

Scraps and Facts.

—Independence, Ia., Nov. 24: Mrs. William McWilliams and her five children, ranging from three to eight years in age, were slain at their farm home today and the husband and father was arrested at Independence tonight, charged with the killing of the members of his family. He declares himself to be innocent. Each person had been killed with a hammer blow on the head. Mrs. McWilliams was atrociously beaten, and a few knife thrusts had been inflicted on the crushed body. In the woman's rigid arms lay the corpse of the three-year-old baby, his hood, coat and mittens on, a piece of buttered bread in one hand. The baby had been killed by one blow of a hammer on the head. The other children...

The Yorkville Enquirer.

YORKVILLE, S. C.

TUESDAY, NOVEMBER 28, 1905.

THERE are scores of so-called patent medicines that are really nothing more or less than preparations of alcohol intended as substitutes for whiskey. They are advertised as remedies for ailments of all kinds, and are readily sold on sample.

The counties that have voted out the dispensary include a majority of the white voters of the state, but still there are those who are not yet willing to admit that the dispensary law is a complete failure. They are unable to lose sight of the splendid graft feature.

THOMAS W. LAWSON, who some months ago announced his purpose to try to control the reorganization of the New York Life and the Mutual Life Insurance companies, and asked for the proxies of all policy holders who were willing to give their names now to the government, has been chosen as the man to be chosen. Mr. Lawson may be talking just a little fast in the matter; but if it is a fact that he has the necessary proxies, he will make it rather warm for some of his old enemies including Mr. Rogers and probably Mr. William Rockefeller.

This question as to what the Democrats of the house are going to do with W. R. Hearst for opposing the Tammany organization in New York is pressing for settlement. Tammany is very bitter against Mr. Hearst, and the understanding is that John Sharp Williams, the leader of the Democratic minority in the house, is receiving hundreds of letters urging that Hearst be denied the privilege of entering the Democratic caucus. A number of southern Democrats are doubtful as to the wisdom of such a step as they believe it would make a martyr of Mr. Hearst and would do him much more good than harm.

ALTHOUGH it has been evident for some time that order cannot be restored in Russia except at the end of a bloody and exhaustive revolution, and that such a revolution is inevitable, it has not yet become clear just how the revolution is to break out or how the conflicting forces are to be divided. But now there seems to be a starting place at Sebastopol. The sailors and troops there are in open rebellion against the government, and it is up to the government to decide whether to use force or to negotiate. With the spirit of mutiny so strong, however, throughout both the army and the navy, it is difficult to see where the government is going to get its support.

The possibility of a rupture between Russia and Turkey is receiving more and more consideration in Europe. Russia prevailed over Turkey as the result of the Russo-Turkish war, and as one of the conditions of peace Turkey agreed to pay Russia a large indemnity. Turkey did not volunteer actual payment and Russia never saw fit to press the collection of the money. Since the conclusion of the war, Turkey has been spending a lot of money strengthening her fortifications on the Bosphorus and along the Black Sea. Russia does not approve of these operations and the understanding is that she has advised Turkey that unless they are discontinued she will proceed with the collection of the old indemnity debt. Turkey's plan of paying that debt, and the matter goes.

FIFTEEN CENTS COTTON. There has been a lot of discussion of the possibility of a tie-up of three million bales of cotton and force the price of the remainder to fifteen cents a pound, and while there does not seem to be much disposition to question the ability of the president of the Southern Cotton Association to do this, the wisdom of such an undertaking is being challenged in many quarters.

President Jordan's idea of doing nothing about the matter has been brought about by the attitude of the spinners. When the executive committee of the Southern Cotton Association proposed 11 cents as a fair price for the staple the representatives of the spinners hooted at the idea. In the first place they really thought that 11 cents was too high, and in the second place, there is reason to believe that they had no idea that the cotton association was in a position to fix such a price.

It was really a bluff on both sides. The executive committee of the cotton association had reason to believe that it would be backed to a certain extent, but just how far that backing could be depended upon, it had no definite idea. The spinners really had no idea that the cotton association had any power to do anything of the kind. They were unwilling to concede even the 11 cents that had been virtually agreed upon; but sought, as of old, to buy cotton as cheaply as possible, and through Price and other leaders the fight was waged with a fierce bitterness that has not been paralleled for many years. Finally after the tide of battle had swayed first one way and then the other, reports and statistics fully developed the

LOCAL AFFAIRS.

NEW ADVERTISEMENTS. Southern Railroad—Announces that its winter tourist rates to Florida resorts are now in effect.

