OVER NIAGARA FALLS.

Fate of a Schooner That Was Used as an Experiment.

The following story of the first public excursion to Niagara Falls was written at the time by an eyewitness: "The schooner Michigan was the vessel on Lake Erie at that time. She was too large, in fact, to enter the various harbors on the lake. and, being somewhat decayed in her uppers, the owner, Major Frazer, got the idea that she would answer the purpose of testing the fate of a vessel living things that might be caught in the rapids. The proprietors of the large public houses at the falls on congestion of the bowels. He was in both sides of the river and of stages and steamboats made up a purse to they would be amply repaid by the spectators that the exhibition would

attract. "For several days previous to Sept. 6, 1828, the day for which the affair shore to the Horseshoe fall, over which was fixed, which was Saturday, the stages and canalboats came to Buffalo crowded with people. On the night people rattled through the village in Pioneer, Niagara and Chippewa. The er. I was a passenger on her.

of the river were lined with people as The Publisher's the Michigan, unguided by human agency, approached, head on, the first Claims Sustained

and severer requirements of another generation."
We are of the opinion that this allegation
most clearly and accurately describes the
work that has been accomplished and the
result that Las been reached. The Dictionary,
as it now stands, has been thoroughly reedited in every detail, has been corrected in
every part, and is admirably adapted to meet
the larger and severer requirements of a
generation which demands more of popular
philological knowledge than any generation
that the world has ever contained.
It is perhaps needless to add that we refer
to the dictionary in our judicial work as of
the highest authority in accuracy of definition; and that in the future as in the past it
will be the source of constant reference.
