# KIND-COST

If you are thinking of painting your buildings there are only two things to enter into the matter. These two points are KIND and COST. You would naturally be particular about the Kind, because as a business man and from experience you know there are lots of "kinds" of paint. The KIND of paint you want to use, view-KIND of paint you want to use, viewed from a business standpoint, is the paint that will take the Fewest Gallons and Last Longest. Your painter can put on the lasting paint as cheap per gallon as the other kind, and he will put on fewer gallons, because a gallon of the right kind will go further. Now as to the KIND. You've heard of it often. To bring it to your mind we'll spell the name, kinder rub it in for you, thus: D-E. De- V-OE voe-DEVOE. Devoe goes further be-cause its component parts are put together in right proportion. Devoe lasts longer because its component parts are of best quality. Devoe costs less because it takes fewer gallons. J. J. KELLER & CO.

# STOCK-TAKING SALES

## Easily the Best Bargain Offering of the Year.

There's been a tradition in this section of country for a great many years that "Every merchant must have a dull summer season." We don't take much stock in the tradition. We believe it lays more with the merchant than the season. We don't intend to have a dull June. We intend to move goods out of store if PRICES will do the pulling. We don't expect to make money out of this month's sales in certain lines of goods. Our only intention is to move certain lines and to move them QUICK. In other words we want to exchange a big lot of goods into money before the first day of July, because, as is our custom, we always begin taking stock on that date. Now we are going to make PRICES SUCH AS YOU CANNOT POSSIBLY GET DUPLICATED ELSEWHERE, and then the only question for you to decide is whether or not you want the goods. Remember, these extraordinary prices are good only during the month of JUNE and if you are in the least inclined to pick up REAL BARGAINS as opportunity affords you can best serve your interests by watching our advertisements during this month, and visiting our store whenever you have the slightest want in the way of the goods on which we are offering SPECIAL PRE-STOCK-TAKING PRICES. It will pay you to visit our store before you buy anything in our lines as we can most likely SAVE YOU MONEY
