There is a warm fight going on in Union county over the question of voting out of the county. The many interesting contributions that have been made to the Union Progress, we find the following from the venerable president of the county.

It was my privilege during the last summer to attend the state reunion of Confederate soldiers. At that meeting there were registered nineteen hundred and eighty Confederates present and more that were not registered.

The members of the church, if true to their vows, could drive the liquor traffic out of the county. I am a minister who had in his church a deacon who was in the habit of indulging in liquor.

The new move in the dispensary case will be a source of not a little satisfaction to all who are anxious for a quick conclusion of the present annoying controversy.
