To depend on your own individuality and not on the charitable advice of others. Ninety-five per cent of all the men who engage in business fail. Those who stumble along in a happy-go-lucky way never can hope to be the successful ones. Get busy and invest; also get your broker to aid you by experience and printer's ink. Three-room house. One five-room house. Two fine residence lots. One nice six-room cottage. A fair bargain of 100 acres. One splendid seven-room house. Several lots near Graded School. IT MAKES NO DIFFERENCE

It makes no difference to the property owner who is not so unfortunate as to have a fire whether the company in which he is insured is safe, sound and liberal or whether it is not. His policy is properly written, except that he would save money by keeping the premiums he is paying an irresponsible weak company, in his pocket. EVERY WISE BUSINESS MAN insures his property and insures it in the best and most liberal company in which he is insured in safe, sound and liberal or whether it is not. His policy is properly written, except that he would save money by keeping the premiums he is paying an irresponsible weak company, in his pocket. SAM M. GRIST.
