

telegram which brought forth the relief train.

The slight at the wreck baffles description, chaos being the best name for it.

The wrecker from Abbeville arrived on the scene shortly after 9 o'clock.

As soon as Mr. J. H. Hyatt, postmaster at Van Wyck, heard of the crash through the trestle, he went after Mr. J. H. Huseley, section overseer of the Seaboard Air Line, and they went to the wreck.

Wrecker Raleigh, pulled by engine 552, was sent for, and it came up from Monroe with the engine No. 554.

The portion of the cloth taken away was blue, leading some to think that it was the dress of Mrs. Black, who was dressed in blue.

It is the opinion of railroad men that the derailing of both trains was the work of train wreckers, who hoped to gain thereby, as the following of the special was not known, and its coming blocked their plans.

About 1,500 people viewed the wreck, ten going from Yorkville and between 150 and 200 people from Rock Hill.

Coroner Louthian and Sheriff Logan went to the wreck on the 10 a. m. train with a party from Yorkville, and the inquest was in progress when the reporter returned.

Goat Ranch at King's Mountain. Charlotte Chronicle, Thursday: Mr. R. B. Hunter of King's Mountain, who is finding pleasure and profit in conducting a goat ranch, is in the city.

In response to a question from a Chronicle reporter, he said there were fully 500 fine, healthy goats on his ranch, but he will not rest satisfied until this number is trebled or quadrupled.

"What are you going to do with so many goats?" asked the reporter. "Sell them, of course," replied Mr. Hunter.

"We will butcher them on the ranch and ship them to city markets. We have already had inquiries from parties in Richmond, Norfolk, Baltimore, Philadelphia and other cities, but as yet we have made no shipments. By next spring we will have at least 200 young goats ready for market."

Later Mr. Hunter and his associates may establish a creamery and make cheese from goat's milk.

Letter to J M Heath & Co. Yorkville, S. C.

Dear Sirs: Shuffert Hardware Co, Hickory, N. C. bought a car-load of paint; after selling it a few months, found out it measured seven pints a gallon.

Returned it to the maker and credited customers with what they had lost from short measure.

What do you think of a short-measure paint? Don't you think it part white-wash? Half the paints are part white-wash.

Go by the name: Devoe lead-and-zinc. No white or clay in that full-measure besides. A gallon Devoe is worth two of white-wash paint.

Yours truly F W DEVOE & Co

P. S.—J. J. Keller & Co. sell our paint.

THE PEOPLE OF YORK COUNTY WILL REMEMBER

That I am in the real estate business to do your buying, selling, and exchanging. If you will kindly call at my office, you will readily see I possess the facilities for doing your buying, selling, or exchanging to a good advantage. My office is simply a Mill to carry your wants and offerings to have them ground. If they are not ground, they cost you no toll. To sell property, we must have it and buyers as well. Questions alone do not make business, as a great many seem to think. I have all the Dargan lands around Guthrieville, and some very fine property in it. You must not expect to buy land at these old prices. Figures are higher and the longer you wait, the more it will cost you to own a home. Buy land and go to improving it. Make your money by enhancements and dividends. Send for my list of offerings, and make your selections and propositions. If I can meet your requirements, I will gladly do so.