Rock Hill—Has good milk cow and is looking for a buyer. Kelly Inman, President—Calls for a meeting of the members of Bullock's association for next Saturday afternoon at Shady Grove.

ABOUT PEOPLE. Dr. W. W. White spent Sunday at Hoodtown.

CIRCUIT COURT. When The Enquirer went to press last Friday the court was engaged in the trial of Mort Williams charged with murder. The jury was unable to agree and a mistrial was ordered.

THE present term of the court of general sessions has netted about \$450 in fines. The term will cost in the neighborhood of \$1,000.

IT has been a splendid fall for gathering crops; but because of the lack of rain and the consequent dryness a very poor one for some of the staples.

AGREES TO QUIT COUNTY. R. F. Thomasson a notorious liquor dealer of Rock Hill pleaded guilty last Saturday to violation of the dispensary law in two cases and was sentenced to pay a fine of \$500 or go to the reformatory for a period of one year in each case.

UP TO SENATOR TILLMAN. The following interesting article is from W. W. Price the Wilmington correspondent of The Columbia Record.

SENATOR Tillman at last has the opportunity to show his leadership capacity of a leader in national politics. He came to the United States senate under a cloud of prejudice, and throughout the country created by the newspaper articles sent out from his office in the name of the senator.

WITHIN THE TOWN. —The C. & N.-W. depot is being repaired. —Turkeys have been offered quite freely on the streets during the past few days at 12 cents a pound and lots of them have been sold.

MERE-MENTION. Convicts at the Missouri state penitentiary mutilated, Friday, dynamited two more, and escaped into the forests of the surrounding country.

APPLE WAGONERS ACQUITTED. J. H. Britain, four others, the North Carolina "apple wagoners," who were arrested last Saturday week on the charge of selling brandy along the street in Yorkville, were tried yesterday afternoon and acquitted.

THE TYING UP PLEDGE. Following is the pledge and doubt now being circulated under the name of the Southern Cotton Association with a view to tying up as much spot cotton as possible.

IT is now definitely ascertained from reliable sources, including the department of agriculture at Washington, that the present crop of cotton will be in the neighborhood of only 12 million bales. Half the crop has already been sold.

GOOD MANNERS.

Editor Yorkville Enquirer. Mr. T. H. Williams of Newberry visited Charleston during Gala Week, and gave the public his impressions of the old city and its people through the columns of this paper. He has not yet returned to Newberry, but I do know that there are fewer "blind tigers" in Cherokee than there were in the past. He has voted out to above would be honest enough to admit the truth I dare say the conduct of affairs which he refers to obtains in York county and not in Cherokee.

THE Washington correspondent of The Columbia State has had a short interview with Senator Tillman on the rate question. The gist of the interview is to be found in the following paragraph: Senator Tillman was rather conservative in his remarks on this subject, and somewhat emphatic when it came to one upon which his opponents seem to be basing the hopes of defeating it. He said that he would be guided more by sentiment or tradition in the matter or by justice and its own and the nation's interests in securing the rate.

THE following letter received by Special Revenue Officer Alken, will be of much interest to those druggists holding proprietary medicines with alcoholic ingredients. It is from the honorable commissioner of the State of South Carolina, and as soon as a list of the alcoholic compounds coming under the ruling in Circular No. 673 shall have been made up, it will be turned over to the collector for the information of all concerned. He says further: Druggists and merchants dealing in special tax as retail liquor dealers, even on and after December 1, 1905, should be notified to pay the special tax on the liquor they are selling in good faith for medicinal use only any alcoholic compounds labeled as medicinal, and who are not registered by this office, upon analysis made here of samples submitted by the collector, to come within the ruling and pay the special tax. The collector of such compounds as shall have been analyzed and found to be within the ruling, will be notified by the collector of the fact, who are required to pay the special tax therefor.

MR. BRYAN GOT THIS STROLL.—Mr. Bryan's visit to Tokio coincided with the popular reception and admiration in one of the great city parks. There was a religious ceremony in which the admiral and the people offered thanks for the victory and the admiral's return. Mr. Bryan was present, and he was very popular. He was seen in a public square, and he was very popular. He was seen in a public square, and he was very popular. He was seen in a public square, and he was very popular.

THE annual report of Secretary of Agriculture Wilson has been made public. The secretary says that it is the highest of years for the production of evidence of the unprecedented prosperity which has in recent years rewarded the diligence of the farmer and the efforts of his department. A year of unequalled prosperity has been added to the most remarkable series of similar years. The production of corn has never before been harvested at such a high level, and the production of wheat and rice reached their highest point in the history of the country.
