LOST---\$5,000.00

There appeared on the streets of Rock Hill the other day, a most pitiful sight. It was a man about 65 years old, who was an object of charity. For forty-five years this man had made a good living and could have easily saved out of his income from five to ten dollars per month. Now he is unable to work. Had this man, during his earning period, only put in a good, safe Bank the small sum of \$3.00 a month, compounded at 1 per cent., he would have had at this time \$5,000 in CASH-an amount which would have enabled him to live the balance of his days in ease and comfort. Are You looking forward to the time when YOU WILL BE OLD AND UNABLE TO EARN YOUR OWN LIVING? Are you laying aside each month SOME PART OF YOUR EARNINGS?
