrible Murder Case. In Aiken Thursday the case of the State vs. Lee Green, who is charged with the murder of the Jew peddler, Abram Surasky, on or about the 16th of last July, was taken up. The details of this case are familiar to all, as what could be learned of the facts at the time showed that Surasky had been killed in a most horrible manner. Mr. Surasky was one of five brothers who are engaged in business at Aiken. Abram Surasky made weekly trips through the country with his pack of goods in a wagon. The section in which he was murdered was one in which he traveled frequently, and so far as known he never had reason to believe he was in danger. On Tuesday of the week of his last trip, he went to the Hawthorn and Silverton neighborhood and was never seen again alive. On Friday the news was brought to Aiken that he had been murdered. His body had been found seated in his peddler's cart with gunshot wounds in the back and mutilations from blows with an axe or other instrument. Coroner Plunkett held an inquest on the remains, which had been left in the woods from Wednesday until Saturday and were in a horrible state of decomposition. His horse also had been left tied to a tree to starve, but the animal had broken loose and wandered away. The coroner's jury, after hearing the evidence charged two young white men, George Toole and Lee Green with the murder, and Toole was arrested and brought to jail. Toole proved an alibi and Green was left to shoulder the awful crime alone. He was arrested about four weeks later by the sheriff, Detective Arthur and a posse. Blood stains on the floor of Green's house, a bloody axe under his house and other facts pointed to this young man of 21 years of age as being the perpetrator of one of the most horrible crimes that ever occurred in Aiken county. Only two persons, Henry Drayton and his wife, Mary, could be found who knew much of the facts. These two negroes lived near Green and their testimony was of such importance that they were arrested and put in jail for safe keeping. From the first Green has contended that the reason why he shot the Jew peddler, chopped his body so barbarously with an axe and then left the remains to rot in the woods, was because Surasky insulted his wife. This is the argument so far followed by the defense. The State is represented by the solicitor, James E. Davis, assisted by Messrs. Davis & Gunter, Sawyer & Owens, and Croft & Salley. The defense is represented by Messrs. Henderson and H. S. Cyles. A verdict will probably be reached today.

Deaths by Lightning. Mr. John Pearson was killed by lightning in his home at Summerville last Sunday and a small son of Mr. D. G. Smith of Ridgeway, met death in the same manner on Monday afternoon.

Laurens Damaged by Hail. Portions of Laurens county were visited by a severe hailstorm on Monday afternoon and there was much damage to the growing crops.

Will Consider the Applications of Women.

From the date of its incorporation in 1845 up to and including May, 1903, the Mutual Benefit Life Insurance Company refused to issue policies on the lives of women. On June 1 of last year the following notice was placed in the hands of the agents of the Mutual Benefit:

"The Company will consider applications for not more than \$5,000 on the lives of women who are in receipt of an income from their own labor or property and who expect to pay their own premiums. Such policies will be made payable to the insured or their estates, or to anyone dependent on them for support, or who would sustain commensurate pecuniary loss by reason of their death."

Policies issued on the lives of women will in all respects be similar to policies issued on the lives of men. I shall be pleased to furnish additional information on request. SAM M. GRIST, Special Agent.
