DISC HARROWS--
Every practical farmer knows that proper preparation of the soil--deep plowing and thorough cultivation--is half the battle in securing good crops. These points are admitted by all good farmers who know things. The above facts being true the next question to arise is, "What tools shall I use to get the best results?" We are ready to answer your question and believe we can thoroughly convince you that that we know what we are talking about.

For pulverizing you should use a JOHNSTON DISC HARROW--either the Cut-a-Way or the Ordinary disc--(the style is largely a matter of preference) although many experienced farmers prefer the Johnston Cut-a-Way. We have just received a big shipment of both styles of these implements and would be pleased to have you come and see us about the matter. Let us point out to you the many superior points in the Johnston Reversible and the Johnston other disc harrows--its superiority is easily apparent.

What is Bromonia?
Read the following carefully:
If you have consumption or some of the contagious forms, or blood poisoning, we cannot cure you. We don't pretend to cure you. You need the individual treatment of some skilled specialist; but if you are run down in general health, if you have dyspepsia, are subject to fainting spells, a victim to insomnia, biliousness, kidney or liver trouble, catch cold easily, if your system is in that condition that you may become an easy prey to the disease germs of pneumonia, influenza and the various epidemics, if you are bothered with constant headache, loss of memory, general impaired vitality, we can help you, and, if you follow our directions, render you immune against sickness. Most skin disease can be cured by the use of "Bromonia."

"Bromonia" is to the human system what the scrubbing brush and soap are to the dirty washbowl. It aids Nature to resume normal action. It increases the strength, the fighting ability of the phagocytes of the blood; it promotes the healthy flow of the salivary and gastric secretions. If your system is in good condition you are well. The Chinese are a wise people. They accept each other with, "How is your stomach?"

We don't ask you to invest a cent until you have tried "Bromonia" at our expense. A single bottle of ten times works wonders. Cut out the Coupon at the bottom of this column.
